To Novi Community School District Parents and Community Members:

Seven weeks ago, our schools were closed. March 16.

Six weeks from today, our school year ends. June 12.

We are just over halfway through this unexpected closure of our schools.

Yesterday, we sent out surveys to our parents and students. We would encourage you and your children to complete those surveys to give us feedback. We believe that we have created a viable and meaningful educational experience for your students.

But, we also know that it is not as robust as our in-person school experience was for our students. We continue to examine, reflect, and change as needed.

We also know that some stability is important, so while changes may come they will not be so significant as to disrupt the rhythm and schedule that you have settled into at this point.

We are still waiting for some guidance from the state so that

we can finalize plans for the summer and beyond. We will keep you posted as we make those decisions.

Always remember that you can reach out to your child's teacher, building principal, or me with questions or concerns.

Gratefully and Appreciatively,
Steve M. Matthews, Ed.D.
Superintendent
Novi Community School District

Students who are passionate, empowered, and prepared for their world and their future.
