

CONTRACTION

POUNCE!

A low-prep
contraction
partner or
small group
game

Thanks for your purchase!

Just print a "Contraction Pounce!" game board for each student in the group or pair and an answer key. Students take turns rolling 3 dice, adding up the sum, and identifying contractions or words making up contractions. When correct, students color in that spot on the game board, trying to be the first to collect all six CAT spaces! A recording sheet is included for accountability. If students roll a sum after it is already colored, their turn ends.

Print in black and white or print in color and laminate. Students can use dry erase markers to color in spaces. This would make a great center!

Roll 3 dice. Add up the sum of the numbers on the dice. Tell the two words that make up the contraction for odd numbered spaces and the contraction formed by the words on even numbered spaces. Your partner will check your answer. If you're right, color in the space. The winner is the first one to capture all six cats!
