# CORNUCOPIA OF Nouns

Thanks for your purchase!

Copy in color or black and white.

Have students...

- \* glue concrete nouns on one cornucopia and abstract on the other
- \* sort the cards at a center, using the answer key to check their work
- \* copy one set for each group or pair (this is how I used this) and have the team "race" to be the first to correctly sort out their noun cards!

Legal Biz...

I made this. Please don't share in any format... no posting online or sharing with others!
