## AP Practice Exams

Students will have a live *practice* AP exam during Week 5 (beginning April 27) and Week 6 (beginning May 4) of Keep YES Prep Learning.

The schedule will follow the same day of the week and time of their actual [AP exam](#) in May to provide students important practice with a similar format and routine. Their teachers will also be providing them with a grade and feedback based on this practice exam.

Each AP course will have a reduced number of assignments the week that they have their practice exam to enable students some additional time to focus.

The schedule below shows when the practice exams will occur. Each exam will last approximately 45 minutes, and students should be logged in and ready a few minutes before the time begins.

Your student will receive more information from their teacher as their practice time approaches. To support your student in having the most successful experience, please consider:

- Reminding them of the importance of the practice. Remember, success on the AP exam in May can earn them valuable college credit.

- Having them check their email to ensure they have been receiving emails from the College Board. (If not, they should tell their AP teacher.)
- Providing them with a quiet workspace with minimized distractions during the time of their practice exam.
- Reducing internet usage on other devices during this time. Avoid streaming television shows, browsing the internet, etc. to provide maximum bandwidth for their device.

If a student cannot attend the live practice, please remind them to contact their teacher as soon as possible.
