Phone: 805-742-3170 • Fax: 805-737-1707

Dear Parent or Guardian,

Pursuant to the Healthy Schools Act of 2000, the district is required to notify all staff, parents, or guardians of students with annual written notification of expected pesticide use on school sites. The notification may be found in the Annual Notification to Parents in each student’s First Day information packet as well as on the district website under Departments/Business Services/Maintenance & Operations or <http://www.lusd.org/Page/108>.

If you wish to receive notification of individual pesticide applications at a school site, please complete the attached registration form and mail to P.O. Box listed above. (The form may also be submitted online at www.lusd.org) Those listed on this registry will be notified at least 72 hours before pesticides are applied. In the event of an emergency condition (such as bees or yellow-jackets) requiring immediate action, the notification requirements can be waived. A warning sign will be immediately posted upon application and shall remain posted for 72 hours after the application. Every effort to provide the required notification for the application of a pesticide will be made.

For specific questions regarding the District’s IPM policy, please contact: Doug Sorum, Maintenance and Operations Manager, sorum.douglas@lusd.org, 805-742-3170.
