FOR IMMEDIATE RELEASE

**Northshore Students Shine During National History Day State Competition**

Bothell, Wash. – Recently, many Northshore School District middle and high school students competed virtually in the 2020 Washington state National History Day Contest. The final results were shared during a virtual awards ceremony on May 2. Students who placed first or second will advance to the National Contest, which will be held virtually in June. Students were also recognized through special awards, given by the event sponsors.

Students chose a historical topic related to this year’s theme: Breaking Barriers in History. Once their topic was selected they conducted primary and secondary research to analyze and draw a conclusion about the significance of their chosen topic. They presented their work at the state competition in one of five ways: a paper, exhibit, performance, documentary or website. Five hundred eighty-nine students participated, 333 entries were submitted and 74 schools were represented at the state event.

Students were judged on three main criteria: historical accuracy, relation to the theme and clarity of presentation. Students were also required to follow the rules requirements for each category such as word counts and time restrictions.

**Special Awards:**

- National Maritime Historical Society Award (Senior Division):
- Samarth Venkatesh and Alex Dimov, Senior Group Website, "Breaking Barriers Constructing Commerce" Bothell High School, Teacher: Dori Wuepper
- Lyle M. Nelson Research Award (Junior Division):
