To Novi Community School District Parents and Community Members:

Our update will be brief today.

Many are asking about Summer CARE and Summer School. Right now, we are planning on having both programs.

However, much will depend on what will be allowed. The Governor appears to be easing some restrictions and has signaled that she will continue to ease them cautiously as we move forward. If that is the case, it is hoped that this will allow our summer programs to continue.

But, at this point, all we can say for certain is that we are planning on running those programs unless we hear we cannot.

Wednesday will be our second technology device distribution day. Those who responded to our survey received information on how to pick up the devices yesterday afternoon.

Continue your good work with your children and our students. We are navigating through this difficult time well. All of us in the district appreciate all the support that you have given to your children and to us.

Gratefully and Appreciatively,
Steve M. Matthews, Ed.D.
Superintendent
Novi Community School District

Students who are passionate, empowered, and prepared for their world and their future.

Dr. Steve M. Matthews, Superintendent of Schools • steven.matthews@novik12.org
