

Send a letter or postcard to family and friends. Tell them about what you have been doing whilst in isolation.	Create your own obstacle course. Can you decrease your time each time you complete it?	Write your own autobiography. Try and include information from each year of your life so far.
Research some tongue twisters and practice saying them. Can the people in your house do them too?	Solve a crossword or word search puzzle. If there are words that you don't know, look them up.	Create a secret code and write a message for your family to solve.
Design your own board game. Can you include some maths in it?	Research an artist and then have a go at creating some art inspired by their ideas.	Make your own set of Top Trump cards – they could be based on any subject that you like!
Complete 2 tasks from your reading journal.	Do some stargazing. Research the constellations you see (link to text: Who Let the Gods Out?)	Write your own script to an advert that could explain the importance of lockdown to younger children.

YEAR 6 WEEKLY HOME LEARNING – W/C 20.04.20

Have a go at as many of the tasks as you can. You can choose which ones you do each day.

A book I recommend... Ghost Boys by Jewell Parker Rhodes

Focus spelling words for this week:

- determined
- develop
- dictionary
- disastrous
- embarrass
- environment
- equip

Supermovers <https://www.bbc.co.uk/teach/supermovers/ks2-collection/zr4ky9q>

Keep logging on to Mathletics and Times Tables Rock Stars to practise your arithmetic. It is fantastic to see what you are all getting up to on Twitter. Remember to use @MrLawrenceRSW and @MrsStubbs_RSW
