For high schools that do not operate on a traditional academic calendar, proof of graduation will be used only through the completion date of coursework for which the student was enrolled prior to the change in account status. The status of core courses will remain through the academic term (e.g., semester, quarter) in which a high school's account status changes. CORE GPA & SLIDING SCALE

SLIDING SCALE PHILOSOPHY

The sliding scale is structured in a way where the higher your core GPA, the lower your test score must be to meet the sliding scale requirement.

NEW SAT - March 2016

A new version of the SAT came out in March 2016 which has caused a change in how the scoring is processed. The Sliding Scale key that you will find online is NOT the correct one to use when determining sliding scale off of a SAT score. You must use the SAT Concordance chart to see how the “new” score translates to the “old” scoring rubric.
