

Philosophies of Art Drawings

Art 2 Classes

Project:

Using the same subject matter for each one, create four (4) separate compositions, each one focusing on a different one of the four (4) philosophies of art:

- **Imitational Art**—Art should copy the real world.
- **Functional Art**—Art should serve a purpose
- **Formal Art**—Art should be aesthetically (visually) appealing
- **Expressive Art**—Art should be about emotions or emphasize the process of creating.
