

IXL Summer Math: Rising 6th Graders 2020

	Category	Skill Name	Smart Score
1	F - Number theory	Greatest Common Factor	
2		Least Common Multiple	
3	G - Decimals	Convert Fractions to Decimals	
4	I – Multiplying Decimals	Multiply Two Decimals	
5	J – Divide Decimals	Division with Decimal Quotients	
6	L – Add and Subtract Fractions	Subtract Fractions with Unlike Denominators	
7	M – Multiply Fractions	Multiply Two Fractions	
8	U – Coordinate Plane	Objects on a Coordinate Plane – All Four Quadrants	
9	V – Variable Expressions	Write Variable Expressions Word Problems	
10		Solve Equations with Whole Numbers	
11	AA – Two Dimensional Figures	Measure Angles with a Protractor	
12	BB – Triangles and Quadrilaterals	Classify Quadrilaterals	
13	CC Symmetry and Transformations	Reflection, Rotation, and Translation	
14	EE – Geometric Measurement	Area of Squares and Rectangles	
15		Area of Triangles
