

2nd Grade ELA Activities April 27-May 1

This week, we are working on the reading and writing habits we've learned this year. We'll talk about how those might look different at home versus at school. When we have good habits, we can get started quickly, stay focused, and get more done! In phonics, we are reviewing consonant blends and digraphs.

On days where there is not a reading or writing lesson, we've suggested an amount of independent practice time that would be appropriate for most 2nd graders. Please adjust these to your child's learning needs.
