

Update from AVUHSD

May 8, 2020

Summer School

The Antelope Valley Union High School District remains committed to our students and will continue to offer summer school. The dates for summer school will be June 29th- July 24th, 2020. Students will continue to be able to earn up to one semester (5) or two semesters (10) of credit within the 19 days, five hours of work per day. Due to the ever-changing landscape caused by the Corona Virus we anticipate that summer school will continue in a distance learning format. We will continue to monitor the guidance and recommendations of state and local officials to determine if and to what extent we can begin to provide on-campus supports for students. Registration information will be available on Monday, May 11 through Friday, May 22, 2020. A link to register can be found on your school's website under the ACADEMICS tab, then SUMMER SCHOOL. You will be hearing directly from your school site with more detailed information related to Summer School.
