

April 24, 2020 Update

Dear FLHS families,

A few quick announcements this week.

For our athletes, the CIAC has announced how it will be approaching spring sports. [See their announcement here.](#) Also, the NCAA has made determinations of how they will be handling their eligibility certification process in response to Covid-19 and the impact on spring and summer seasons. [You can see their response here.](#)

Please be reminded that while our daily rotation has been the same up to this point, starting next Tuesday, we will start to stray from the original published calendar. [You can see the new rotation calendar here.](#) Next Friday, 5/1 is a catch-up day for students with no classes and a professional development day for teachers.

The Caelum Yearbook staff is offering a delivery option to Grade 9, 10, and 11<sup>th</sup> graders who ordered a yearbook. The fee is \$10.00. Please complete the [Underclassmen Yearbook Delivery Order Form](#) if you would like this option. You must request delivery by April 30. If you do not order delivery, the yearbooks will be distributed when we return. THIS DOES NOT APPLY TO SENIORS.

Finally, I would like to wish Ramadan Kareem to all our Muslim families. We know our students will be facing additional responsibilities during fasting and devotional time, and we have made our teachers aware. As was the case for Easter and Passover, we also know Muslim families will be missing the time spent with your extended families as you break fast.

Also, so everyone has access, each of my communications will be listed on the Headmaster page on our school website. <https://flhs.fairfieldschools.org/school-information/principal>

Best wishes to all,  
Greg Hatzis
