

Hello Students and Parents!

I really want to recognize how much learning students (and parents and teachers) have been doing around the virtual nature of our classroom environment. Students have been learning new apps and processes in order to participate in learning through our Google Classroom.

All of this learning is being done with a backdrop of uncertainty and more than a little worry over what the future holds. Great job, keep up the good work!

Our class Read Aloud book is almost finished. Students can access the read aloud through the Padlet website link that is posted on our Google Classroom. I've offered students a choice over which book we read next. If they have any suggestions, please email the name and author of the book

I want to continue posting weekly riddles here, in my message, so that students can earn a chance to have me mail them a prize. I've already mailed out 3 prizes and there is one more that is due to go out. Please scroll to the next page in order to see this weeks' riddles.

5th Grade Mr. Welchman's Class

If you think you know the answers to any of the questions below, email Mr. Welchman for a chance to have a prize mailed to you!

Riddles:

1. What question can you never answer 'yes' to?
2. What is always in front of you but never can be seen.
3. What goes up but does come down?
4. Where does today come before yesterday?

Read Aloud Question:

*What was the name of the company the clones used to disguise the Pool Truck from Taos?
