

Update from AVUHSD

May 1, 2020

Freshman Registration

Class of 2024 we are excited to welcome you to our schools. Registration information has been mailed to all incoming 9th graders. If you have not received enrollment information, please check your child's High Schools website under the tab "Future Student" to find information and directions specific to enrollment.

Open Enrollment

Open Enrollment response letters for students who applied to attend another school will be mailed within the next two weeks. All families are encouraged to complete the PowerSchool Enrollment process for your student at their school of residence. Those accepted under Open Enrollment will then be moved in the PowerSchool system from their school of residence to the school of choice by our staff. If you applied for Open Enrollment and do not receive a response by May 15, please contact us at info@avhsd.org.

Special Education Resources

We are excited to launch the *AVUHSD Distance Learning Student & Family Resource Center*. This Google site is designed to provide students with disabilities and families with resources to support distance learning in all academic areas during school closure. You can access the site by visiting <https://tinyurl.com/SPED-DL-Student-Family>.

Mental Health Resources

The Antelope Valley Union High School District is committed to the continued Mental Health Support for all our students. To access Mental Health Support through the district please call 661-418-2309. A School Mental Health provider is available from 7:30 am - 12:00 pm and 12:30 pm - 3:00 pm, Monday - Friday. Click [HERE](#) to find additional resources. If you need immediate support please call 911.

We Count Antelope Valley!

Once every 10 years, the census counts everyone living in the U.S. – regardless of age, race/ethnicity, or citizenship status. Our AV community depends on your participation. The census is used to decide how much money our community will receive for things like, health care, job programs, housing, and schools. The census also decides how much political representation our community will have. Being counted ensures you have a voice.

Filling out the Census is Easy-

You can complete the census by mail, by phone, or online.

You will be asked a few simple questions, like your age and the number of children in your home. It is important that any children, family, or roommates living with you also be counted. Complete the US Census by visiting my2020census.gov or call (844) 330-2020 (English) or (844) 468-2020 (Spanish).
