

2<sup>nd</sup> Grade Literacy Activities for the Week of May 11-15

In reading, we'll use the book *Mercy Watson to the Rescue* to help us study chapter books and learn how to keep track of our reading in longer books. In writing, students will get ideas and set goals for their writing. In phonics, students will study R-controlled vowels.

On days where there is not a reading or writing lesson, we've suggested an amount of independent practice time that would be appropriate for most 2<sup>nd</sup> graders. Please adjust these to your child's learning needs.
