

Rank One Sport On-line Pre-Participation Physical Packet FAQs

1. Does everyone have to complete the medical history form? I did it with my physical last year.

Yes, everyone is required to fill out a new medical history form for the 2020-2021 school year. However, you are not required to go to your doctor to get an updated physical IF you have a valid one on file from the 2019-2020 school year.

2. What if I answer “yes” to questions 1-6?

Your athletic trainer will review your answers and contact you to get more information. You may be required to submit further documentation from a physician or have an updated physical exam.

3. What does it mean to be “under a doctor’s care”? Who needs a clearance note and who doesn’t?

If you have recently seen a physician for a medical condition, or you require ongoing medical care, please provide a medical release note from your treating physician that releases you to athletic participation. This note may be emailed to your coach or athletic trainer. You may contact your athletic trainer with any questions.

4. What is the “valid” date for all physicals?

Physicals for the 2020-21 school year must be dated AFTER 4/1/2019.

5. Do I still need to get my inhaler form/epi-pen form/student self-management of diabetes completed by my doctor?

Yes, you will need to have a new form completed and signed by your prescribing physician.

6. I want to get an EKG for my child. Can they participate if they have not gotten the results/had the exam yet? Do you require me to give you the results of the EKG exam?

EKGs are optional and your child will not be held out of sports participation while they are waiting on the results of their EKG exam. Please send your results to your athletic trainer when you receive them.

7. Who do I contact if I have additional questions?

<u>Rochelle Abrams / Daniel LaVoy</u>	<u>Johnny Gomez / Yaquanda Williams</u>	<u>Melissa Quigley / Marianne Landon</u>	<u>Tyra Harrell / Sarah Sturm</u>
