## Speech and Language Activities For The Week:

- \*Your child can work on 'yes/no' questions by looking around the house and answering if the object can be recycled or not.
- \*Students can write a list of items that can be recycled with their target sounds. Say each word 5 times.
- \*Have your child sort (aka categorizing in the SLP world ) items into recyclable or non-recyclable piles.
- \* Your child can practice concepts like 'in', by putting the correct items "in" the recycling bin. Have them use their correct speech sound 5 times before placing the item in the bin.
- \*Students can work on their describing, by talking about the Earth and its many wonderful features. As they talk, praise good speech sound production.
- \*They can work on WH questions by listening to a story about Earth Day and answering questions about the book.

If you would like printed copies of these  
materials, please contact your child's  
speech therapist.
