## Agenda

### *Student Engagement*

Thank you all for the quick turn-around on technology parent contacts

### *Parent Contacts*

We've requested Brenda to help with Spanish parent contacts - Ewing to review and get back to us

Document how many times we're reaching out to unengaged students and parents so we can

### *Tech Distribution*

TOMORROW morning -

district is focusing on IGCs (top priority)

EOC classes are 2nd priority

Principals are calling EOC courses

Ensure kids are doing their credit recovery; stay on kids who look like they may not pass for 2nd semester

### *EOC Courses*

Make contact with parents especially kids who may not pass

Hernandez and Acevedo to stay on these kids in particular

They are 2nd priority for distribution

### *Celebrations*

Friday check in went well; it's just a lot of kids at the same time.

Modified IGCs - even students from several years back can complete the work and graduate as long as they were course -complete

### *Admin/ECHS Updates*

We're working on recruitment - we currently have 122! Yay!

We're now working on getting the paperwork completed or at least accessible to parents.

### *Needs and Concerns*

Not many EHCS kids are reaching out to counselors.

Hernandez is working on DC Theatre and then will look at Cohort 2 students.

Hernandez needs to meet with Varrassi about DC next year's master schedule.

Team meetings

15 minute increments

Same link

Led by Team leaders?

Goal is to keep them connected with us

Team Leaders to set up meetings and send link to Cash and Acevedo

DC Progress Reports - Miller's team said they didn't need to do them. Main concern is getting in touch with students. Miller hasn't completed any training

Send questions to Hernandez as we are meeting with the DC Coordinator tomorrow

Attendance Failures - Alexander said it's too late for those students to make up attendance failures for first semester. They'll have to be rescheduled to get those courses next year

CCMR - ASE accreditation for Auto Tech - HahnI requesting that they take the test next year/semester - has submitted this request to Varrassi.
