

# Kindergarten Parent Connection

We wanted to let you know about a new partnership between our Kindergarten team at Tiffany Park and the Kindergarten teachers at our neighboring school, Renton Park. We've been collaborating over the last 2 weeks and are hoping that in doing so, we can provide you with more content to support your learning efforts at home. The literacy lessons will likely look different this week than last week and we hope that they are easier for your child to use without as much support from you. Be sure to also connect with your teacher about how to get your student logged on with SeeSaw (Crawford, Hall, Scheibel) or Class Dojo (Lemke) as we hope to start sending more activities and videos through these online apps.

## Daily Routines

Please continue with the daily routines from last week. We hope that you will provide time for your child to read independently each day, using either printed or online books at their level. There are also some shared reading videos included this week that you can access. In math, we have included a daily warm-up activity and hope you can also include work on Dreambox at least 3 times per week.

## Literacy

Monday 4/27- Setting up a Home Reading Spot & Word Parts  
Tuesday 4/28- Avid Readers Can't Stop Reading & Writers Use Tools  
Wednesday 4/29- Writing: When You're Done & Adding Letters to Word Parts  
Thursday 4/30- Avid Readers Pay Attention  
Friday 5/1- Making Writing Easy to Read & Sight Word Review

## Math

Monday 4/27- Counting Collection  
Tuesday 4/28- Beat You to 5 or 10  
Wednesday 4/29- 3-D Shape Hunt  
Thursday 4/30- Target 5 or 10  
Friday 5/1- Daily Activity and Dreambox

## Science/Social Studies

Monday 4/27- Second Step Review  
Tuesday 4/28- Signs of Spring  
Wednesday 4/29- Social Studies: My Neighborhood  
Thursday 4/30- Unexpected Plants  
Friday 5/1- Let's Find Out Magazine

# Hello Kindergarteners!

This week in Reading you will learn what it means to be an Avid Reader at home! In Writing, get your materials and use all that you learned at school to begin new writing projects. In Phonics you will practice your snap words and will use word-part power. In Math you will practice counting to 100, will count another collection, go on a 3D shape hunt and play two new math games. In Science you will observe nature to find signs of spring and will look for plants in unexpected places. In Social Studies you will think about your neighborhood then draw and write about it. You will also practice identifying feelings in your body with Second Step.

Remember to be an Avid Reader!
