

Step 1: What is the International Portal and what purpose does it serve for our 21st Century Learners?

The Agnor-Hurt International Portal is a video conferencing tool that provides real time interactive presentations, web based collaborative learning opportunities, and intercultural experiences without leaving the school. The Portal is a platform for student interaction, engagement, enrichment, and reflective discussion. This school-based global technology allows all students to experience 21st Century Learning in all areas of the curriculum.
