RE: Hamilton Avenue School – Grass Field Project

To the Hamilton Avenue School Students, Parents, Staff and Neighbors,

The Greenwich Public Schools Board of Education, in conjunction with the Town of Greenwich Parks & Recreation Department wish to inform you that on or about Monday 11 May 2020, the Hamilton Avenue Field Project will begin.

The Project, when completed, will provide a more level grassed playing area, some much needed drainage improvements, replacement of trees at the north side of the parking area and replacement of some of the perimeter walking surfaces. The work as described will require the use of some heavy construction equipment and therefore requires the areas to be closed off for safety concerns. The contractor will begin installing fencing as soon as possible and we are requesting that the public take notice of the closing and heed our requests to stay away from the construction site to ensure safety. It is our intention to have both the playground and the paved basketball areas open for the start of the 2020-2021 School Year and the grass field area opened by mid-April 2021.

Thank you for your continued cooperation and support. We look forward to the completion of the overall Hamilton Field Project.

Sincerely

Daniel M. Watson
