

May 1, 2020: District email

Please find a couple of updates for this week:

Accessing Buildings

District school buildings continue to have consistent office days and hours of Tuesdays and Thursdays from 1-4 p.m. Buildings will be locked, so families should continue to reach out to building principals to arrange for at-school pick-up of materials during this window of time. Staff will be checking and responding to their emails and voicemails.

Our middle school, high school and Transition Education Center buildings will host locker clean-out and collection/distribution of materials during the week of June 1. Principals will communicate directly with secondary-level families in the coming weeks regarding the schedule and plan for how this process will work.

Coffee with Dr. K

The "Coffee with Dr. K" scheduled for 11:30 a.m. - 12:30 p.m. on May 5 will look a bit different, with social distancing challenging us to come up with a virtual format for the quarterly check-in. Questions will be collected before May 5, then Dr. K will host a livestream event and answer questions on that day.

Dr. K will get through as many pre-collected questions as possible, and we will provide a written Q&A to any questions he doesn't get to in the 60-minute event. Grab a cup of joe and join us remotely at 11:30 a.m. on Tuesday, May 5!

Instructions for submitting questions and participating in the livestream can be found [here](#).

Meal Pick-Up Open May 4

Even though Monday, May 4 is a No-School Day, the free meal pick-ups at Oneka Elementary, Birch Lake Elementary and Willow Lane Elementary will be operating and open as usual from 9:30-10:30 a.m. [Learn more](#) about receiving free meals.

Summer School and Programming

White Bear Lake Area Schools' is actively designing new and innovative ways to deliver options for summer school and summer programming. Final plans, which will be based on guidance and recommendations we receive from the State, will be shared with district families when they are available. Keep up-to-date on current programming information on our [Community Services & Recreation Updates](#) webpage.
