Earn College Credit in High School!
Medical Core class is articulated with:

- Santa Ana College
- Coastline Community College

Projections for Patient Care careers including nursing, patient representatives, home health aides, nursing assistants and medical assistants are growing faster than average. Many positions in the medical field have a bright outlook and have a projected growth of 11% or higher annually through 2028. Certification or licensure is needed for most medical jobs and may require an associate, bachelor's or master's degree depending on the type of position you are seeking. * Updated 4/20 www.onet.org

Orange Unified School District is committed to providing equal opportunities for all students in all academic programs and school activities. We do not discriminate on the basis of race, color, national origin, sex, religion or disability.
