## **T-Shirt Designs at CustomInk Design Lab**

For this lesson, you will design 3 t-shirt designs using CustomInk's design lab.

Click on this link: [CustomInk](#) and go to the Design Lab Tab.

This design lab allows you to pick a garment such as a t-shirt, hoodie, or long sleeve t-shirt. Then using their design tools you can add text and graphics. It also allows you to rotate the shirt and design the back. When you are done, take screenshots of all your designs and turn them in. **Each t-shirt must have a minimum of 3 elements for the front, meaning text and graphics.**
