What are LETTERS TO SENIORS?

The senior letters are an SRS tradition. Parents and guardians write a letter to their seniors to share with seniors at the Head's reception. The letters are personal and private and may be funny or serious. And this year they will be a valuable primary source document!

What are SENIOR PHOTO BOARDS?

Senior photo boards are black, thick poster boards with pictures of seniors. The school provides the boards: they will be delivered on May 1. Parents or guardians (sometimes with the help of their seniors) design the boards with photos and other memorabilia.

What is SRS2020: Transition to College

SRS2020: Transition to College is the name of the webinar series we will be offering to our students in lieu of the Senior Internships. These classes will cover a variety of beneficial topics for our seniors as they prepare to transition from high school to college. The classes are not required for graduation, but we expect all students to attend unless they have a valid reason for their absences.
