This is our last week of school!

I need to tell you how much I've enjoyed being your teacher this year. I loved coming to school because of you. You made my last year of teaching one of my very greatest! You made me feel happy, important, and loved. Every single day you did something that either made me laugh, feel proud of you, or helped me to learn something new. Thank you for that! I'll never ever forget you.

Ask your parents if they've signed up for a time slot on MAY 19, 20, or 21st. They sign up just like they would if it was SEP Conferences. When you come to the school, you'll get all your things that were in your desk. You can also choose one 'used' gift from me. (All my games and centers will be available if you want to take one home.)

And we'll get to wave goodbye and talk from 6ft apart with face masks on. Well, I'm required to wear a face mask and gloves. 😊

We're learning Geometry in math this week! Your workbook is optional.

We are also going to be taking some virtual FIELD trips during our Science slot.

### Monday May 11<sup>th</sup>

Math – Nearpod Shapes with attributes NKRXA

Language Arts – Language & Literacy 20 minutes Silent Read 20 minutes

Science/SS - Nearpod Let's Visit Hawaii Volcanoes National Parks QTMCE
