

# Distance Learning Packet

## Week 4

Name: \_\_\_\_\_

(First and Last Name)

**SDC 4/5**

SDC 4/5

Teacher: Ms. Azam Grade: \_\_\_\_\_  
planner Planner

Week 5: May 18<sup>th</sup> – 22nd May 22nd

Weekly

Welcome to our Virtual Classroom!  
per day: 1-2 hours

Student Time Expectation

Daily Routine Practice and Rehearsal (In any order that fits your family's home routine) Times are approximate and will vary by student level.

- 20 min.- 30 min. Reading Independently (Reading aloud, being read to, or reading silently)
- 15-20 min. English Language Arts Practice.
- 10-20 Min. Math Review Practice
- 20 Min. P.E. (Refer to PE Packet) and/or Music (Refer to Music Sheet) – Please note: PE and Music are REQUIRED for our 4<sup>th</sup> and 5<sup>th</sup> Grade Students
- 10 Min.- 20 Min. Science (OPTIONAL)

Content Area	Learning Objectives	Assignments: Daily Routines + These Tasks (check boxes when completed and send this page to me via email each Friday)
Language Arts	<ul style="list-style-type: none"><li>• I can Complete Adjectives: Add the Noun</li><li>• I can Complete Adjectives: Which Noun does it describe</li><li>• I can Alphabet Collection: Noun</li></ul>	<p>***Parents can read the stories with you for assistance.</p> <ul style="list-style-type: none"><li>• Monday – Complete Adjectives : Add the Noun Worksheet</li></ul>

Name: \_\_\_\_\_

## Adjectives: Add the Noun

Adjectives describe something; usually it describes a noun. In each blank below, add a noun for each adjective to describe.

Example: large \_\_\_\_\_ house

1. beautiful \_\_\_\_\_

2. tall \_\_\_\_\_

3. dark \_\_\_\_\_

4. green \_\_\_\_\_

5. hot \_\_\_\_\_

6. purple \_\_\_\_\_

7. smooth \_\_\_\_\_

8. dirty \_\_\_\_\_

9. happy \_\_\_\_\_

10. wet \_\_\_\_\_

Name: \_\_\_\_\_

## Adjectives: Which Noun Does It Describe?

Adjectives are often used to describe a noun.

Example: The pretty bird sang. *Pretty* is an adjective that describes the bird.

In each sentence below an adjective is underlined. Circle the noun that is described by the adjective.

The pretty bird sang.

1. The brown horse ran fast.
2. He drank from a little cup.
3. The fire was hot.
4. The class read a funny story.
5. The apple is red.
6. The big black car went down the street.
7. I painted a small picture for my mother.
8. She wore a long yellow dress.

Name: \_\_\_\_\_

## Alphabet Collection: Nouns

Write a noun for each letter of the alphabet below.

- |             |             |
|-------------|-------------|
| 1. a _____  | 14. n _____ |
| 2. b _____  | 15. o _____ |
| 3. c _____  | 16. p _____ |
| 4. d _____  | 17. q _____ |
| 5. e _____  | 18. r _____ |
| 6. f _____  | 19. s _____ |
| 7. g _____  | 20. t _____ |
| 8. h _____  | 21. u _____ |
| 9. i _____  | 22. v _____ |
| 10. j _____ | 23. w _____ |
| 11. k _____ | 24. x _____ |
| 12. l _____ | 25. y _____ |
| 13. m _____ | 26. z _____ |

Name: \_\_\_\_\_

## Alphabet Collection: Adjectives

Write an adjective for each letter of the alphabet below.

- |             |             |
|-------------|-------------|
| 1. a _____  | 14. n _____ |
| 2. b _____  | 15. o _____ |
| 3. c _____  | 16. p _____ |
| 4. d _____  | 17. q _____ |
| 5. e _____  | 18. r _____ |
| 6. f _____  | 19. s _____ |
| 7. g _____  | 20. t _____ |
| 8. h _____  | 21. u _____ |
| 9. i _____  | 22. v _____ |
| 10. j _____ | 23. w _____ |
| 11. k _____ | 24. x _____ |
| 12. l _____ | 25. y _____ |
| 13. m _____ | 26. z _____ |

Name: \_\_\_\_\_

## Aesop: Put the Events in Order

Aesop was a Greek writer who wrote stories called fables. A fable is a story that gives a lesson at the end. Here is one of Aesop's fables.

### The Lion and the Mouse

A Lion lay asleep in the forest, his great head resting on his paws. A timid little Mouse came upon him unexpectedly, and in her fright and haste to get away, ran across the Lion's nose. Roused from his nap, the Lion laid his huge paw angrily on the tiny creature to kill her.

"Spare me!" begged the poor Mouse. "Please let me go and some day I will surely repay you."

The Lion was much amused to think that a Mouse could ever help him. But he was generous and finally let the Mouse go.

Some days later, while stalking his prey in the forest, the Lion was caught in the toils of a hunter's net. Unable to free himself, he filled the forest with his angry roaring. The Mouse knew the voice and quickly found the Lion struggling in the net. Running to one of the great ropes that bound him, she gnawed it until it parted, and soon the Lion was free.

"You laughed when I said I would repay you," said the Mouse. "Now you see that even a Mouse can help a Lion."

*Lesson: A kindness is never wasted.*

Place the following actions in the story in the correct order by writing 1 in front of the first thing that happened, 2 in front of the second thing that happened, and so on.

- A. \_\_\_\_\_ The Mouse found the Lion in the net.
- B. \_\_\_\_\_ The Lion roared with anger.
- C. \_\_\_\_\_ The Mouse promises to help the Lion someday if he will let her go.
- D. \_\_\_\_\_ The Lion was asleep.
- E. \_\_\_\_\_ The Lion laid his paw on the Mouse.
- F. \_\_\_\_\_ The Mouse chewed the net to free the Lion.
- G. \_\_\_\_\_ The Lion went hunting and got caught in a net.
- H. \_\_\_\_\_ The Lion let the Mouse go.
- I. \_\_\_\_\_ The Mouse ran across the Lion's nose.
- J. \_\_\_\_\_ The Lion woke up.

# Food for All Part #2

Now that you've seen how much food can be eaten and how much money can be made off of the feeding exhibits, you have a bit more exploring to do when it comes to the zoo's food situation.

Use the information to fill in the blanks

- The zoo buys 31,834 fewer pounds of herbivore pellets than pounds of hay.
- The zoo buys 79,166 more mealworms than waxworms.
- The zoo buys 98,167 more crickets than mice.

Monthly Misc. Food Consumption	
Hay	46,000 pounds
Primate Biscuits	1,000 pounds
Herbivore Pellets	
Mice	1,833
Crickets	

Monthly Worm Consumption	
Earthworms	75 pounds
Mealworms	135,416
Waxworms	

The zoo is having three different food supply companies make bids to provide the miscellaneous food and the worms. Add the two totals to find their total bid for providing food.

## Big Cat's Animal Supply

Hay... \$3,220 Earthworms... \$225  
 Biscuits... \$1,276 Mealworms... \$2,708  
 Pellets... \$2,735 Waxworms... \$5,600  
 Mice... \$1,833 Total... \$8,533  
 Crickets... \$6,000  
 Total... \$15,064

**TOTAL**

## It's a Zoo Supply Co.

Hay... \$3,546 Earthworms... \$265  
 Biscuits... \$1,076 Mealworms... \$2,895  
 Pellets... \$1,899 Waxworms... \$4,980  
 Mice... \$2,009 Total... \$8,140  
 Crickets... \$5,456  
 Total... \$13,986

**TOTAL**

## Lions and Tigers Supply

Hay... \$3,190 Earthworms... \$200  
 Biscuits... \$1,275 Mealworms... \$2,543  
 Pellets... \$3,015 Waxworms... \$6,098  
 Mice... \$2,054 Total... \$8,841  
 Crickets... \$4,567  
 Total... \$14,101

**TOTAL**

Now that you know how much each company costs in total, you're going to make the zoo an even better deal. Highlight the LOWEST price for each item between the three suppliers. (For example, the lowest hay price is \$3,190 from Lions and Tigers Supply.) Make a list of the lowest priced items and find the total cost of your custom order!

Item	Store Name	Cost
Hay	Lions and Tigers Supply	\$3,190
Biscuits		
Pellets		
Mice		
Crickets		
Earthworms		
Mealworms		
Waxworms		
Total		

# Furry Fundraising Efforts

Many zoos have some sort of fundraising effort for endangered animals. At the entrance of this zoo, each person receives a token. They get to choose from 10 different animals to donate their token to. Each token represents \$1 donated to the animal. Look at the data for a WEEK below, and find out how much will be donated to each of the animals.

Animal	Monday	Tuesday	Wednesday	Thursday	Friday	Total Amount Donated
Panama Amphibians	25	22	13	28	41	
Wild Orangutans	45	14	26	47	67	
Black Footed Ferrets	33	34	14	52	89	
Wyoming Toads	24	23	13	19	34	
Wild Giraffes	53	48	54	69	97	
African Elephants	30	36	25	33	65	
African Rhinos	28	39	17	35	42	
<b>TOTAL PER DAY</b>						

Now, survey your class to find out which type of animal each person would donate their token to. Then, find the new total amount donated for each animal, including your classmates.

Animal	Zoo Amount Donated	Class Votes	Total Amount
Panama Amphibians			
Wild Orangutans			
Black Footed Ferrets			
Wyoming Toads			
Wild Giraffes			
African Elephants			
African Rhinos			

# Experts in Animalia

Who knew how much math there was to be done at the zoo? Well, have you ever thought about all of the people who work at the zoo? They must get paid, too! Match each person below to their salary.

Zoo Occupation	Annual Salary
Zookeeper	\$28,000
Zoologist	\$45,460
Zoo Educator	\$32,000
Zoo Animal Trainer	\$25,770
Zoo Habitat Designer	\$64,180
Zoo Veterinarian	\$97,355
Zoo Veterinarian Technician	\$31,070

Color the name of the highest paid occupation GREEN and the lowest paid occupation YELLOW. Find the difference between the two.

Hey there, friend! I'm Marty, and I'm the \_\_\_\_\_. I make more money than the zoo animal trainer, but only by \$2,230!

Hi Di Hol! My name is Tawna, and I'm the \_\_\_\_\_. My college degree cost me \$65,000! I make \$33,930 less than that each year.

Well, hello there! My name is Jackson, and I'm the \_\_\_\_\_. I spent \$100,000 at my job (it's a pretty special one) last year. My salary is \$35,820 less than that!

Hay is for horses, so hello! I'm Jackie, and I'm the \_\_\_\_\_. I supervise

Tawna, and I make \$66,285 more than she does.

Boom, boom, ain't it great to be at the zoo? My name is Maria, and I'm the \_\_\_\_\_.

My weekly salary is about \$874, which is \$44,586 less than my total yearly salary.

It's a zoo in there! My name is Sheila, and I'm the \_\_\_\_\_.

I have a pretty important job. Next month, I'm getting a \$4,230 raise, and then I'll be making \$30,000 a year!

**BONUS:** Find the total amount of money paid to ALL of the zoo employees.

# Once in a Lifetime

Animals have varying lifespans. Look at the chart to determine the animals' average life span, their current age, and how many more years they can be expected to live.

Animal	Average Life Span	Current Age	Expected Years to live
Gorilla		22	13
African Elephant	40 Years	14	
European Otter	22 Years		14
Sumatran Tiger		12	13
Lions	19 Years	8	
Panda Bear	30 Years		25
Hippopotamus		32	17

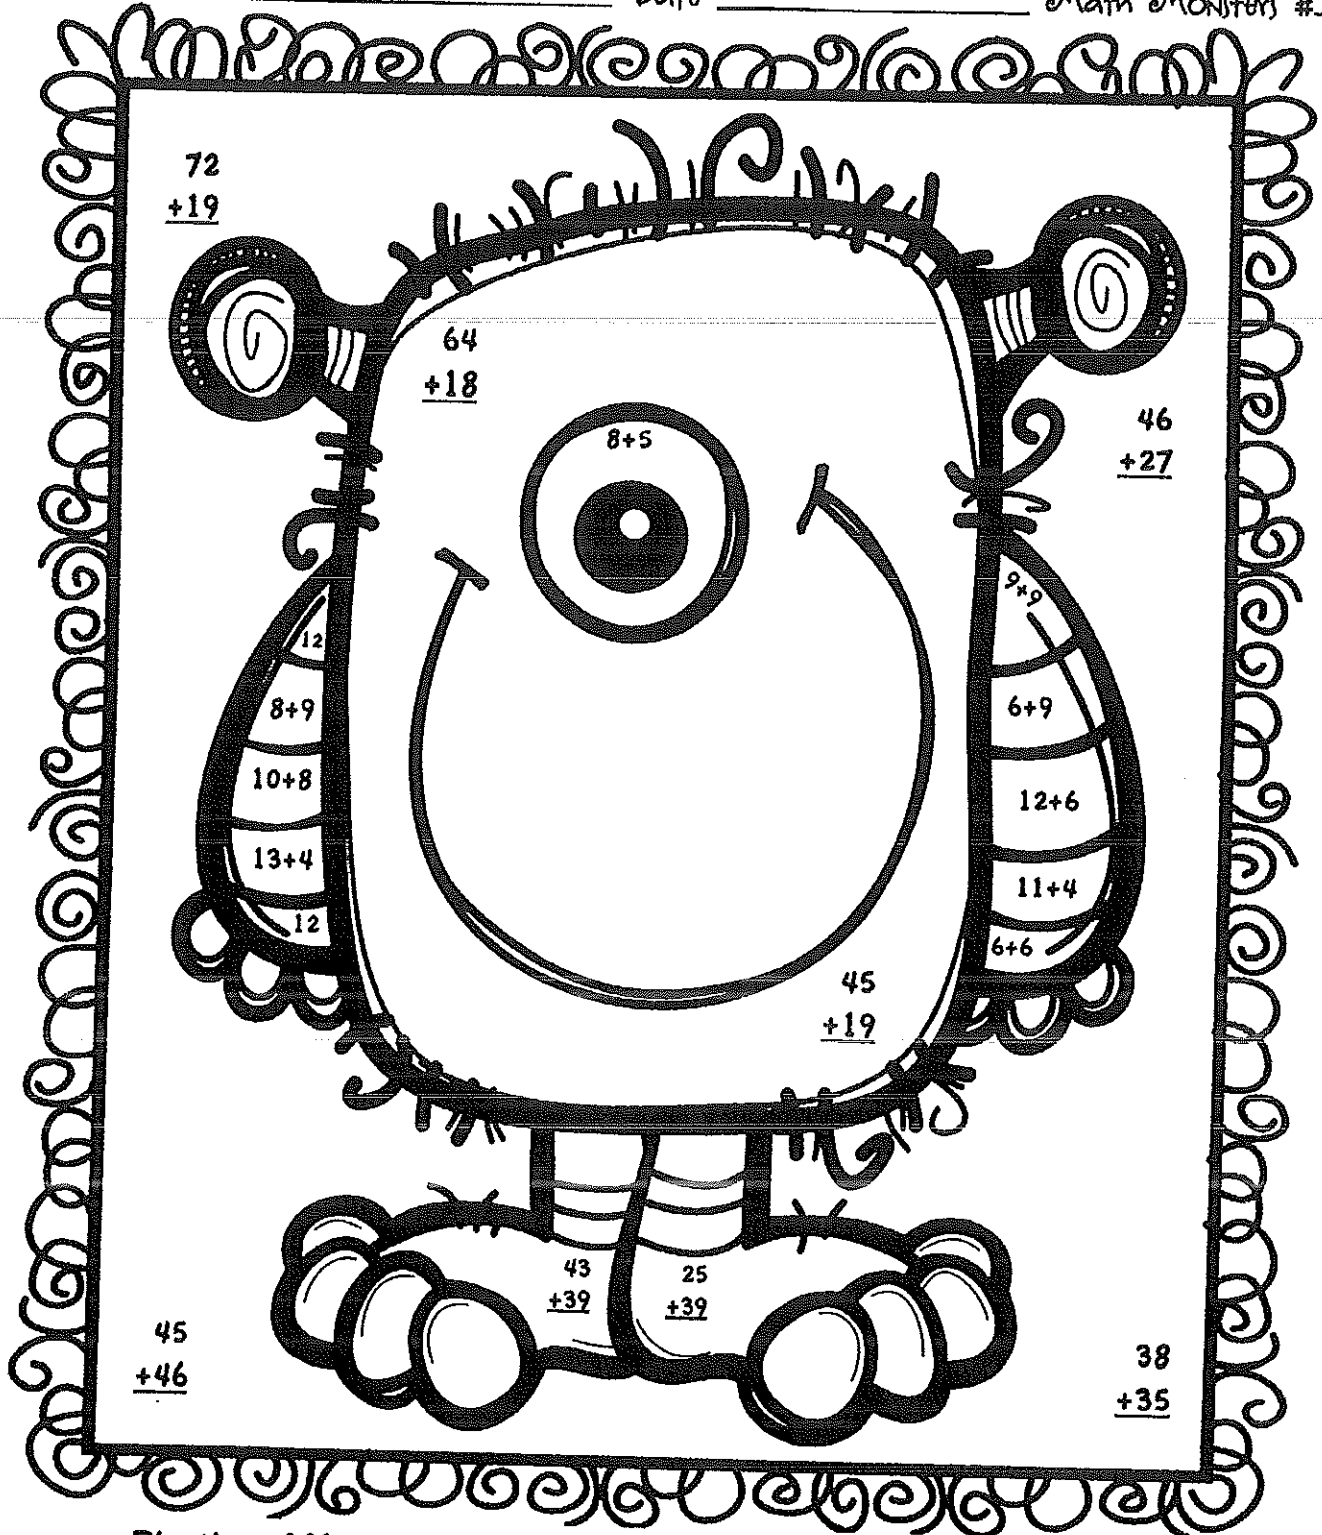

The following animals came to the zoos at different times and were different ages upon arrival. Fill in the blanks to see when each animal was born, arrived, and how old they were when they arrived.

Animal	Birth Year	Age Arrived at Zoo	Year Arrived at Zoo
Penguin	2004		2010
Anaconda	1998	14	
Jaguar		3	2007
Kangaroo	2003		2009
Sea Lion	1991	24	
Zebra		19	2005
Wombat	1999	16	
Antelope		3	2014

Name \_\_\_\_\_

Date \_\_\_\_\_

Math Monsters #5

**Directions:** Add the math problems and color by the code based upon the sums.  
Color the remaining parts of the picture with your own color choice.

Color Code:

Green = 64, 82

White = 13

Dark Blue = 15, 17

Yellow = 73, 91

Light Blue = 12, 18

CCSS: 2.OA.B.2 ; 2.NBT.B.5 ; 2.NBT.B.6 ; 3.NBT.A.2 ; 4.NBT.B.4
