Multiplication Squares

BUMP

STRATEGY: Double + 1 More Group

Monster Bump

Multiplication - Roll 2 and Multiply by 3

a game for 2 players

Need: 2 dice and 8 counters per player – each player uses a different color

To Play: Players take turns to roll the 2 dice, add the numbers together and then multiply the total by 3. The player then covers this number. For Example: If a player rolls 4 and 5, they would cover 27. If the other player has one counter on this number, they can 'bump' that counter off and put one of their own counters on it. You can only 'bump' when there is only one counter on the number. If that number is covered by one of the player's own counters, they can add another counter on top and then they have won that space and no more counters can be added. The winner of the game is the first player to use all 8 of their counters.

STRATEGY: Doubles + 1 More Group

Multiples of 3

The product of
__ x 3 is __.

Materials: 5 counters per player; 10-sided number cube

Number of Players: 2-3

1. Each player collects 5 counters.
2. Take turns to roll the number cube and multiply the number rolled by 3. Complete the math talk sentence and place a counter on the product. If the number is already covered you must remove the counter from the board and add it to your pile.
3. The first player to have placed all 5 counters on the board wins the game.
