602 ORGANIZATION OF SCHOOL CALENDAR AND SCHOOL DAY

I. PURPOSE

The purpose of this policy is to provide for a timely determination of the school calendar and school day.

II. GENERAL STATEMENT OF POLICY

The school calendar and schedule of the school day are important to parents, students, employees, and the general public for advance effective planning of the school year.

III. CALENDAR RESPONSIBILITY

- A. The school calendar shall be adopted by the school board. It shall meet all provisions of Minnesota statutes pertaining to minimum number of hours and other provisions of law. The school calendar shall establish student days, workshop days for staff, and other information related to students, staff and parents.

[Note: The annual school calendar must include at least 425 hours of instruction for a kindergarten student without a disability, 935 hours of instruction for a student in grades 1 through 6, and 1,020 hours of instruction for a student in grades 7 through 12, not including summer school. The school calendar for all-day kindergarten must include at least 850 hours of instruction for the school year. If a voluntary prekindergarten program is offered by the school district, a prekindergarten student must receive at least 350 hours of instruction for the school year. A school board's annual calendar must include at least 165 days of instruction for a student in grades 1 through 11 unless a four-day week schedule has been approved by the Commissioner of Education under Minn. Stat. § 124D.126.

[Note: To the extent the school board offers K-12 teachers the opportunity for more staff development training under Minn. Stat. § 122A.40, Subds. 7 and 7a, or Minn. Stat. § 122A.41, Subds. 4 and 4a, the school district shall adopt as its school calendar a total of 240 days of student instruction and staff development, of which

the total number of staff development days equals the difference between the total number of days of student instruction and 240 days. The school board may schedule additional staff development days throughout the calendar year.]

- B. Except for learning programs during summer and flexible learning year programs, the school district will not commence an elementary or secondary school year before Labor Day, except as provided in Section III.B.1., III.B.2. or III.B.3. Days devoted to teacher’s workshops may be held before Labor Day.
 - 1. The school district may begin the school year on any day before Labor Day to accommodate a construction or remodeling project of \$400,000 or more affecting a school district school facility.
 - 2. The school district may begin the school year on any day before Labor Day if the school district has agreement under Minn. Stat. § 123A.30, § 123A.32, or § 123A.35 with a school district that qualifies under Section III.B.1.
 - 3. The school district may begin the school year on any day before Labor Day if the school district agrees to the same schedule with a school district in an adjoining state.
- C. Employee and advisory groups shall be provided an opportunity to participate in school calendar considerations.

IV. SCHOOL DAY RESPONSIBILITY

- A. The superintendent shall be responsible for developing a schedule for the student day, subject to review by the school board. All requirements and provisions of Minnesota Statutes and Minnesota Department of Education Rules shall be met.
- B. In developing the student day schedule, the superintendent shall consider such factors as school bus schedules, cooperative programs, differences in time requirements at various grade levels, effective utilization of facilities, cost effectiveness, and other concerns deserving of attention.
- C. Proposed changes in the school day shall be subject to review and approval by the school board.
