

MSA SUMMER MATH UPPER GRADES 9-12

Questions or Concerns? Contact: jnorris@millsprings.org

We are using Khan Academy for our summer math practice. There are six classes listed below. Students will join the class that matches their math class for FALL 2020. If you are unsure of which class, please email Judy Norris, jnorris@millsprings.org. Students who complete a minimum of 15 assigned exercises will earn extra credit as determined by their fall math instructor. Assignments are due by August 10th. *For those students who are further along in the math sequence, please choose the class that matches your upcoming fall class.*

How to join your summer class:

1. Go to the link listed by your Fall 2020 math class below.
2. If you don't already have an account, press "Create a new account". Enter your date of birth, then sign up using Google, your school email, or by creating a username.
3. Once you are logged in, you should see the class on the left with a link to Assignments.
4. Once you have joined the class, Ms. Judy will assign the group of activities specific for your class. Remember, to receive extra credit, you must do a minimum of 15 of the assigned activities.

Rising 9th Graders:

ALGEBRA I: <https://www.khanacademy.org/join/W85VB9P9>

Rising 10th Graders:
