

Hello First Grade Families,

We hope that students have been enjoying their learning at home! As always, if there's anything we can do to support that learning, please let us know.

For this week, we included literacy, math, and social studies learning activities. There are also some Second Step videos to support students' social emotional skills. We hope that the learning activities being organized by days has been helpful! The same presentation is posted in the Literacy, Math, and Other folders so you can just go to one of those folders, click on *Daily Activities 5/4-5/8* and all of the learning activities for the week in literacy, math, and social studies will be in that presentation.

As your student works through these activities, they will need someone to guide them through the lessons. If you want more information on the math activities, there is a *Math Directions (ongoing)* document within the *Math* folder that has directions and example questions that you could ask your student.

Along with these resources, remember to also enjoy digital programs like Dreambox, RAZ kids, and MyOn.

If you have questions or comments for your student's teacher, please contact us at: denise.gomes@rentonschools.us, bryce.thompson@rentonschools.us, courtney.harrel@rentonschools.us, kassandra.maloney@rentonschools.us

Take care,

Tiffany Park Elementary First Grade Teachers
