**TITLE: PURCHASING POLICY MANUAL
POLICY NO.: P-01**

DEFINITIONS:

Purchasing: Identification and recognition of the needs for goods and services in all parts of the organization and the assurance of satisfaction of those needs at the lowest possible cost consistent with the best quality of goods required.

Policies: Policies, as referred to in this manual, are of two types: (1) Purchasing Policies, are decisions made by the purchasing department for the purpose of giving information and direction. Policies establish basic philosophies and climate and determine the major values upon which the purchasing function must operate. (2) RCSD Policies are the policies set by the Rankin County Board of Education.

Procedures: Procedures are the prescribed means of accomplishing policy. The intent is to provide district personnel with the guidelines and, where appropriate, the specific action sequences to ensure uniformity, compliance, and control of all policy-related activities.

OBJECTIVES:

Purchasing Objectives: The overall goal is to maintain, at all times and under all conditions, a continuous supply of goods and services necessary to support all phases of the district. Purchasing gives prime consideration to the district's interests while seeking to maintain and further long-term, mutually beneficial, and ethical supplier relationships. Some segments of this responsibility are:

- A. **ENSURE** the uninterrupted flow of supplies and services by obtaining and ensuring delivery of acceptable quality of goods and services, at the right time and price.
- B. **DEVELOP** reliable alternate sources of supply to meet district requirements.
- C. **TREAT** all prices and technical information submitted by suppliers as confidential in order to preserve a good business reputation and obtain competitive prices.
- D. **COMPLY** in all respects with the Purchasing Laws and with all other applicable laws without qualification or evasion.
- E. **PURCHASE** materials and services for the district's use at the maximum end-use value per dollar spent.
- F. **RESOLVE** complaints on all purchased goods and services.
- G. **PROVIDE** management of inventories of purchased goods so as to meet the use requirements of the district/school at the lowest possible cost.

TITLE: PURCHASING POLICY
POLICY NO.: P-02

PURPOSE: The primary responsibility is to provide for the purchase of materials, supplies, and services with the objective that they will be available at the proper time, in the proper place, and in the quantity, quality, and price consistent with the needs of the district/school. This balancing of several factors is critical.

To achieve this overall objective, all employees must adhere to the responsibilities, authorities, and controls set forth in this policy and related policies and procedures.

RESPONSIBILITIES:

- A. Only those persons delegated by the Rankin County Board of Education or the Principal are authorized to commit the district/school for materials, equipment, supplies, and services.
- B. The Director of Purchasing has the responsibility for obligating the district and for making the final determination of source of supply, quantities purchased, delivery schedule, and price negotiations except where others are so authorized. These decisions will be made in conjunction with the Finance department and other departments as appropriate.
- C. All negotiations are to be handled by the appropriate purchasing personnel within their delegated authority.
- D. When sales representatives make personal sales calls, they are to be directed to call on the appropriate individual at that location.
- E. All employees involved in purchasing activities will work to maintain and enhance the district's image by their personal conduct and methods of doing business.
- F. All employees engaged in purchasing activities will recognize and practice good public relations by giving all callers and visitors courteous treatment.
- G. Vendor selection and products purchased are to meet the basic policies and standard practices of the district.
- H. Purchasing personnel are to seek to obtain and purchase all goods at the lowest possible cost considering the guidelines of price, service, quality, and delivery.
- I. The Director of Purchasing is to assume full authority to question quality and kind of material requested in order that the best interests of the district may be served.
- J. Purchasing personnel are to inform departments and/or individuals whenever the quantity or specification of materials ordered are inconsistent with sound purchasing practices.
- K. Purchasing personnel will work to establish and encourage punctual delivery of specified goods and services in correct quantities.
- L. Purchasing personnel will negotiate the return of rejected equipment or supplies to vendors.

TITLE: PURCHASING PROCEDURES
POLICY NO.: P-03

PURPOSE: The purpose of this policy is to provide guidance to employees engaged in any aspect of the purchasing function.

GENERAL REQUIREMENTS:

- A. **A purchase order number is required** before making any and all purchases with district funds or activity funds.

The only exception is in the case of an emergency. See Policy P-09 Emergency Purchases.

- B. **ORDERS UP TO \$5,000.00:** Miss. Code, Section 31-7-13 (a)

1. Orders up to \$5,000.00 should be made in a prudent manner consistent with the purchasing policies in this manual.
2. A verbal and/or written price comparison should be made on expenditures that are expected to be \$5,000.00 or less when buying unfamiliar materials.
3. This amount is exclusive of freight or shipping charges.
4. Any procurement exceeding the amount established by MS Code Section 31-7-13 (a) shall be made in accordance with the provision of Section 31-7-13 (b). However, purchases shall not be divided so as to constitute a purchase under Section 31-7-13 (a).

- C. **ORDERS \$5,000.01 TO \$50,000.00:** Miss. Code, Section 31-7-13 (b)

To purchase item(s) in this price range one of the following conditions must be met:

1. Written Quotes
2. Formal Bids
3. Single Source Item Number
4. State Contract Number
5. EPL from ITS (computer purchases)
6. Exempt from purchasing law

Schools/departments are responsible for obtaining price quotes on commodities and equipment that are expected to exceed \$5,000.00 but not over \$50,000.00. Schools/departments are encouraged to obtain price quotes on services.

1. Two (2) written price quotes will be required for all orders which exceed \$5,000.00 but are not over \$50,000.00. These quotes must be on the vendor's letterhead or vendor's standard quote form and must be signed by the vendor. Bids supplied by email shall not require the signature of the vendor's representative.
2. Quotes will be solicited only from vendors whom the school/department knows are qualified to submit quotes on the item(s) requested.
3. At no time before the quote process is completed should the school/department reveal a vendor's quoted price to another vendor.
4. It is a good practice to notify unsuccessful vendors that the quotations have been closed and awarded.
5. **At no time should a school/department allow a vendor to suggest and/or solicit other quotes in addition to the one they are providing.**
6. Price quotes shall be attached to the requisition when submitted in the purchasing system. "AS PER ATTACHED QUOTES" should be noted on the requisition.
7. Miss. Code, Section 31-7-13 (o) indicates that it is unlawful to split purchases so as to circumvent the requirements for obtaining written quotes. "Splitting purchase orders" is knowingly and willingly issuing multiple purchase orders so as to avoid the bidding process. The determination of a split

purchase order can be evaluated based upon the "knowledge and intent rule." If someone has knowledge of a purchase in excess of \$5,000.00 and knowingly breaks the purchase into orders of less than \$5,000.00, this would be considered splitting purchase orders.

D. ORDERS WHICH EXCEED \$50,000.00: Miss. Code, Section 31-7-13 (c)

Commodities and equipment costing over \$50,000.00 must be formally bid using the following steps:

1. Decide on the particular item(s).
2. Describe purpose for the purchase.
3. Estimate the cost of the item(s).
4. Verify that funds are sufficient for the purchase.
5. Prepare detailed specifications on the item(s).
6. Submit documentation to the Director of Purchasing for review.
7. An Agenda Request will be submitted by the Director of Purchasing to the Board of Education requesting the item(s) be placed for formal bid.
8. A bid number will be assigned to the item(s). The bid number must be referenced on any requisition relating to the item(s) on the bid.

TITLE: PURCHASING PROCEDURES FOR FEDERAL FUNDS
POLICY NO.: P-04

PURPOSE: The purpose of this policy is to provide guidance to employees engaged in any aspect of the purchasing function concerning federal funds and to comply with Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

GENERAL REQUIREMENTS:

- A. **A purchase order number is required** before making any and all purchases with federal funds.

The only exception is in the case of an emergency. See Policy P-09 Emergency Purchases.

ORDERS \$0 TO \$50,000.00 FOR COMMODITIES AND EQUIPMENT as limited by Miss. Code, Section 31-7-13 (b).

Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the Simplified Acquisition Threshold. If small purchase procedures are used, price or rate quotations must be obtained from an adequate number of qualified sources. The exception to this would be the use of Purchasing Agreements, contracts and maximum price regulations executed or approved by the Department of Finance & Administration. (MS State Contracts)

- C. **ORDERS \$10,000.01 TO \$250,000.00 FOR SERVICES** CFR 200.320

- D. **ORDERS OVER \$250,000.00 FOR SERVICES** CFR 200.320

ORDERS OVER \$50,000.00 FOR COMMODITIES AND EQUIPMENT as limited by Miss. Code, Section 31-7-13 (c)

Procurement by sealed bids (formal advertising). Bids are publicly solicited and a firm fixed price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price.

TITLE: PURCHASING FORMS
POLICY NO.: P-05

PURPOSE: To provide some familiarization with approved forms to all purchasing personnel.

GENERAL: Printed and electronic forms and documents serve important business functions. Their correct use assures maximum clarity in communications and provides legal protection for all parties.

All purchasing personnel are responsible for being familiar with the standard forms. Questions concerning forms should be addressed to the Director of Purchasing.

PURCHASE ORDER PROCEDURE:

- A. It is the responsibility of each school/department bookkeeper to key in requisitions.
- B. Requisitions must be approved electronically by the applicable Principal/Director.
- C. If a requisition contains more than five (5) items, a list may be attached to the requisition instead of keying all the information. If you choose to attach a list, "AS PER ATTACHED LIST" should be noted on the requisition.
- D. If a purchase requires quotes (see P-03 C), the quotes must be attached in the purchasing system.
- E. For computer purchases from an ITS (Information Technology Services) contract, the EPL (Express Products List) sheet must be attached in the purchasing system.

- H. In the case of an emergency, it shall be keyed on the requisition that approval was made by the Director of Purchasing.
- I. Requisitions submitted to the Accounting Department by 10:00 a.m. each day will result in a purchase order being printed by 2:00 p.m.
- J. A purchase order must be received before any order is placed. Use only the purchase order number to place an order.
- K. After the merchandise is received or service completed, the purchase order is to be checked against the invoice. Fill in the invoice amount, number, and date.
- L. Check the remittance address on the invoice against the vendor address. If they are different, change the address on the purchase order.
- M. After completing the purchase order, the Principal/Director signs the pink purchase order.

- Q. If the purchase is for commodities or supplies, the amount cannot exceed the limits set forth in policy number P-03. If this happens, item(s) must be returned in order to bring the purchase into compliance.

TITLE: SINGLE SOURCE ITEMS
POLICY NO.: P-06

PURPOSE: To provide policy concerning the certification and purchase of single source item(s).

GENERAL: Single source items are defined in Miss. Code Section 31-7-13 (viii). Single source procurement is not permissible unless said item(s) are available from only a single supplier. A requirement for a particular proprietary item does not justify a single source purchase if there is more than one potential vendor for that item. Circumstances which could necessitate a single source purchase include:

- A. Where the compatibility of equipment, accessories or replacement parts is the paramount consideration and the manufacturer is the sole supplier.
- B. Where a sole supplier's item is to be required when no other item will serve the need of the school and or department.
- C. Where sole supplier's item is copyrighted and available only from the publisher.

When considering a single source purchase, the following questions should be answered:

- 1. Do other companies make similar commodities that will do the same job or meet the same goals?
- 2. How is this item unique from all others?
- 3. What can this item do that others can't?
- 4. Is there a copyright or patent on this commodity?
- 5. Is this item available from other distributors?

The Director of Purchasing shall make the determination as to whether or not a request for a single source designation is submitted to the Board of Education.

In order for an item to be declared single source by the Board of Education the following conditions must be met:

- A. The single source request form must be completed and submitted to the Director of Purchasing for approval.
- B. A Single Source Vendor Letter must also be submitted. The letter must state that the item(s) are only available from them and no other source. The letter must be signed by the vendor.
- C. If approved, the Director of Purchasing will file a board agenda request on behalf of the School/Department.
- D. Upon approval by the Board, the item(s) will be issued a Single Source Item Number for that fiscal year. When a requisition for the item(s) is submitted, that number must be referenced as follows:
"AS PER SINGLE SOURCE NO. XX-XX"
- E. All single source item(s) must be submitted for approval for each fiscal year.

TITLE: STATE CONTRACTS
POLICY NO.: P-07

PURPOSE: To provide policy concerning the purchase of items from competitive bid and negotiated state contracts.

GENERAL: State Contract purchases, Miss. Code Section 31-7-12 and 25-53-5.

1. State Contracts for commodities are available online at the Department of Finance and Administration's Office of Purchasing, Travel and Fleet Management (OPTFM).
2. A link is provided on the district's web page under the Accounting tab.
3. Purchases made utilizing a State Contract are not limited by a dollar amount unless otherwise stated in the contract.
4. On the purchase order, list the state contract number from the OPTFM website.

4. On the purchase order, list the EPL number from the ITS website.

TITLE: LEASE/RENTAL PURCHASES
POLICY NO.: P-08

PURPOSE: To provide policy concerning the leasing or renting of items.

GENERAL: Rental, Lease and Lease Purchase agreements, Miss. Code Sections 31-7-10 and 31-7-13 (e).

- A. The Director of Purchasing shall have approval authority over all rental, lease or lease-purchase contracts of any kind. All contracts concerning rentals, leases or lease-purchases shall be submitted to the Director of Purchasing along with a board agenda request form. If approved, the Director of Purchasing, will submit the agenda item to the Board of Education. Upon approval by the Board of Education, the contract shall be returned to the school/department for execution.
Board approval is required prior to any contract being signed.
- B. No school/department shall enter into any lease-purchase contract except as is provided for in Miss. Code Sections 31-7-10 and 31-7-13 (e).
- C. It shall be unlawful for any school/department to enter into any single lease-purchase transaction for any items having an acquisition cost of less than \$10,000.
- D. The maximum annual rate of interest that can be paid on any financing project is 11% annually as per Miss. Code Section 31-7-13 (e) and Miss. Code Section 75-17-101. The term of such lease-purchase agreement shall not exceed the useful life of equipment covered in the guidelines established by the Internal Revenue Service.
- E. A "funding-out" clause must be included in all such agreements. This should state that if the school/department is not funded for the item on lease/rental for the next fiscal year that the lease/rental agreement shall end on June 30th and the school/department shall have no further obligation and the vendor can reclaim their equipment. The following is an example of how the clause should read: "It is hereby agreed upon by both the lessor and the lessee that the continuance of this agreement past June 30 of any calendar year shall be based upon availability of funds. Should there be no funds available for the succeeding fiscal year, the contract shall be canceled as of June 30, with no further obligation on the part of the lessee and the property covered by the lease shall be returned to the lessor. Provided, however, that all payments due for the period prior to the June 30 cancellation date shall be paid in full."

TITLE: EMERGENCY PURCHASES
POLICY NO.: P-09

PURPOSE: To provide policy concerning emergency purchases of supplies and/or services.

GENERAL: Emergency purchases of supplies and/or services, Miss. Code Sections 31-7-1 and 31-7-13 (k).

- A. If the governing authority, or the governing authority acting through its designee, shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the governing authority, then the provisions herein for competitive bidding shall not apply and any officer or agent of such governing authority having general or special authority therefore in making such purchase or repair shall approve the bill presented therefore, and he shall certify in writing thereon from whom such purchase was made, or with whom such a repair contract was made. At the board meeting next following the emergency purchase or repair contract, documentation of the purchase or repair contract, including a description of the commodity purchased, the price thereof and the nature of the emergency shall be presented to the board and shall be placed on the minutes of the board of such governing authority.
- B. Notwithstanding any other provision of this policy, the Superintendent or his/her designee may make or authorize others to make emergency purchases under emergency conditions as defined in Section 31-7-1 (f) Miss. Code 1972, annotated; provided, that such emergency purchase shall be made with such competition as is practical under the circumstances. A written determination of the basis for the emergency and for the selection of the particular vendor shall be included with the purchase order and shall be submitted to the Board of Education at its next scheduled meeting.
- C. The provisions of this policy apply to every procurement made under emergency conditions that will not permit other source selection methods to be used.
- D. The term "emergency" shall mean any circumstances caused by fire, flood, explosion, storm, earthquake, epidemic, riot, or caused by any inherent defect due to defective construction, or when the immediate preservation of order or safety is necessary by reason of unforeseen emergency, or when the restoration of a condition of usefulness of any building, equipment, road; or when the delay incident to obtaining competitive bids would cause adverse impact upon the students or employees.

This information is to be reviewed at the appropriate level for a decision on whether a conflict of interest is present and, if so, what course of action is to be taken. A conflict of interest exists where an employee:

- A. Has an outside interest that materially encroaches on time or attention, which should be devoted to the affairs of the district.

**TITLE: TRAVEL
POLICY NO.: P-15**

PURPOSE: To provide policy concerning requirements and procedures for reimbursement of travel expenses.

GENERAL: District personnel and officials who incur expenses in carrying out their authorized duties will be reimbursed upon submission of a properly completed and approved voucher and such supporting receipts as may be required by the District. Such expenses may be incurred and approved in line with budgetary allocations for specific types of expenses. Expenses for travel will be reimbursed when the travel has the advance authorization of the employee's immediate supervisor. Authorization may be granted without prior Board action when the travel expense has been anticipated and incorporated into the operational budget of the particular program involved. Persons who travel at district expense will exercise the same economy as a prudent person traveling on personal business and will differentiate between expenditures for business and those for personal convenience.

GUIDELINES:

- A. All travel must have prior approval from immediate supervisor.
- B. One employee shall not claim expenses for another employee.
- C. The Superintendent must approve all out-of-state travel and/or travel advances including those funded through Activity Funds.
- D. Travel should have a positive benefit and further the mission of the district.
- E. For overnight travel, a conference agenda is required to be submitted with the Travel Reimbursement Voucher.

Reimbursement for specific types of travel will be made in accordance with the following guidelines:

- A. **TRANSPORTATION:**
All modes of transportation are authorized, consistent with the requirements of the assignment and the efficient and economic conduct of official business. Travel will be by the most direct route.
- B. **TRAVEL ADVANCE:**
 - 1. Travel advances WILL NOT be given for in-state travel.
 - 2. Travel advance requests must be submitted to the employee's immediate supervisor in a timely manner to allow for payment in advance of the travel. A minimum of thirty (30) days in advance of the requested travel is suggested. The immediate supervisor and the Superintendent must approve travel advances. After obtaining appropriate approval, travel advances should be submitted to the Director of Purchasing.
 - 3. Travel advance requests must include the destination, how it will benefit the district, an estimate of the expense for lodging and meals, and the mode of travel.
 - 4. Funds used for a travel advance must come from a fund that may legally make expenditures for the purpose of official travel. The budget of the fund making the travel advance must have an unencumbered balance sufficient to support the related travel expenditures.
 - 5. Travel advances must be used for travel related purposes. This money may not be used for personal expenses or for any purpose other than the actual expense of authorized travel.
 - 6. **TRAVEL REIMBURSEMENT VOUCHER MUST BE** completed and the travel advance settled within fifteen (15) days upon return. This is to be done whether the employee's expenses were more than the advance, less than the advance, or the same as the advance.

C. TRAVEL BY AUTOMOBILE:

1. Reimbursement for the use of a personal automobile or other private motor vehicle for official district use will be reimbursed at the same rate as state employees. If the state rate includes a ½ cent then the district rate shall be ½ cent less. The current mileage reimbursement rate can be found at the Department of Finance and Administration (DFA) Office of Purchasing, Travel, and Fleet Management (OPTFM)'s website.
2. For out-of-state trips, when an employee travels by automobile, the total cost of driving should be less than the total cost of flying at the lowest unrestricted airfare. An exception will be made if the employee's direct supervisor determines, in writing, that it is in the best interest of the district that the employee travel by automobile.
3. All mileage claimed on the Travel Reimbursement Voucher should be rounded to the nearest whole number for each trip.
4. When travel is made within the district, the mileage chart in Appendix B will be used to determine mileage. If the destination is not listed on the chart, actual mileage traveled should be listed on the reimbursement form.

D. RENTAL CARS:

1. When a rental car for district business is less expensive than the district mileage reimbursement rate of a personal automobile, only the actual cost of the rental car can be claimed for reimbursement. The district shall require employees to show the comparison of the total rental car expense to the total mileage expense. Reimbursement for the lesser of the two expenses shall be shown on the travel reimbursement form.
2. Reimbursement for gasoline for rental cars will only be made when receipts are attached to the travel reimbursement form showing dates that coincide with the car rental dates.
3. A midsize rental car is normally the largest rental car that will be reimbursed. A statement from the employee signed by the employee's immediate supervisor explaining why a larger vehicle was required must accompany any reimbursement form.
4. Charges for rental cars shall be allowed only when there is a demonstrated cost savings, including compensated employee time, over other modes of transportation such as buses, subway, and taxis, and not for the convenience of the employee.
5. The district WILL NOT reimburse for rental cars obtained for personal use while on official district business.
6. The State Contract for vehicle rentals should be used for all vehicle rentals. State Contract prices can be found at the DFA Office of Purchasing, Travel, and Fleet Management's website.

E. MEAL REIMBURSEMENTS:

1. Alcoholic beverages are not reimbursable.
2. No meals shall be reimbursable unless overnight travel is involved.
3. Employees shall be reimbursed the actual cost of meals relating to official travel not to exceed the daily maximums for the specific location of assignment.
4. Receipts for meals are not required.
5. In-state and out-of-state per diem amounts are available online at the DFA Office of Purchasing, Travel, and Fleet Management's website.
6. Any convention, seminar, or similar event where the meeting includes a meal, those meals are excluded from the daily maximum.
7. Meal tips should be included in the actual meal expense unless the inclusion of the tips would cause the meal to exceed the maximum daily limitations placed on meals by DFA. If the daily maximum would be exceeded, then the employee is allowed to separate meal tips and record the total meal tips for each day under "Other Expenses" on the travel form. Total meal tips shall not exceed 20% of the maximum daily meal reimbursement claimed.

- F. LODGING:

 2. An itemized, zero-balance checkout receipt is required to be submitted with the Travel Reimbursement Voucher.
- G. MISCELLANEOUS ITEMS:
1. Receipts for "Other Expenses," including taxi fares and valet parking, must be attached to the Travel Reimbursement Voucher.
 2. Any miscellaneous items (supplies, food, water, soft drinks, books, software...etc.) shall be purchased with a district purchase order. If an emergency occurs, miscellaneous items may be claimed and reimbursed if a receipt is attached to the Travel Reimbursement Voucher.
 3. Charges for baggage at check-in will be reimbursed if a receipt is attached to the Travel Reimbursement Voucher.
 4. Hotel and airport parking will be reimbursed if a receipt is attached to the Travel Reimbursement Voucher.
 5. Reasonable tips for baggage handling, valet parking, shuttles, etc. will be allowed.
