Reindeer Race

Thanks for your purchase!

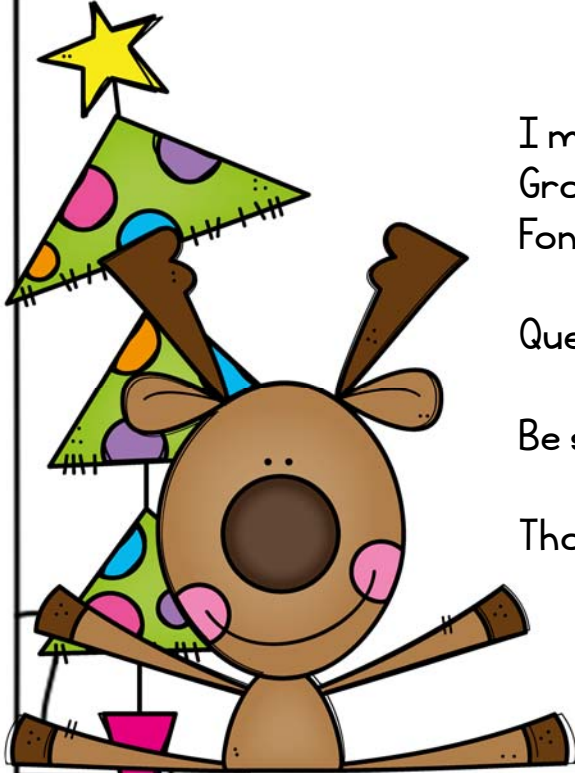

Print in color or black and white.

Students need a playing piece, game board to share, and a set of cards.

Students choose a card. Identify the verb and the tense.

Partners check each other and move ahead when correct!

You can use the recording sheet on page 12 with the cards to make this pack an independent center or hang the cards in the classroom and have students use the recording sheet to turn these cards into a fun hunt!
