SCIENCE	Mystery Science: Heating, Cooling and Phases of Matter	Finish Mystery Science: Heating, Cooling and Phases of Matter	Mystery Science Mini Lesson: How do germs get inside of your body?	Mystery Science Mini Lesson: How does hand sanitizer kill germs?	<ul style="list-style-type: none"> Finish science activities and submit what you learned.

Optional enrichment activities for the week: go to typetastic.com to take typing lessons, McGraw-Hill To Do List, read and do the activities for any Scholastic News, more ST math, or more math fact practice on XtraMath.org, or missing minuend color-by-number (enrichment option found on Microsoft Teams).

Please see the next page for more information.

- **The information for all our assignments is found on Microsoft Teams.**
- **How to play Battleship:**
 - **Choose a question to answer. For most questions you will need a piece of paper and a pencil to use to write and solve.**
 - **Before pushing the yellow button that says Return to Board click on the space bar to see the correct answer appear.**
 - **After answering the question, click on the red or blue square with the matching coordinates for the question to reveal the ocean or part of a ship.**
 - **The object of the game is to find all the ships.**
 - **Take a picture of your paper and send it to Miss Bounds 😊**
- **Scholastic News Password: Bounds**
- **Every day: 10 minutes of ST Math, 10 Minutes of XtraMath.org, and encourage your child to read books of their choice for 20 minutes.**
- **Mystery Science: If you do not have the materials at home to do the science experiment be creative and use what you have or watch the experiment as it is done on the web site.**
- **Thank you for your continued support! You have been amazing!**
