

Hello First Grade Families,

It has been nice to hear about so many great activities and all the learning that is happening at home. We want the first grade learning activities to be helpful and not overwhelming, so please do what is best for your student and family. If you feel there are too many learning activities for one day, have your student choose the ones that are most interesting to them! Please keep up the good work!

For this week, we included literacy, math, and science learning activities as well as some more Second Step videos to support students' social emotional skills. Please know that the same presentation is posted in the Literacy, Math, and Other folders so you can go to one of those folders, click on *Daily Activities 5/11-5/15*, select a day, and all of the learning activities in literacy, math, and science will be in that presentation.

Remember to also enjoy digital programs like Dreambox, RAZ kids, and MyOn!

If you want to share what your student is enjoying with activities and learning at home or have questions or comments, please contact us at:

denise.gomes@rentonschools.us, bryce.thompson@rentonschools.us,
courtney.harrel@rentonschools.us, kassandra.maloney@rentonschools.us

Thank you and have a wonderful week!
