## NEW ENTRY

**Name:** Juliet Montague

**Title:** What a boring party, until...

You'll never guess what happened today, I had to go to a boring party, there were so many old men wanting to dance with me. Then, some masked boys came and crashed the party. One of them was called Romeo. As soon as I saw him, I fell in love, he was so hansom! After the ball, we went to a room alone and talked to each other; Romeo kissed me. When I got home I asked nurse about Romeo's life. The news was terrible, Romeo was a Montague, and so my sworn enemy! Our family and the Montague are always fighting, I hope one day we will be at peace with each other. That evening, I was pacing up and down my balcony, and was talking to myself about how much I loved him despite our different back round, when I heard a rustle in the bushes. You'll never guess who it was. Romeo stepped out! He told me that he loved me too. I felt so happy, as though nothing in the world mattered now, only Romeo did. But of course I was wrong, I knew instantly, and without asking my father that he would never let me marry Romeo because of the feuding families. Me and Romeo would have to make arrangements ourselves. I was also worried about Paris, an older man who requested to marry me. Father said that he could, but not yet because I am only 13! But nothing will dampen my love for Romeo.

*An excellent piece like making good use of your knowledge of the play.*
