To Novi Community School District Parents and Community Members:

Of the many things that our school district has had to think about since schools were closed on March 16, one that most of us have not thought about are the classroom animals. A story in the Detroit Free Press details some of the unique challenges these animals have created. Our own high school teacher Dominic Lis is highlighted.

Thank you for your patience as we work to find answers to some of the questions that you have about what summer programming will be like. Our goal is to provide summer school and summer CARE. We may have to modify how we provide those services, but we are committed to figuring it out. We hope to be able to provide some direction in the next two weeks.

Happy Mother's Day to all of the Novi mothers. Thank you for supporting your children and helping them through this tumultuous time.

I hope you stay warm on this chilly weekend.

Gratefully and Appreciatively,
Steve M. Matthews, Ed.D.
Superintendent

Students who are passionate, empowered, and prepared for their world and their future.
