

Requirements for Physical Examinations and Immunizations

In accordance with the Connecticut General Statute Section 10-206, Ansonia Board of Education requires each student registering in Ansonia School District, to have a physical examination (Blue or Yellow physical form) at least in grades Pre K, K, 6th, 10th and must have current immunizations or notarized exemption form (Medical or Religious).

All incoming/ transfer students must have current immunizations or notarized exemption form (Medical or Religious) and health assessment forms. If you are coming from out of state, you need to have a physical in Connecticut within 30 days of your school entry date.

Sports Physicals:

- Students playing sports require annual physical examinations.
- No student can be cleared for sports without submitting a completed physical examination (Blue physical examination form).
- All physical examinations must be reviewed by the school nurse. A copy of the list of cleared students will be maintained by the school nurse and the Athletic Director. Copies of the clearance list will be forwarded by the Athletic Director to the coaches. If a student's name does not appear on the list, the coach must not allow the student to try out, practice, or participate in games.

NOTE: Ansonia Board of Education policy requires students to submit a physical examination before tryouts.

- Clearance of students requires a minimum of 24 hours after submission, longer if additional information is needed. Students cannot be cleared on demand.
- Sports Physicals are good for 1 year, please make note and know when your child's next examination is due.

Connecticut Health Assessment Forms:

Health Assessment Form

Early Childhood Assessment Form

Section 1 is completed by the parent/ guardian and the remaining portions completed by a health care provider as defined below.

The physical examination must be performed by a LEGALLY QUALIFIED PRACTITIONER OF MEDICINE M.D. or O.D. licensed in this state or another state, or nurse practitioner (APRN) or physician's assistant (PA) licensed in this state. The exam must include: (1) Health History (2) Review and update of Immunizations (3) Tuberculin

Test done at time of physical examination (4) Hemoglobin or Hematocrit, and (5) blood pressure, height, weight, vision and hearing screenings, postural and dental screenings.

Adequate immunization includes:

CT DPH Immunization Requirements

Immunization Exemptions:

Medical- **CT Medical Exemption Form**

Religious- **CT Religious Exemption Form**

*Please note that all Pre K students require annual influenza immunizations between August 1st and December 31st. **Without proper evidence of influenza immunization annually for Pre K students, a child will be excluded from school January 1st through influenza season.***

Students must have the physical examination/immunizations record reviewed by the School Nurse. Evidence from other school districts will be accepted, if the student is a transfer, as long as all requirements are complete.

Without evidence of physical examination or adequate immunizations, a child will be excluded from school.
