

Hello students,

Hope you all are doing well.

Time is going by so fast; it is hard to believe we have been working and Learning from home for the Last two months.

I am so impressed with how you have adapted to your new Learning environment and with how you are using technology, like Google Classroom, so easily. I have truly missed seeing you each day.

Keep reaching out to me for any help you need. I have really enjoyed your artwork.

Especially those aliens!

Mrs. Winkler
