INTRODUCTION

This notice is to help you understand how and why we collect personal data about you and what we do with that information. It also explains the decisions that you can make about your own information. This statement complies with the UK Data Protection Act 2018 and with the requirements of the European General Data Protection Regulation.

If you have any questions about this notice please contact the School’s Privacy Officer at harrow@harrowschool.org.uk or on 020 8872 8000.

WHAT IS PERSONAL DATA?

Personal data is information that identifies you as an individual. This includes your contact details, next of kin and financial information. We may also hold information such as your religion or ethnic group. CCTV, photos and video recordings of you are also personal data.

HOW AND WHY DOES THE SCHOOL COLLECT PERSONAL DATA?

We obtain information about you from admissions forms and from your child’s previous school. We may also get information from professionals such as doctors, local authorities, UK Visas and Immigration.

Information is also received by the School directly from you. For example you might email us with information about your marital status or provide us with documents such as court orders.

We collect this information to safeguard and promote the welfare of your child, promote the objects and interests of the School, facilitate the efficient operation of the School and ensure that all relevant legal obligations of the School are complied with.

For example:

- We may have information about any family circumstances that might affect your child's welfare or happiness.
- We ask if any of your child's immediate family members have special educational needs because in some cases these can be hereditary. The School can then use this information to assist your child.
- We may need information about any court orders or criminal petitions that relate to you.
- We use CCTV to make sure the School site is safe. CCTV is not used in private areas such as toilets. Only the School’s Security Department has access to all recorded footage. CCTV footage is normally stored for 30 days but might be retained for longer if necessary for legal and safeguarding purposes.
- We may take photographs or videos of you at School events.
- The school may share pupil images for marketing and to promote the school. Images will be anonymised unless consent has been requested to include names.
- Parents will be provided with a link and password to a pupil sports website where they will have access to information about sports fixtures. For safeguarding, parents are asked not to share access to this portal.
- Parents receive a copy of the bill book and are asked to keep this safe as it contains personal staff and pupil data.
We may keep details of your address when your child leaves the School so we can send you our alumni magazines *Follow Up!* and a digital copy of the *Harrow Record* and find out how your child is progressing. We will also pass your details onto the alumni organisation, which is called the Harrow Association. Further information can be found at harrowschool.org.uk/Old-Harroviants.

Your details will be passed onto the HDT who may contact you whilst your son is at the school to inform you of upcoming events and fundraising projects. Further information can be found at harrowschool.org.uk/Old-Harroviants at the support us page.

Information may need to be shared between the HA and HDT in order for them to fulfill the above operations.

To comply with our obligations under the Proceeds of Crime Act 2002, Terrorism Acts 2000-2006, and the Charity Commission’s due diligence provisions, we collect and store parent information such as names and addresses, dates of birth, and copies of passport main pages.

We may send your information to, or store your information in other countries where:

- we store information on computer servers based overseas; or
- we communicate with you or your child when you are overseas (for example during the summer holidays if you live in a different country). The European Commission has produced a list of countries that have adequate data protection rules. The country we are sending your information to might not be on the list, which means that it might not have adequate rules.

**FINANCIAL INFORMATION**

We will process financial information about you in relation to the payment of fees. In some cases, we get information about you from third parties such as credit reference agencies and solicitors or from your child's previous school(s).

We may hold information about bankruptcy petitions and statutory demands.

We may search the files of any licensed credit reference agency in order to verify your identity. This also allows us to assess your application for the award of a bursary or for credit in contemplation of an agreement for the deferment of fees. The credit reference agency will keep a record of that search and details about your application. This record will be seen by other organisations that make searches about you.

Failure to supply information may result in a refusal of an award, credit or offer of place at the school.

**SHARING PERSONAL DATA WITH THIRD PARTIES**

In accordance with our legal obligations, we may share information with local authorities, the Independent Schools Inspectorate, Ofsted and the Department for Education, for example where we have any safeguarding concerns. We may also share information with the NHS including local GP surgeries and local hospitals, third party physiotherapy providers and child psychologists. We may seek separate consent where appropriate.

On occasion, we may need to share information with the police or our legal advisers.

If your child is not of British nationality we have to make sure that your child has the right to study in the UK. We might have to provide information about you to UK Visas and Immigration to comply with our duties as a Tier 4 sponsor.

We may share some information with our insurance company, for example where there is a serious incident at the School.

If you have unpaid fees while your child is at the School we may share information about this with other schools or educational establishments to which you intend to send your child.

If your child leaves us to attend another school we may need to provide that school with information about you, for example details of family circumstances for safeguarding reasons.
We also share personal data with the following: (Please note that these are examples to give you an impression of the types of organisations we share data with. Where appropriate we will provide further information prior to sharing.)

Each boy will receive a report on his tests, which he will then discuss with Harrow’s Careers Advisor, Michael Wright. The report and the notes from the follow-up interview will be sent to you well in advance of the Careers Convention in January, as well as the deadline for submitting your son’s A level subject choices.
Where necessary, staff will complete a DPIA (Data Protection Impact Assessment) before entering into an agreement to share personal data.

All file transfers are secure and contractual terms with these companies include full data protection compliance.

**WHAT DO WE DO WITH YOUR PERSONAL DATA?**

Every member of staff who handles personal data is responsible for that information. The Privacy Officer and Senior Risk Owner (of that information) at our School oversee how we look after that personal data and decide how it is shared.

Like other organisations, we need to keep your information safe and up to date, only use it for what we said we would, destroy it when we no longer need it and, most importantly, treat the information we get fairly.

**FOR HOW LONG DO WE KEEP YOUR INFORMATION?**

We keep your information for as long as we need to in order to educate and look after your child. We will keep some information after your child has left the School, for example so that we can find out what happened if you make a complaint.

In exceptional circumstances, we may keep your information for a longer time than usual but we would only do so if we had a good reason and only if we are allowed to do so under data protection law.

We can keep information about you for a very long time or even indefinitely if we need this for historical, research or statistical purposes, for example if we consider the information might be useful if someone wanted to write a book about the School.

The School’s Records Retention Schedule is available on request.
