Hello and welcome to Hebron! My name is Mrs. Marchetti and I'm the Director of Student Success at Hebron Academy. In this role I work to ensure that all students are optimally supported, be it academically, socially, emotionally, and even medically. Much of my work is behind the scenes, supporting you through faculty and staff, but my greatest joy comes from the opportunities I get to interact and engage with students! So, please feel free to stop by my office in the Stanley Admissions Building at any time....my door is almost always open! And, if I'm not in my office or in Allen House, where I live with my husband, Mr. Marchetti, our two children, Lila and Oliver, and our fun loving (wild!) dog, Frida, I'm probably outside...on a run, hike, ski, etc. That being said, I LOVE to share in these activities with others and would welcome the company, so consider this an open invite to join me anytime!

Hello and welcome to Hebron! My name is Mr. Barr and I'm the Director of College Counseling here at Hebron Academy. I have been fortunate to have worked on both sides of the desk, in high school college counseling as well as college admissions, for the past 14+ years. I am excited to be home in New England working with students and parents throughout the college process at a place like Hebron that prides itself on the strength of it's community. At the core of every successful college counseling office is the ability to build, maintain, and thrive on the relationships that are built with students, parents, and college admissions officers. Our office emphasizes trust, accessibility and open lines of communication as all three college counselors live right on-campus ensuring we are readily available to form strong relationships and really get to know the students we work with. My team ensures each student's college process focuses on the personalized and individualized college counseling approach with the hallmark of "match matters most" when helping students navigate the college process.
