

DIGITAL MEDIA 2

Digital Media 2 is a course designed to teach the process of planning, instructional design, development, and publishing of digital media and interactive media projects. Digital Media 2 is the second year course within the digital media pathway where students will focus on developing advanced skills to plan, design, and create interactive projects using the elements of text, 2-D and 3-D graphics, animation, sound, video, digital imaging, interactive projects, etc. These skills can prepare students for entry-level position and other occupational/educational goals.

- Use and enhance skills learned in digital media design
- Create a 3D graphic and be introduced to animation
- Plan, design, create digital assets, evaluate, revise, and publish interactive digital media projects
- Develop interactive media projects working on a team or as an individual.
- Create an interactive digital media portfolio for digital delivery which showcases a student's projects, work, and skills
- Participate in a work-based learning experience and/or student competition
