

SCIENCE/SOCIAL STUDIES PLANNER FOR APRIL 27- MAY 1

Monday	Tuesday	Wednesday	Thursday	Friday
<p>SCIENCE:</p> <p>Watch interactive video: Habitat - Animals</p> <p>Watch the 3 minute video about a pond habitat: Pond Habitat</p>	<p>SCIENCE:</p> <p>Watch interactive video: Habitat - Plants</p>	<p>SCIENCE:</p> <p>Watch video: Compare Two Habitats</p> <p>Complete box & T-chart</p>	<p>SOCIAL STUDIES:</p> <p>Watch interactive video: Map Skills and Practice</p>	<p>SOCIAL STUDIES:</p> <p>Create your own map. See page below for directions.</p>

Draw a MAP of your neighborhood or community. You may want to include places people: **live**, **work**, **learn**, and **play**. You may also consider adding the **habitat** you explored (see Wednesday's activity).

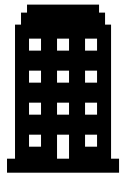

Instead of labeling each thing on your map, try using a map legend like this:

house

playground

apartment

store

Don't forget street names! Share your map with someone, like your teacher or a family member.
