Duncanville Independent School District

Duncanville, Texas

*Comprehensive Annual Financial Report
For the Fiscal Year Ended June 30, 2015*

*Prepared by:
Ronald Kuehler, Chief Financial and Operations Officer*

District Core Beliefs

Purposeful Engagement

is the most effective long-term way to learn and is our primary responsibility.

Quality Teachers

are the single most important influence on the quality of learning.

Collaboration & Continuous Improvement

We are a learning organization with a culture of continuous improvement and collaboration.

Valuing Each Individual

Each person is unique and of infinite value; therefore, we embrace and celebrate diversity.

Schools Impacting Community

Quality schools encourage and sustain quality of life, freedom, democracy, and economic growth

The mission of Duncanville Independent School District is to provide each student with the necessary skills to achieve lifelong success and contribute to a global society.

January 31, 2016

Formal Transmittal of the Comprehensive Annual Financial Report (CAFR)

To the Citizens and Board of Trustees of the Duncanville Independent School District:

The CAFR of the Duncanville Independent School District (the District) for the fiscal year ended June 30, 2015, is hereby submitted. The report includes the unmodified opinion of our independent auditors, Hankins, Eastup, Deaton, Tonn and Seay, P.C. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data is accurate in all material respect; that it is presented in a manner designed to fairly set forth the financial position and the results of operations of the District as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included. This report includes all funds of the District. The CAFR for the year end June 30, 2015, is presented in conformance with the reporting model adopted by the Governmental Accounting Standards Board ("GASB") in their statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, issued in June 1999. The CAFR also adheres to guidelines recommended by the Government Finance Officers Association of the United State and Canada (GFOA) and the Association of School Business Officials International (ASBO).

Generally Accepted Accounting Principles (GAAP) requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). MD&A is intended to give the reader an easy-to-understand overview of the school district's financial position and results of operations for the year. This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the Independent Auditors Report.

The remainder of this transmittal highlights the governance structure, the mission, the accomplishments and initiatives, the economic conditions and outlook, and the financial activities of the District.

Copies of this report will be provided to the City Library, Moody's Investment Service, Fitch Investor Service, Standard and Poor's and any other interested parties.

PROFILE OF THE DISTRICT

As its mission states, Duncanville Independent School District provides each individual student with the necessary skills to achieve lifelong success and contribute to a global society.

General Education

The District provides a fully comprehensive instructional program in grades K-12 with a pre-kindergarten program. The District is committed to quality schools that encourage and sustain quality of life, freedom, democracy, and economic growth. In addition to the regular curriculum, the District provides a comprehensive Career and Technology Education (CTE) program in several areas:

- Agriculture, Food and Natural Resources
- Architecture and Construction

- Arts, A/V Technology and Communications
- Business Management and Administration
- Education and Training
- Finance
- Health Science
- Hospitality and Tourism
- Human Services
- Information Technology
- Marketing
- Manufacturing
- Science, Technology, Engineering and Mathematics
- Transportation, Distribution and Logistics

All students can succeed in a lifetime of success and excellence by exploring career options and make wise decisions about how best to follow a field of interest. The students participate in field trips, earn dual credit for college, receive certification in certain areas, and are placed in internships, clinical rotations, and co-operative education training placements in businesses related to their career interest. Students apply during their 7th grade year for one of two classes that are offered at the 8th grade level. Data Entry and High School Career Prep “Money Matters” is the classes that are offered the 8th grade year. The students are selected according to the criteria of grades, attendance records, essays and teacher recommendations. Approximately thirty one percent of students in grades 8-12 are enrolled in one or more CTE courses.

The District has other programs such as Gifted & Talented Education (GATE) Program which is designed to meet the diverse and unique needs of the gifted population. The GATE curriculum is designed to be a springboard to learning through interdisciplinary themes and higher-level thinking skills that will incorporate the four core areas of language arts, mathematics, social studies, and science. Gifted and Talented students will be offered learning opportunities designed to enrich and stimulate thinking skills, maximize intellectual and artistic growth, promote creativity, and expand leadership abilities to prepare the student for lifelong success. GATE is a K-12 program in the District.

The District offers Bilingual Education for Limited English Proficiency (LEP) students whose native language is Spanish in grades PK through 6th. The goal of our bilingual education program is to enable students with limited English proficiency to become competent in comprehension, speaking, reading, and composition of the English language through the development of literacy and academic skills in their primary language and English. The district also offers a Transitional/Early exit program model. Students are instructed in their primary language to establish a strong foundation that will lead to successful transition into English. The child’s language of instruction in English gradually increases as he/she gains proficiency according to the state’s English Language Proficiency Standards. This program also offers English as a Second Language (ESL) to LEP students who speak other languages in grades PK through 6th as well as for all LEP students in grades 7th through 12th. The goal of our ESL language program is to enable limited English proficient students to become competent in the comprehension, speaking, reading, and composition of the English language through the integrated use of second language methods.

The District provides Special Education Program, a comprehensive educational program with complete educational opportunities essential to the full intellectual and social development of students with disabilities between the ages of 3 and 21. The needs of such students require resources and assistance beyond those available within the regular classroom. The District believes in educating students in the least restrictive environment. A full continuum of instructional and related services is available to eligible students, with initial consideration given to provision of services in the general education classroom to the greatest extent possible. The emphasis will be on flexibility, with an individually tailored education to be provided on campus and/or within a centralized program to address communication, cognitive, developmental, socio/emotional, physical, and/or medical challenges. The District’s goal is to assist students in developing skills that will enable them to participate successfully in society by improving outcomes, both in learning and social situations.

DESCRIPTION OF THE ENTITY

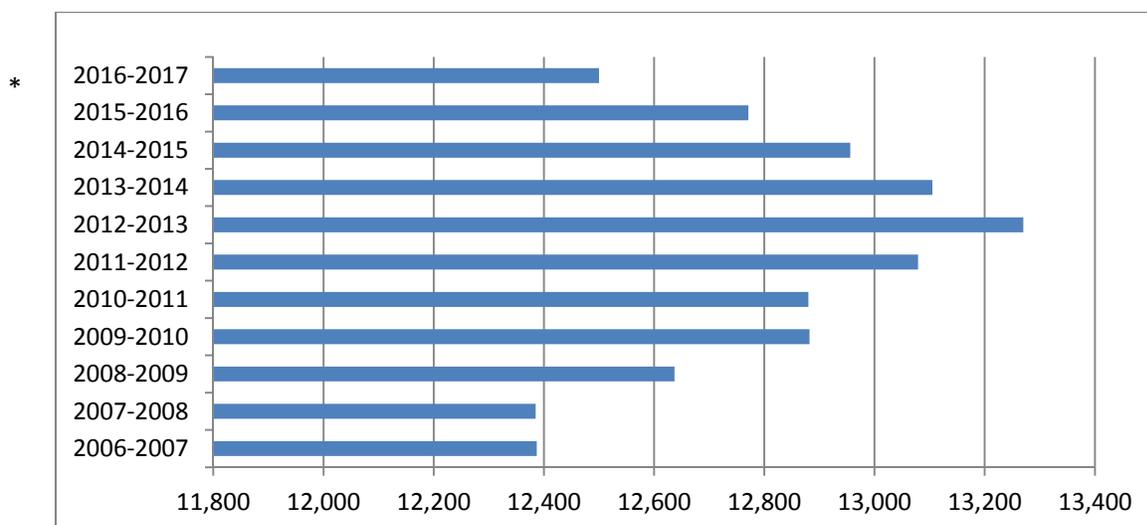

The Duncanville Independent School District is an independent public educational agency operating under applicable laws and regulations of the State of Texas. A seven-member Board of Trustees, elected at large to staggered three-year terms by the District’s residents, autonomously governs the District. The Board is the level of government which has oversight responsibility and control over all activities related to public school education within the District. Dallas County Appraisal District is used to place a value on the property and Dallas County Tax Office is used to collect the

District's portion of taxes. The District receives funding from local, state and federal governments sources and must comply with all the requirements of these funding sources entities.

There are has two charter schools, A.W. Brown Charter School and Harmony Nature School in the District that their primary source of funding comes through tuition and the Foundation School Program (FSP) which is based on the number and types of students attending school (what the agency calls average daily attendance [ADA]). Schools that choose to provide transportation to students receive additional state funds. Charter schools are not entitled to participate in the Instructional Facilities Allotment program or the Existing Debt Allotment program.

The Texas Education Agency and Southern Association of Colleges and Schools provide the District's K-12 education accreditation. The District is home to approximately 68,380 residents within an area of 29.4 square miles and serves four communities, the entire city of Duncanville and portions of Dallas, Cedar Hill, and Desoto. Enrollment in the District's eighteen campuses, these include nine elementary, three intermediate and three middle schools, one high school, and two alternative campuses, was 12,956 for the 2014-2015 fiscal year, of which 31% were enrolled at the high school level, 16% at the middle school level and 53% at the elementary level. The projected K-12 enrollment for 2015-2016 is 12,771.

Student Enrollment
 (* estimated based on district information)

The District has an extensive Internet website with individual home pages for all departments and campuses. At <http://www.duncanvilleisd.org/> families can locate a wealth of information, including a Edulog bus transportation package that identifies the schools which serve their addresses.

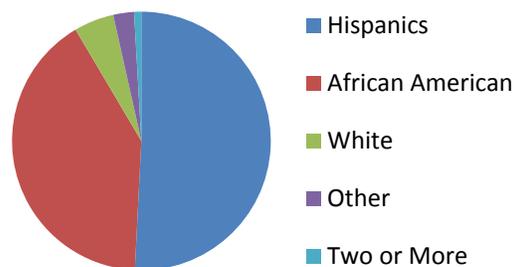

The class of 1936 was the first class to graduate from a fully-accredited school in Duncanville. Since the first class left Duncanville ISD as graduates, the community has evolved and changed in the past 79 years. Since the first building in 1936 we have continue to build school buildings up to the new Bond Construction Program of 2014. To see the Construction in process please note the attached website <http://www.duncanvilleisdbond.org/>. Currently, a culturally and ethnically diverse population offers the benefit of a "real world setting" to the patrons of the District. By embracing change and progress, Duncanville schools represent the ideal environment for families who place education as a top priority in their lives and the lives of their children.

The economy is the cause of the slowdown in the enrollment of the Duncanville District, the home building industry in particular. The 2013-2014 snapshot enrollment of 13,105 represents a 165-student decrease from the final enrollment of 2012-2013, a .99% loss. Possibly this is continuing to be a downswing from the loss of 149 student from the 2013-2014 year. We had a decrease in enrollment for the 2014-2015 school year to 12,956 which resulted in an additional .99% decrease.

State of Texas Assessments of Academic Readiness

The State of Texas Assessments of Academic Readiness (STAAR) assessment replaced the Texas Assessment of Knowledge and Skills (TAKS), beginning in the 2011-2012 school year. Students in the graduating Class of 2015, who are currently in seventh grade, will be the first students who must meet the end-of-course testing requirements, as well as pass their classes, in order to earn a diploma.

STAAR will be used for the twelve (12) end-of-course assessments mandated by SB 1031 in 2007 and the new grade 3-8 assessments mandated by HB 3 in the 2009 legislative session. The new tests are significantly more rigorous than previous tests and will measure a child's performance as well as academic growth.

ECONOMIC CONDITION AND OUTLOOK

Introduction

Nestled in the wooded rolling hills of southwest Dallas County, among the most attractive scenery North Texas has to offer, is the city of Duncanville in Dallas County, Texas (USA). Duncanville is a suburb of Dallas and is part of the Best Southwest area, which includes Duncanville, Cedar Hill, Desoto, and Lancaster. The 2015 population of Duncanville is 39,221 with 5.30% unemployment rate. The job growth is 3.43% with future job growth over the next ten years is predicted to be 41.60%. The median home value in Duncanville is \$112,300. Home appreciation is 10.0% over the last year. The median age of Duncanville real estate is 36 years. Renters make up 30.22% of the Duncanville population. 5.63% of houses and apartments in Duncanville are unoccupied. Overall Cost of Living in Duncanville is 90.0% compared to the United States average. Economic development activities in Duncanville over the last 5-7 years indicate that our community remains on a slow rise. New businesses have started coming to the area.

Local Economy/Access

Duncanville provides businesses with a mature transportation infrastructure and convenient access to major freeways, railways and airports. Duncanville is literally minutes from Love Field (Southwest Airlines main hub), and DFW International Airport (American Airlines headquarters and one of the largest airports in the nation) is only twenty minutes away. The city sits just west of I-35E, a primary north & south highway in the center of Dallas county, while Interstate 20 crosses the north side of the city and Highway 67 runs through the east side. By providing companies with multiple means of access, Duncanville offers convenient and cost effective business opportunities at local, regional, national and international levels. The Duncanville Community & Economic Development Corporation (CEDC) continues to successfully recruit and retain dozens of businesses and further beautify this thriving city. In November 2005 the City broke ground on a 28 plus acre mixed use development that will consist of retail space, a financial institution, quality multi-family residential units, walking trails, fountains, and a five acre city park. This project generates annual retail sales of \$23,000,000 and annual sales tax revenues of \$448,000.00 and creating hundreds of jobs.

An example of a long-lasting sense of community spirit is the magical Kidsville playground. Over 5,000 citizens made it a reality by donating 36,000 hours of volunteer time, while Duncanville ISD students collected money for the project and local retailers supplied equipment, tools and materials. Attracting kids of all ages, it is still one of the largest volunteer-built creative wooden playgrounds in the United States, and is a monument to the community spirit of Duncanville.

In the fall of 2005, the City of Duncanville celebrated the opening of the Hilton Garden Inn Hotel and Banquet facility, an endeavor that city leaders worked toward for nearly a decade. The Community & Economic Development Corporation played a vital role in attracting this quality facility. Since opening, the Hilton reports record business and incredible success. Additionally, the City celebrated the opening of Costco in the summer of 2006.

Duncanville is next door to several exciting North Texas attractions. The Cedar Ridge Preserve (formerly Dallas Nature Center) is a 360-acre park that offers seven miles of hiking trails for enjoying scenic views, native trees, wildflowers, butterflies, birds, insects and other wildlife. Joe Pool Lake and Cedar Hill State Park, encompassing 30,000 acres, create a boating and fishing paradise encircled by mountain bike and walking trails. The Penn Farm Agricultural History Center located within the park shows the evolution of buildings constructed by the Penn family as they updated their farm with modern conveniences. Art from other cultures comes to life in the renowned International Museum of Cultures on the campus of the International Linguistics Center. Visitors gain a greater understanding of different ways of life of the culturally diverse peoples living today.

Duncanville is just minutes away from downtown Dallas, the Arts District, the new \$185,000,000 Perot Museum of Nature and Science, Klyde Warren Park over Woodall Rodgers, one of the few parks in the United States that is over a highway, the Meyerson Symphony Center, the American Airlines Arena (home of the Dallas Stars and Dallas Mavericks), AT&T Stadium in Arlington (home of the Dallas Cowboys), and the Ballpark in Arlington (home of the Texas Rangers).

In addition to educational facilities provided by Duncanville Independent School District, the city of Duncanville also offers many quality childcare centers. There are seventeen institutions of higher education in Dallas County, including Southern Methodist University, University of Texas at Dallas, University of North Texas System Center at Dallas, and the Dallas County Community College District.

FINANCIAL POLICIES

Internal and Budgetary Controls: The management of the District follows certain methods and procedures of accounting for revenues and disbursements as required by Texas Education Code. These methods and procedures are outlined by TEA Financial Accountability System Resources Guide. The business and purchasing operations of the District are under the direction of the Chief Financial and Operations Officer.

The District contracts with PrologicTEAMS for computer services, which record all revenues realized and all expenditures made during the fiscal year. The records include a statement showing total receipts from each fund, itemized according to source; total disbursements, itemized according to the nature of expenditures; and the balance on hand in each fund. The records are kept in the business office under the direction of the Chief Financial and Operations Officer.

The annual operating budget is a site-based decision making process. This process is designed to allow schools and central office departments to plan future operations in a manner which best serves the needs of students. Each principal/director works with a total appropriation. Individual allocations will be determined at the campus level and site-based shared decision-making requires input from the faculty.

Change in Fiscal Year

The District changed their fiscal year in 2013 to start July 1st. The change of fiscal year was approved by the Board under consideration of the House Bill (HB) 98 of the 76th Legislature (1999) which approved an option that allows Districts to change the start date for their fiscal year for financial management activities. According to HB 98, school Districts may choose a fiscal year that begins on either July 1 or September 1 of each year. Previously, the District operated with a fiscal year that began September 1st through August 31st.

State Funding Components

- Maintenance and Operations Tax Rate - \$1.04
- Interest and Sinking Tax Rate - \$.4895
- High School Allotment – \$275 per grades 9-12 ADA
- Basic Allotment – \$5,040
- Revenue at Compressed Rate per WADA – \$5,336
- Equalized Wealth Level – \$319,500
- A guaranteed yield to \$61.86 per penny of tax effort on the first 6 cents of local option.
- A guaranteed yield to \$31.95 per penny of tax effort on the last 11 cents of local option.
- Student transportation provides additional state funds.

Long-Term Financial Planning

The District has maintained its fund balance to insure that the needed resources are available to provide for current operations and unexpected situations:

- The Technology Department moved in June before the 2014-2015 school year into the renovated section of our Summit School for alternative education. The section is called the IDEA(Innovation/Developing/Engaging/Academics) Hub. This renovation and move allows the District to save money on a lease of a building we had with the City of Duncanville.
- For the future, the District is seeking to pay off outstanding financial obligations.

Major Initiatives

Capital Projects The community's approval of a \$102,545 million Bond Program, November 2, 2014 to replace two Elementary Schools and brought much-needed changes to many of the district facilities. In addition to constructing the two replacement elementary schools, through bond funding every existing campus is having technology renovations.

Independent Audit

A financial audit is required annually for each school district, and is to be made on an organization-wide basis, including all fund types and account groups that are the accounting responsibility of the school district. The Board of Trustees selected the accounting firm Hankins, Eastup, Deaton, Tonn and Seay, for the 2014-2015 financial audit.

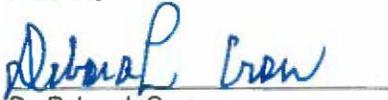

Summary of Achievements

- Senate Bill (SB) 218 of the 77th Legislature (2001) authorized the implementation of a financial accountability rating system called school FIRST (Financial Integrity Rating System of Texas). The District received the highest rating of Superior Achievement. This rating shows that the District's schools are accountable not only for student learning, but also for achieving those results cost effectively and efficiently. This rating is based upon an analysis of staff and student data reported for the 2013-2014 school year and budgetary and actual financial data for the fiscal year ending June 30, 2014. The District has received a Superior Achievement rating for the past thirteen years.
- According to the No Child Left Behind Act, school districts are required to meet the state's measurable highly qualified requirements. For the fourteenth year in a row, the District has 100% of the core academic subjects taught by highly qualified teachers.
- All of the District's campuses Met TEA School Accountability Standards for TEA School Accountability Standards for 2015.
- The Texas Comptroller's Office awarded a Fifth Year Platinum Award to the District for the Texas Comptroller Leadership Circle Program 2011, 2012, 2013, 2014 and 2015. This award is given to local governments across the state of Texas striving to meet a high standard for financial transparency online.
- Received the ASBO Certificate of Excellence in Financial Reporting Award for a second time for the fiscal year end of June 30, 2014.
- Received the Government Finance Officers Association, Certificate of Achievement for Excellence in Financial Reporting for a third time for the fiscal year end of June 30, 2012, June 30, 2013, and June 30 2014.

Acknowledgements

The presentation and development of this report would not be possible without the special efforts of Stefani Pudgurney – Director of Accounting, Learning Services, Human Resources and other staff members. We would also like to express our appreciation to the Board of Trustees for their interest and support regarding District financial operations.

Sincerely,

Dr. Deborah Cron

To the Board of Trustees
Duncanville Independent School District
Duncanville, Texas

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Duncanville Independent School District (the District), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standard* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Duncanville Independent School District as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Notes 1 and 17 to the financial statements, the District adopted the provisions of Governmental Accounting Standards Board ("GASB") Statement No. 68, *Accounting and Financial Reporting for Pensions* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*, as of June 30, 2015. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *management's discussion and analysis* on pages 19 through 27 and the *pension schedules* on pages 70 and 71 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Duncanville Independent School District's basic financial statements. The introductory section, other supplementary information (as described in the accompanying table of contents), required Texas Education Agency schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The other supplementary information (as described in the accompanying table of contents), the required Texas Education Agency schedules, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information (as described in the accompanying table of contents), the required Texas Education Agency schedules, and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 2, 2015 on our consideration of Duncanville Independent School District's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Duncanville Independent School District's internal control over financial reporting and compliance.

**DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2015
(UNAUDITED)**

This section of Duncanville Independent School District's annual financial report presents our discussion and analysis of the District's financial performance during the year ended June 30, 2015. Please read it in conjunction with the District's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

On a Government-wide Basis:

- The District's total net position was \$25,156,462 at June 30, 2015. A total of \$16,318,330 is unrestricted and may be used to meet the District's ongoing obligations.
- The District's total net position increased by \$3,025,782 during the fiscal year from the result of current year operations. Total net position at the beginning of the fiscal year decreased by \$17,578,760 due to new standards that required recording of the District's proportionate share of the Texas Teacher Retirement System's net pension liability.
- The total cost of the District's programs was \$129,767,067 for the year ended June 30, 2015.

In accordance with Fund Accounting:

- The District's governmental funds financial statements reported a combined ending fund balance of \$149,657,067. Of this amount, the General Fund includes \$289,122 of nonspendable funds, \$815,000 committed for the District's retirement plan, \$3,116,977 of assigned fund balance, and \$39,588,525 of unassigned fund balance available for spending at the District's discretion. The Special Revenue Funds have a fund balance of \$1,001,843 primarily restricted or committed with a small portion in the nonspendable and assigned categories. Fund balance of \$104,845,600 is restricted for use by the Debt Service and Capital Projects Funds.
- The District's General Fund reported an unassigned fund balance of \$39,588,525 or 40.2% of the total General Fund expenditures for the year ended June 30, 2015.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts – *management's discussion and analysis* (this section), the *basic financial statements*, and *other supplementary information*. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the District's *overall* financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the government, reporting the District's operations in *more detail* than the government-wide statements.
 - *Governmental fund* statements tell how *general government* services were financed in the *short term* as well as what remains for future spending.
 - *Proprietary fund* statements offer *short-* and *long-term* financial information about the activities the government operates *like businesses*.

- *Fiduciary fund* statements provide information about the financial relationships in which the District acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong.

The financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data.

The remainder of this overview section of management’s discussion and analysis explains the structure and contents of each of the financial statements.

Government-wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes *all* of the government’s assets and liabilities. All of the current year’s revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements, *statement of net position* and *statement of activities*, report the District’s *net position* and how it has changed. Net position—the difference of the District’s assets, and deferred outflows and resources; less liabilities, and deferred inflows of resources—is one way to measure the District’s financial health or *position*.

- Over time, increases or decreases in the District’s net position is an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the District, you need to consider additional non-financial factors such as changes in the District’s tax base.

The government-wide financial statements of the District include the *governmental activities*. These statements recognize the District’s functions, such as instruction, extracurricular activities, curriculum and staff development, health services, and general administration as being primarily supported by property taxes and intergovernmental revenues. The government-wide financial statements can be found on pages 18 and 19 of this report.

Fund Financial Statements

The fund financial statements provide more detailed information about the District’s most significant *funds*—not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes.

- Some funds are required by State law and by bond covenants.
- The Board of Trustees establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

The District has three kinds of funds:

- *Governmental funds*—Most of the District’s basic services are included in governmental funds, which focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District’s programs. Because the focus of the governmental funds is shorter-term than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government’s short-term financing decisions. In addition, reconciliations are provided following the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances to aid in the comparison between *governmental funds* and *governmental activities*. The basic governmental fund financial statements can be found beginning on page 20 of this report. Page 28 also includes a Budgetary Comparison Statement for the General Fund.
- *Proprietary funds*—Services for which the District charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long- and short-term financial information. There are two types of proprietary funds:
 - *Internal service funds* are used to report activities that provide supplies and services for the District’s other programs and activities—such as the District’s Worker’s Compensation Self Insurance Fund.
 - *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The District does not maintain any *enterprise funds*.

The basic proprietary fund financial statements can be found beginning on page 29 of this report.

- *Fiduciary funds*—The District is the trustee, or *fiduciary*, for certain funds. It is also responsible for other assets that—because of a trust arrangement—can be used only for the trust beneficiaries. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District’s fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position that can be found on pages 29 and 30 of this report. We exclude these activities from the District’s government-wide financial statements because the District cannot use these assets to finance its operations.

Notes to the Financial Statements

The notes provide additional information that is essential to a complete understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found beginning on page 34 of this report.

Other Information

This report also presents certain *required supplementary information, combining schedules, and other information* required by the Texas Education Agency that further explains and supports the information in the financial statements. The required supplementary information, combining schedules, and other TEA required information can be found on pages 58-77 of this report.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net position. The District's *combined* net position was \$25,156,462 at June 30, 2015. (See Table A-1).

Table A-1

	Governmental Activities		Percentage Change
	June 30, 2015	June 30, 2014	
Current and Other Assets	166,371,458	65,161,373	155%
Capital Assets	159,129,221	164,313,141	-3%
Total Assets	325,500,679	229,474,514	42%
Deferred Outflows of Resources	8,027,088	6,893,289	16%
Current Liabilities	13,666,510	12,282,355	11%
Noncurrent Liabilities	290,021,599	184,376,008	57%
Total Liabilities	303,688,109	196,658,363	54%
Deferred Inflows of Resources	4,683,196	-	N/A
Net Position:			
Net Investment in Capital Assets	(927,924)	3,815,635	N/A
Restricted	9,766,056	9,343,858	5%
Unrestricted	16,318,330	26,549,947	-39%
Total Net Position	25,156,462	39,709,440	-37%

Net investment in capital assets (e.g. land, buildings, furniture, and equipment) is (\$927,924). Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay the debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. An additional amount, \$9,766,056 (restricted net position), represents resources that are subject to external limitations on how they may be used. The remaining \$16,318,330 (unrestricted net position) represents resources available to fund future activities of the District.

Change in net position. The District's total revenues were \$132,792,849. Forty-five percent of the District's revenues comes from state allocations – formula grants and thirty-seven percent from property taxes. (See Figure A-1) Sixteen percent relates to grants and contributions (including federal funds).

Figure A-1

District Sources of Revenue for Fiscal Year 2015

Governmental Activities. The total cost of all programs and services was \$129,767,067 (See Table A-2); 54% of these costs are for instruction and instructional related services.

Ending Net Position	25,156,462	39,709,440	-37%

Table A-3 presents the cost of each of the District’s largest functions, as well as, each function’s *net cost* (total cost less fees generated by the activities and intergovernmental aid). The net cost reflects what was funded by general state revenues as well as local tax dollars.

- The cost of all *governmental* activities for the year was \$129,767,067.
- The amount that our taxpayers paid for these activities through property taxes was \$48,702,129.
- Some of the cost was paid by those who directly benefited from the programs \$3,996,241, or
- By operating grants and contributions \$20,719,274.

**Table A-3

FINANCIAL ANALYSIS OF THE DISTRICT’S FUNDS

Revenues of the General Fund totaled \$103,238,716, an increase of 1.7% compared to the preceding period’s General Fund revenues. Local revenues increased by 5.1% due to an increase in property values, state revenues decreased 0.5%, and federal revenues in the General Fund increased by 12.8%. The state funding formula was increased for the current fiscal year by the state. The increase in the funding formula was offset by a 0.6% decrease in average daily attendance.

Debt Service Fund revenues increased due to a 5.3% increase in taxable values. Debt service expenditures increased 7.7% due to a one-time \$1.145 million principal redemption. The Capital Projects Fund accounted for a new \$88.17 million (par value) bond issue in fiscal year 2015.

General Fund Budgetary Highlights

Over the course of the fiscal period, the District amended its budget several times. Even with these adjustments, actual expenditures were \$3,488,648 below final budgeted amounts. The most significant positive variances resulted from instruction, curriculum and instructional staff development and facilities maintenance and operations. A portion of the positive variance for instruction is due to payroll costs being less than anticipated. The positive variance for curriculum and instructional staff development and the positive variance in facilities maintenance and operations were due to cost savings during the year.

Additionally, resources available were \$3.1 million above the final budgeted amounts. The positive variance is primarily due to additional state funding and federal SHARS funding in excess of budgeted amounts.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

As of June 30, 2015, the District had invested \$299,286,127 in a broad range of capital assets, including land, land improvements, buildings and improvements and furniture and equipment (See Table A-4). This amount represents a net increase (including additions and deductions) of \$1,299,358 or .44 percent more than last year.

Table A-4
District's Capital Assets

	Governmental Activities		Total % Change
	June 30, <u>2015</u>	June 30, <u>2014</u>	
Land	5,151,359	5,151,359	0.00%
Construction in Progress	1,300,788	-	N/A
Land Improvements	8,831,764	8,831,764	0.00%

Total Accumulated Depreciation	<u>(140,156,906)</u>	<u>(133,673,628)</u>	4.85%
Net Capital Assets	<u>159,129,221</u>	<u>164,313,141</u>	-3.15%

More detailed information about the District's capital assets is presented in Note 6 to the financial statements.

Long-Term Debt

At June 30, 2015, the District had \$274,712,184 in bonds payable as shown in Table A-5. During the current fiscal year, the District issued \$88.17 million (par value) of new school building bonds to finance approved construction and other projects. More detailed information about the District's debt is presented in Notes 9 through 12 to the financial statements.

Table A-5
District's Long Term Debt

	Governmental Activities		Total % Change
	June 30, <u>2015</u>	June 30, <u>2014</u>	
General Obligation Bonds	225,991,096	144,385,236	56.52%
Accreted Interest	14,639,319	16,697,391	-12.33%
Bond Premium/Discount	<u>34,081,769</u>	<u>23,293,381</u>	46.32%
Total Long-Term Debt	<u>274,712,184</u>	<u>184,376,008</u>	49.00%

Bond Ratings

The District's bonds presently carry "AAA" ratings with underlying ratings as follows:
Moody's Investor Services "Aa3" and Standard & Poors "AA-"

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

- Appraised value used for the 2016 budget preparation increased 5.4% from the previous year.
- The District's refined average daily attendance (ADA) was based on a decrease in enrollment of approximately 100 students.
- State funding is estimated to decrease approximately \$500,000 in 2016 due to higher local tax collections and lower ADA.

These indicators were taken into account when adopting the general fund budget for 2016. Amounts available for appropriation in the general fund budget are \$102.2 million, a decrease of 1.0 percent compared to the 2015 actual revenue of \$103.2 million. Expenditures are budgeted at \$105.3 million in 2016, an increase of 6.8 percent, mainly due to an increase in personnel costs. General operating fund spending per student is approximately \$8,194 in the 2016 budget.

The District's maintenance and operations tax rate remained \$1.04 per \$100 of taxable value for the 2015 fiscal year. The debt service tax rate increased from \$0.37 per \$100 of taxable value to \$0.4895 per \$100 of taxable value for the 2016 fiscal year due to increased debt service payments related to the 2015 bond series.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, please contact the District's Financial Services Department.

DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE
STATEMENT OF NET POSITION
JUNE 30, 2015

Total Fund Balances - Governmental Funds	\$	149,657,067
1 The District uses internal service funds to charge the costs of certain activities, such as self-insurance and transportation, to appropriate functions in other funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.		1,451,676
2 Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the fund financial statements.		299,286,127
3 Accumulated depreciation is not reported in the fund financial statements.		(140,156,906)
4 Bonds payable are not reported in the fund financial statements.		(225,991,096)
5 Accreted interest payable on capital appreciation bonds is not reported in the fund financial statements.		(14,639,319)
6 Property tax revenue reported as unavailable revenue in the fund financial statements is recognized as revenue in the government-wide financial statements.		2,633,914
7 Interest on outstanding debt is accrued in the government-wide financial statements, whereas in the fund financial statements interest expenditures are reported when due.		(1,037,709)
8 Bond premiums are not recognized in the fund financial statements.		(34,081,769)
9 Deferred charges on bond refundings are not recognized in the fund financial statements.		4,728,166
10 Included in the items related to government-wide long-term debt is the recognition of the District's proportionate share of the net pension liability required by GASB 68 in the amount of \$15,309,415, Deferred Resource Inflows related to TRS in the amount of \$4,683,196, and Deferred Resource Outflows related to TRS in the amount of \$3,298,922. This results in a decrease in Net Position in the amount of \$16,693,689.		(16,693,689)
19 Net Position of Governmental Activities	\$	25,156,462

The notes to the financial statements are an integral part of this statement.

DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
 RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,
 AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
 FOR THE YEAR ENDED JUNE 30, 2015

Total Net Change in Fund Balances - Governmental Funds	\$ 99,960,037
The District uses internal service funds to charge the costs of certain activities, such as self-insurance, to appropriate functions in other funds. The net effect of this consolidation is to increase net position.	42,946
Current year capital asset additions are expenditures in the fund financial statements, but they are shown as increases in capital assets in the government-wide financial statements. The net effect of reclassifying the current year capital asset additions is to increase net position.	2,492,059
Depreciation is not recognized as an expenditure in governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation is to decrease net position in the government-wide financial statements.	(7,573,853)
Current year long-term debt principal payments on bonds payable and payments of accreted interest on capital appreciation bonds are expenditures in the fund financial statements, but are shown as reductions in long-term debt in the government-wide financial statements.	9,871,530
Current year interest accretion on capital appreciation bonds is not reflected in the fund financial statements, but is shown as an increase in long-term debt in the government-wide financial statements.	(2,014,318)
Current year amortization of the premium/discount on bonds payable is not recorded in the fund financial statements, but is shown as a reduction in long-term debt in the government-wide financial statements.	1,373,980
Revenues from property taxes are not recognized in the fund financial statements until they are considered available to finance current expenditures, but such revenues are recognized when assessed, net of an allowance for uncollectable amounts, in the government-wide financial statements.	(202,980)
Interest expense on outstanding debt is accrued in the government-wide financial statements, whereas in the fund financial statements interest expenditures are reported when due.	25,927
Current year amortization of the deferred charges on bond refundings is not recognized in the fund financial statements, but is shown as a reduction of the deferred charges in the government-wide financial statements.	(2,249,356)
The current year issuance of refunding bonds and regular bonds is shown as other resources in the fund financial statements, but is shown as an increase in long-term debt in the government-wide financial statements.	(97,005,000)

The notes to the financial statements are an integral part of this statement.

DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
 RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,
 AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
 FOR THE YEAR ENDED JUNE 30, 2015

<p>The premiums on the current year issuance of refunding bonds and regular bonds are recorded as other financing sources in the fund financial statements, but are shown as an increase in long-term debt in the government-wide financial statements.</p>	(12,162,368)
<p>The current year payment to the escrow agent for refunding debt is an other financing use in the fund financial statements, but is reported as a reduction in long-term debt in the government-wide financial statements. The payment of \$9,815,608 include the payments to refund bonds of \$9,600,000 plus accrued interest of \$131,375 and a deferred loss on bond refundings of \$84,233.</p>	9,684,233
<p>In the statement of activities, the loss on the asset disposal is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. The change in net position differs from the change in fund balances by the cost of assets disposed.</p>	(102,126)
<p>The implementation of GASB 68 required that certain expenditures be de-expended and recorded as deferred resource outflows. These contributions made after the measurement date of 8/31/2014 caused the change in the ending net position to increase \$2,067,028. Contributions made before the measurement but during the 2015 FY were also de-expended and recorded as a reduction in the net pension liability of the District. This also caused an increase in the change in net position of \$233,127. These contributions were replaced with the District's pension expense for the measurement year of \$1,415,084, which results in a decrease in the change in net position. The net effect of all of these is to increase the change in net position by \$885,071.</p>	885,071
<p>Change in Net Position of Governmental Activities</p>	<hr style="border: 0.5px solid black;"/> \$ 3,025,782 <hr style="border: 0.5px solid black;"/>

The notes to the financial statements are an integral part of this statement.

FOR THE YEAR ENDED JUNE 30, 2015**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Duncanville Independent School District (the "District") is a public educational agency operating under the applicable laws and regulations of the State of Texas. It is governed by a seven member Board of Trustees (the "Board") elected by registered voters of the District. The District prepares its basic financial statements in conformity with generally accepted accounting principles promulgated by the Governmental Accounting Standards Board and other authoritative sources; and it complies with the requirements of the appropriate version of Texas Education Agency's *Financial Accountability System Resource Guide* (the "Resource Guide") and the requirements of contracts and grants of agencies from which it receives funds. The following is a summary of the more significant accounting policies of the District.

Reporting Entity

The Board of Trustees (the "Board") is elected by the public and it has the authority to make decisions, appoint administrators and managers, and significantly influence operations. It also has the primary accountability for fiscal matters. Therefore, the District is a financial reporting entity as defined by the Governmental Accounting Standards Board ("GASB") in its Statement No. 14, "The Financial Reporting Entity." There are no component units included within the reporting entity and the District is not included in any other governmental reporting entity.

Government-Wide and Fund Financial Statements

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of the Duncanville Independent School District non-fiduciary activities with most of the inter-fund activities removed. Governmental activities include programs supported primarily by taxes, state foundation funds, grants and other intergovernmental revenues. Business-type activities include operations that rely to a significant extent on fees and charges for support. The District has no business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The fund financial statements provide reports on the financial condition and results of operations for three fund categories – governmental, proprietary, and fiduciary. Since the resources in the fiduciary funds cannot be used for District operations, they are not included in the government-wide statements. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as non-major funds.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All other revenues and expenses are non-operating.

**DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES- continued

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting, as do the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the State are recognized under the susceptible to accrual concept. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available.

Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. Accordingly, when such funds are received, they are recorded as unearned revenues until related and authorized expenditures have been made. If balances have not been expended by the end of the project period, grantors sometimes require the District to refund all or part of the unused amounts.

The Proprietary Fund Types and Fiduciary Funds are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included in the proprietary funds Statement of Net Position. Net position is segregated into net investment in capital assets, restricted net position, and unrestricted net position.

**DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES- continued

Fund Accounting

The District reports the following major governmental funds:

1. **General Fund** – The general fund is the District's primary operating fund. It accounts for all financial resources except those required to be accounted for in another fund.
2. **Debt Service Fund** – The debt service fund is utilized to account for the accumulation of resources and the payment of general long-term debt principal, interest, and related costs arising from general obligation bonds.
3. **Capital Projects Fund** – The capital projects fund is utilized to account for financial resources to be used for the acquisition or construction of major capital facilities. Such resources are derived from proceeds of General Obligation Bonds and interest earned on such monies and local sources designated for such purpose.

Additionally, the District reports the following nonmajor fund type(s):

Governmental Funds

1. **Special Revenue Funds** – The District accounts for resources restricted to, or designated for, specific purposes by the District or a grantor in a special revenue fund. Most Federal and some State financial assistance is accounted for in a Special Revenue Fund and sometimes unused balances must be returned to the grantor at the close of specified project periods.

Proprietary Funds

Internal Service Funds – Revenues and expenses related to services provided to organizations inside the District on a cost reimbursement basis are accounted for in an internal service fund. The District's Internal Service Funds are for transportation, a print shop, and the District's Worker's Compensation Self-Insurance Fund.

Fiduciary Funds

Private Purpose Trust Funds – The District accounts for donations for which the donor has stipulated that both the principal and the income may be used for purposes that benefit parties outside the District. The District's Private Purpose Trust Funds are scholarship funds that are awarded to current and former students for post-secondary education purposes.

Agency Funds – The District accounts for resources held for others in a custodial capacity in agency funds. The District's Agency Fund is the Student Activity Fund.

**DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES- continued

Implementation of New Standards

In the current fiscal year, the District implemented the following new standards:

GASB Statement 68, *Accounting and Financial Reporting for Pensions* ("GASB 68") establishes accounting and financial reporting standards for pensions that are provided to the employees of state and local governmental employers through pension plans that are administered through trusts or similar arrangements that meet certain criteria. The Statement establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures. Implementation is reflected in the financial statements, notes to the financial statements and required supplementary information.

GASB Statement 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date* ("GASB 71") amends the transition provisions of GASB 68. GASB 71 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions made subsequent to the measurement date of the beginning net pension liability. Implementation is reflected in the financial statements and the notes to the financial statements.

Cash and Cash Equivalents

For the purposes of the statement of cash flows for proprietary and similar fund types, the District considers highly liquid investments to be cash equivalents if they have a maturity of three months or less when purchased.

Investments

In accordance with GASB Statement No. 31, the District's general policy is to report money market investments and short-term participating interest-earning investment contracts at amortized cost and to report nonparticipating interest-earning investment contracts using a cost-based measure. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value. All other investments are reported at fair value unless a legal contract exists which guarantees a higher value. The term "short-term" refers to investments which have a remaining term of one year or less at time of purchase. The term "nonparticipating" means that the investment's value does not vary with market interest rate changes.

Inventories of Supplies and Materials

Supplies and materials to be utilized in governmental funds are recorded as expenditures under the consumption method. Under the consumption method, cost is recorded as an expenditure in the period supplies and materials are utilized. Supplies and materials purchased for the subsequent year are recorded by specific identification. All inventories are capitalized at cost using the first-in, first-out valuation method.

**DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
 NOTES TO BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2015**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES- continued

Property Taxes

Property taxes are levied by October 1, on the assessed value listed as of January 1 for all real and business personal property located in the District in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 31 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available (1) when they become due or past due and receivable within the current period and (2) when they are expected to be collected during a 60-day period after the close of the school fiscal year.

Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. Allowances for uncollectible tax receivables within the General and Debt Service Funds are based on historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

Capital Assets

Capital assets, which include land, buildings, furniture and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Buildings, furniture and equipment of the District are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	50
Building improvements	7-30
Vehicles	5-10
Office equipment	5-20
Computer equipment	5

Long-Term Debt

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bond issuance costs are expensed when incurred.

**DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES- continued

Long-Term Debt- continued

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

Net Position

Net position represents the difference between assets and deferred outflows of resources; and liabilities and deferred inflows of resources. Net position investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets, and adding back unspent long-term debt proceeds. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation's adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Unrestricted net position is available for the general use of the District.

When both restricted and unrestricted net position is available, restricted net position is expended before unrestricted net position if such use is consistent with the restricted purpose.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditures of monies are recorded in order to reserve that portion of the applicable appropriation until expended or accrued as a liability of the fund, is employed as an integral part of the accounting system. There were no material encumbrances outstanding as of year-end.

Data Control Codes

The Data Control Codes refer to the account code structure prescribed by TEA in the *Financial Accountability System Resource Guide*. Texas Education Agency requires school districts to display these codes in the financial statements filed with the Agency in order to insure accuracy in building a statewide database for policy development and funding plans.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

The amount of state foundation revenue a school district earns for a year can and does vary until the time when final values for each of the factors in the formula become available. Availability can be as late as midway into the next fiscal year. It is at least reasonably possible that the foundation revenue estimate as of June 30, 2015 will change.

**DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

NOTE 2. FUND BALANCES

The District has implemented GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions." This Statement provides clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balances more transparent.

Fund Balance Classification: The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The District has classified inventories as being nonspendable as these items are not expected to be converted to cash.
- Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. Debt service resources are to be used for future servicing of the District's bonded debt and are restricted through debt covenants. Capital projects resources are restricted for future capital outlay. Federal and State grant resources are restricted because their use is restricted pursuant to the grant requirements.
- Committed: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the District's Board of Trustees. The Board of Trustees establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. This can also be done through adoption and amendment of the budget. These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The Board of Trustees has committed resources as of June 30, 2015 for the District's retirement incentive plan and for campus activities.
- Assigned: This classification includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Trustees or through the Board of Trustees delegating this responsibility to other individuals in the District. Under the District's adopted policy, only the Board of Trustees may assign amounts for specific purposes. The General Fund has assigned fund balance equal to the 2015-2016 adopted budget deficit. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund.
- Unassigned: This classification includes all amounts not included in other spendable classifications, including the residual fund balance of the General Fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board of Trustees has provided otherwise in its commitment or assignment actions.

**DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
 NOTES TO BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2015**

NOTE 2. FUND BALANCES- continued

The details of the fund balances are included in the Governmental Funds Balance Sheet and are described below:

General Fund

The General Fund has nonspendable fund balance of \$289,122, consisting of inventories. The Board of Trustees has committed \$815,000 of the General Fund fund balance for the District's retirement incentive plan. The General Fund has \$3,116,977 of assigned fund balance which equals the 2015-2016 adopted budget deficit. The General Fund has unassigned fund balance of \$39,588,525 at June 30, 2015.

Debt Service Fund

The Debt Service Fund has restricted funds of \$9,558,046 at June 30, 2015 consisting primarily of property tax collections that are restricted for debt service payments on bonded debt.

Capital Projects Fund

The Capital Projects Fund has restricted funds of \$95,287,554 at June 30, 2015 consisting primarily of remaining bond issuance proceeds that are restricted for construction and other capital outlay expenditures.

Other Funds

The National Breakfast and Lunch Program (a special revenue fund) has nonspendable fund balance of \$121,451 consisting of inventories. The fund balance of \$405,723 of the Campus Activity Funds (a special revenue fund) is shown as committed due to Board policy committing those funds to campus activities. The following special revenue fund fund balance is restricted by Federal or State grant restrictions:

National Breakfast and Lunch Program	\$465,948
Advanced Placement Incentives	4,120
State Textbook Fund	2,713
Other State Grants	<u>26</u>
Total	<u>\$472,807</u>

The \$1,862 fund balance of the Education Foundation Grants Fund (a special revenue fund) is assigned to be expended on those grants.

**DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

NOTE 3. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgetary Data

The Board of Trustees adopts an "appropriated budget" on a basis consistent with generally accepted accounting principles for the General Fund, Debt Service Fund and the Food Service Fund (which is included in the Special Revenue Funds). The District is not legally required to adopt a budget for the Title XIV ARRA State Stabilization Fund or the ARRA Education Jobs Fund. The District is required to present the adopted and final amended budgeted revenues and expenditures for each of these funds. The District compares the final amended budget to actual revenues and expenditures. The General Fund Budget Statement appears as Exhibit C-5 and the other two reports are reflected as other supplementary information.

The following procedures are followed in establishing the budgetary data reflected in the general purpose financial statements:

1. Prior to June 20 the District prepares a budget for the next succeeding fiscal year beginning July 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the Board is then called for the purpose of adopting the proposed budget. At least ten days public notice of the meeting must be given.
3. Prior to July 1, the budget is legally enacted through passage of a resolution by the Board. Once a budget is approved, it can only be amended at the function and fund level by the approval of a majority of the members of the Board. Amendments are presented to the Board at its regular meetings. Each amendment must have Board approval. As required by law, such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year end. The following amendments were significant.
 - a. Curriculum & Instructional Staff Development budget was increased by \$461,595.
 - b. Facilities Maintenance & Operations budget was increased by \$1,097,923.
4. The Texas Education Agency requires these budgets to be filed with the Texas Education Agency. The budget should not be exceeded in any functional expenditure category under TEA requirements. The original and final amended versions of these budgets are used in this report.

NOTE 4. DEPOSITS AND INVESTMENTS

The District's funds are required to be deposited and invested under the terms of a depository contract. The depository bank deposits for safekeeping and trust, with the District's agent bank, approved pledged securities in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

**DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

NOTE 4. DEPOSITS AND INVESTMENTS- continued

1. Cash Deposits:

At June 30, 2015, the carrying amount of the District's deposits (checking accounts and interest-bearing demand accounts) was \$(212,120) and the bank balance was \$1,067,299. The District's cash deposits at June 30, 2015 were entirely covered by FDIC insurance or by pledged collateral held by the District's agent bank in the District's name. The District's deposits were fully collateralized throughout the fiscal year.

2. Investments:

The Public Funds Investment Act (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the District to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, (9) and bid solicitation preferences for certificates of deposit. Statutes authorize the District to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas; (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) Mutual Funds, (8) Investment pools, (9) guaranteed investment contracts, (10) and common trust funds. The Act also requires the District to have independent auditors perform test procedures related to investment practices as provided by the Act. The District is in substantial compliance with the requirements of the Act and with local policies.

In compliance with the Public Funds Investment Act, the District has adopted a deposit and investment policy. That policy addresses the following risks:

- a. Custodial Credit Risk – Deposits: In the case of deposits, this is the risk that, in the event of a bank failure, the District's deposits may not be returned to it. As of June 30, 2015, the District's cash deposits totaled \$1,067,299. This entire amount was either collateralized with securities held by the District's agent or covered by FDIC insurance. Thus, the District's deposits are not exposed to custodial credit risk as of June 30, 2015.
- b. Custodial Credit Risk - Investments: For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At June 30, 2015, the District held investments in four public funds investment pools. Investments in external investment pools are considered unclassified as to custodial credit risk because they are not evidenced by securities that exist in physical or book entry form.

**DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

NOTE 4. DEPOSITS AND INVESTMENTS- continued

- c. Credit Risk: This is the risk that an issuer or other counterparty to an investment will be unable to fulfill its obligations. The rating of securities by nationally recognized rating agencies is designed to give an indication of credit risk. The credit quality rating for Lone Star Investment Pool at year-end was AAAM (Standard & Poor's). The credit quality rating for TexPool Investment Pool at year-end was AAAM (Standard & Poor's). The credit quality rating for LOGIC at year-end was AAAM (Standard & Poor's). The credit quality rating for MBIA Texas CLASS at year-end was AAAM (Standard & Poor's).

- d. Interest Rate Risk: This is the risk that changes in interest rates will adversely affect the fair value of an investment. The District manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to less than one year from the time of purchase. The weighted average maturity for the District's investment in external investment pools is less than 90 days.

- e. Foreign Currency Risk: This is the risk that exchange rates will adversely affect the fair value of an investment. At June 30, 2015, the District was not exposed to foreign currency risk.

- f. Concentration of Credit Risk: This is the risk of loss attributed to the magnitude of the District's investment in a single issuer (i.e., lack of diversification). Concentration risk is defined as positions of 5 percent or more in the securities of a single issuer. Investment pools and U.S. Government Securities are excluded from the 5 percent disclosure requirement.

Public funds investment pools in Texas ("Pools") are established under the authority of the Interlocal Cooperation Act, Chapter 79 of the Texas Government Code, and are subject to the provisions of the Public Funds Investment Act (the "Act"), Chapter 2256 of the Texas Government Code. In addition to other provisions of the Act designed to promote liquidity and safety of principal, the Act requires Pools to: 1) have an advisory board composed of participants in the pool and other persons who do not have a business relationship with the pool and are qualified to advise the pool; 2) maintain a continuous rating of no lower than AAA or AAA-m or an equivalent rating by at least one nationally recognized rating service; and 3) maintain the market value of its underlying investment portfolio within one half of one percent of the value of its shares.

The District's investments in Pools are reported at an amount determined by the fair value per share of the pool's underlying portfolio, unless the pool is 2a7-like, in which case they are reported at share value. A 2a7-like pool is one which is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940.

**DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

NOTE 4. DEPOSITS AND INVESTMENTS- continued

The District's investments at June 30, 2015, are shown below:

<u>Name</u>	<u>Carrying Amount</u>	<u>Market Value</u>
Lone Star Investment Pool	\$ 18,929,136	\$ 18,929,136
LOGIC Investment Pool	1,127,553	1,127,553
MBIA Texas CLASS Investment Pool	1,619,429	1,619,429

 Total depreciation expense	 <u>\$7,573,853</u>

NOTE 7. DUE FROM OTHER GOVERNMENTS

The District participates in a variety of federal and state programs from which it receives grants to partially or fully finance certain activities. In addition, the District receives entitlements from the State through the School Foundation and Per Capita Programs. Amounts due from federal and state governments as of June 30, 2015, are summarized below. All federal grants shown below are passed through the TEA and are reported on the combined financial statements as Due from Other Governments.

<u>Fund</u>	State <u>Entitlements</u>	Federal <u>Grants</u>	<u>Total</u>
General	\$16,786,990	\$ 100,516	\$16,887,506

NOTE 9. BONDS PAYABLE

The District issues general obligation bonds for the governmental activities to provide funds for the acquisition of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the District. Current principal and interest requirements are payable solely from future revenues of the Debt Service Fund which consists principally of property taxes collected by the District and interest earnings.

A summary of bonds payable for the year ended June 30, 2015 is as follows:

<u>Description</u>	<u>Interest Rate Payable</u>	<u>Amounts Original Issue</u>	<u>Amounts Outstanding 7/01/14</u>	<u>Issued</u>	<u>Retired</u>	<u>Amounts Outstanding 6/30/15</u>	<u>Amounts Due Within One Year</u>
Unlimited tax school building and refunding bonds – Series 2001B	3.90-6.10%	\$126,774,891	\$ 3,699,140	\$ -	\$ 3,699,140	\$ -	\$ -

Debt service requirements are as follows:

<u>Years Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Requirements</u>
2016	\$ 3,965,000	\$ 13,904,728	\$ 17,869,728
2017	3,950,000	15,506,150	19,456,150
2018	3,290,000	15,414,800	18,704,800
2019	8,585,000	10,350,200	18,935,200
2020	1,606,096	17,164,004	18,770,100
2021-2025	33,100,000	59,305,031	92,405,031
2026-2030	61,440,000	34,009,819	95,449,819
2031-2035	51,840,000	19,720,513	71,560,513
2036-2040	25,485,000	12,132,750	37,617,750
Thereafter	<u>32,730,000</u>	<u>5,072,749</u>	<u>37,802,749</u>
	<u>\$225,991,096</u>	<u>\$202,580,744</u>	<u>\$428,571,840</u>

The District has four bond series that include Capital Appreciation Bonds. No interest is paid on these bonds prior to maturity. The bonds mature variously in 2016 through 2022. Interest accrues on these bonds each February 15 and August 15 even though the interest is not paid until maturity.

**DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

NOTE 9. BONDS PAYABLE- continued

There are a number of limitations and restrictions contained in the general obligation bond indenture. Management has indicated that the District is in compliance with all significant limitations and restrictions.

NOTE 10. DEBT ISSUANCES AND DEFEASED DEBT

In June 2015, the District issued \$89,170,000 (par value) in Unlimited Tax School Building Bonds to provide funds for authorized construction and other projects. The net proceeds of the issue were \$98,375,278 (\$88,170,000 par amount of the bonds plus \$11,029,780 of premium paid on the bonds less \$824,502 of underwriting fees and other issuance costs). \$97,785,000 of the net proceeds were deposited to the District's Capital Projects Fund, and \$590,278 (representing excess proceeds) was deposited to the District's Debt Service Fund.

In December 2014, the District issued \$8,835,000 (par value) in Unlimited Tax School Refunding Bonds to advance refund \$9,600,000 (par value) of outstanding bonds. The net proceeds of \$9,815,608 (\$8,835,000 par amount of the bonds plus \$1,132,588 of premium paid on the bonds less \$151,981 of underwriting fees, insurance, and other issuance costs) were used to advance refund \$9,600,000 of principal plus interest on the refunded bonds. The refunded bonds were repaid from the irrevocable trust when the bonds reached their call date on February 15, 2015.

The refunding was undertaken to reduce the District's total debt service payments by \$1,972,676 and to obtain an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$1,501,459.

NOTE 11. DEFERRED CHARGE ON BOND REFUNDINGS

The District's deferred charges on bond refundings are as follows:

Balance – June 30, 2014	\$6,893,289
Current year deferred charge on bond refundings	84,233
Current period amortization	<u>(2,249,356)</u>
Balance – June 30, 2015	<u>\$4,728,166</u>

Total Governmental Activities					
Long-term Liabilities	<u>\$184,376,008</u>	<u>\$111,181,686</u>	<u>\$20,845,510</u>	<u>\$274,712,184</u>	<u>\$8,834,050</u>

NOTE 13. DEFINED BENEFIT PENSION PLAN

Plan Description. Duncanville Independent School District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). TRS's defined benefit pension plan is established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position. Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <http://www.trs.state.tx.us/about/documents/cafr.pdf#CAFR>; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592. The information provided in the Notes to the Financial Statements in the 2014 Comprehensive Annual Financial Report for TRS provides the following information regarding the Pension Plan fiduciary net position as of August 31, 2014.

<u>Net Pension Liability</u>	<u>Total</u>
Total Pension Liability	\$159,496,075,886
Less: Plan Fiduciary Net Position	<u>(132,779,243,085)</u>
Net Pension Liability	<u>\$ 26,716,832,801</u>
Net Position as percentage of Total Pension Liability	83.25%

**DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
 NOTES TO BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2015**

NOTE 13. DEFINED BENEFIT PENSION PLAN- continued

Benefits Provided. TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

Contributions. Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

Employee contribution rates are set in state statute, Texas Government Code 825.402. Senate Bill 1458 of the 83rd Texas Legislature amended Texas Government Code 825.402 for member contributions and established employee contribution rates for fiscal years 2014 thru 2017. It also added a 1.5% contribution for employers not paying Old Age Survivor and Disability Insurance (OASDI) on certain employees effective for fiscal year 2015 as discussed in Note 1 of the TRS 2014 CAFR. The 83rd Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for fiscal years 2014 and 2015.

	<u>2014</u>	<u>2015</u>
Contribution Rates		
Member	6.4%	6.7%
Non-Employer Contributing Entity (State)	6.8%	6.8%
Employers	6.8%	6.8%
Duncanville ISD 2014 Employer Contributions	\$ 1,453,074	
Duncanville ISD 2014 Member Contributions	\$ 4,629,916	
Duncanville ISD 2014 NECE On-Behalf Contributions	\$ 3,513,951	

Contributors to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

**DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

NOTE 13. DEFINED BENEFIT PENSION PLAN- continued

As the non-employer contributing entity for public education, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during the fiscal year reduced by the amounts described below which are paid by the employers. Employers including public schools are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding source or a privately sponsored source, from non-educational and general, or local funds.

In addition to the employer contributions listed above, when employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

Actuarial Assumptions. The total pension liability in the August 31, 2014 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	August 31, 2014
Actuarial Cost Method	Normal
Amortization Method of	Individual Entry Age
Open	Level Percentage of Payroll,
Remaining Amortization Period	30 years
Asset Valuation Method	5 year Market Value
Discount Rate	8.00%
Long-term expected Investment Rate of Return*	8.00%
Salary Increases*	4.25% to 7.25%
Weighted-Average at Valuation Date	5.55%
Payroll Growth Rate	3.50%
<i>*Includes Inflation of 3%</i>	

The actuarial methods and assumptions are primarily based on a study of actual experience for the four year period ending August 31, 2010 and adopted on April 8, 2011. With the exception of the post-retirement mortality rates for healthy lives and a minor change to the expected retirement age for inactive vested members stemming from the actuarial audit performed in the Summer of 2014, the assumptions and methods are the same as used in the prior valuation. When the mortality assumptions were adopted in 2011 they contained a significant margin for possible future mortality improvement. As of the date of the valuation there has been a significant erosion of this margin to the point that the margin has been eliminated. Therefore, the post-retirement mortality rates for current and future retirees was decreased to add additional margin for future improvement in mortality in accordance with the Actuarial Standards of Practice No. 35.

**DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

NOTE 13. DEFINED BENEFIT PENSION PLAN- continued

Discount Rate. The discount rate used to measure the total pension liability was 8.0%. There was no change in the discount rate since the previous year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term rate of return on pension plan investments is 8%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2014 are summarized below:

Asset Class	Target Allocation	Real Return Geometric Basis	Long-Term Expected Portfolio Real Rate of Return*
Global Equity			
U.S.	18%	7.0%	1.4%
Non-U.S. Developed	13%	7.3%	1.1%
Emerging Markets	9%	8.1%	0.9%
Directional Hedge Funds	4%	5.4%	0.2%
Private Equity	13%	9.2%	1.4%
Stable Value			
U.S. Treasuries	11%	2.9%	0.3%
Absolute Return	0%	4.0%	0.0%
Stable Value Hedge Funds	4%	5.2%	0.2%
Cash	1%	2.0%	0.0%
Real Return			
Global Inflation Linked Bonds	3%	3.1%	0.0%
Real Assets	16%	7.3%	1.5%
Energy and Natural Resources	3%	8.8%	0.3%
Commodities	0%	3.4%	0.0%
Risk Parity			
Risk Parity	5%	8.9%	0.4%
Alpha	0%		1.0%
Total	<u>100%</u>		<u>8.7%</u>

* *The Expected Contribution to Returns incorporates the volatility drag resulting from the conversion between Arithmetic and Geometric mean returns.*

Discount Rate Sensitivity Analysis. The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (8%) in measuring the 2014 Net Pension Liability.

**DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

NOTE 13. DEFINED BENEFIT PENSION PLAN- continued

	1% Decrease in Discount Rate (7.0%)	Discount Rate (8.0%)	1% Increase in Discount Rate (9.0%)
Duncanville ISD's proportionate share of the net pension liability:	\$27,356,997	\$15,309,415	\$6,300,068

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2015, Duncanville Independent School District reported a liability of \$15,309,415 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to Duncanville Independent School District. The amount recognized by Duncanville Independent School District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with Duncanville Independent School District were as follows:

District's Proportionate share of the collective net pension liability	\$15,309,415
State's proportionate share that is associated with the District	<u>37,101,536</u>
Total	<u>\$52,410,951</u>

The net pension liability was measured as of August 31, 2014 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2013 thru August 31, 2014.

At August 31, 2014 the employer's proportion of the collective net pension liability was .000573142%. Since this is the first year of implementation, the District does not have the proportion measured as of August 31, 2013. The Notes to the Financial Statements for August 31, 2014 for TRS stated that the change in proportion was immaterial and therefore disregarded this year.

There were no changes of assumptions or other inputs that affected measurement of the total pension liability during the measurement period.

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

There was a change in employer contribution requirements that occurred after the measurement date of the net pension liability and the employer's reporting date. A 1.5% contribution for employers not paying Old Age Survivor and Disability Insurance (OASDI) on certain employees went into law effective 09/01/2014. The amount of the expected resultant change in the employer's proportion cannot be determined at this time.

For the year ended June 30, 2015, Duncanville Independent School District recognized pension expense of \$3,429,968 and revenue of \$3,513,951 for support provided by the State.

At June 30, 2015, Duncanville Independent School District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Contributions paid to TRS subsequent to the measurement date [to be calculated by employer]	2,067,028	-
Total	\$3,298,922	\$4,683,196

\$2,067,028 reported as deferred outflows of resources resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	Pension Expense Amount
2016	\$ (962,652)
2017	(962,652)
2018	(962,652)
2019	(962,652)
2020	207,143
2021	192,163

NOTE 14. SCHOOL DISTRICT RETIREE HEALTH PLAN

Plan Description. Duncanville Independent School District contributes to the Texas Public School Retired Employees Group Insurance Program (TRS-Care), a cost-sharing multiple-employer defined benefit postemployment health care plan administered by the Teacher Retirement System of Texas. TRS-Care Retired Plan provides health care coverage for certain persons (and their dependents) who retired under the Teacher Retirement System of Texas. The statutory authority for the program is Texas Insurance Code, Chapter 1575. Section 1575.052 grants the TRS Board of Trustees authority to establish and amend the basic and optional group insurance coverage for participants. The TRS issues a publicly available financial report that includes financial statements and required supplementary information for TRS-Care. That report may be obtained by visiting the TRS Web site at www.trs.state.tx.us, by writing to the Communications Department of the Teacher Retirement System of Texas at 1000 Red River Street, Austin, Texas 78701, or by calling 1-800-223-8778.

**DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

NOTE 14. SCHOOL DISTRICT RETIREE HEALTH PLAN - continued

Funding Policy. Contribution requirements are not actuarially determined but are legally established each biennium by the Texas Legislature. Texas Insurance Code, Sections 1575.202, 203, and 204 establish state, active employee, and public school contributions, respectively. The State of Texas and active public school employee contribution rates were 1.0% and 0.65% of public school payroll, respectively effective September 1, 2013, with school districts contributing a percentage of payroll set at 0.55% for fiscal years 2015, 2014 and 2013. The State of Texas contributed 0.5% for the period September 1, 2012 through August 31, 2013. Per Texas Insurance Code, Chapter 1575, the public school contribution may not be less than 0.25% or greater than 0.75% of the salary of each active employee of the public school. For the years ended June 30, 2015, 2014 and the ten months ended August 31, 2013, the State's contributions to TRS-Care were \$699,210, \$560,247, and \$286,077, respectively, the active member contributions were \$489,811, \$393,058, and \$371,762, respectively, and the school district's contribution were \$414,454, \$377,041, and \$330,474, respectively, which equaled the required contributions each year.

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003, which was effective January 1, 2006, established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. One of the provisions of Medicare D allows for the Texas Public School Retired Employee Group Insurance Program (TRS-Care) to receive retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. These on-behalf payments are recognized as equal revenues and expenditures/expenses by the District. For the year ended June 30, 2015, the contribution made on behalf of the District was \$224,900.

NOTE 15. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. There were no significant reductions in coverage in the past fiscal year, and there were not settlements exceeding insurance coverage for each of the past three fiscal years.

The District maintains a self insured worker's compensation plan through membership in a self-insured pool. For this pool, stop-loss coverage was in effect for individual claims exceeding \$450,000 with an aggregate limit of \$2,000,000. The District is partially self-funded to a loss fund maximum of \$404,792. Additionally, the District incurred fixed costs of \$248,172 for its share of claims administration, loss control, record keeping, and cost of excess insurance.

Settled claims have not exceeded the aggregate coverage in any of the past three fiscal years. Insurance coverage has not been reduced for the year from the prior year. Self insurance fund revenues and expenses are recognized on the accrual basis. Unpaid claims filed prior to June 30 and subsequently approved by the administrator of the plan are recorded as a liability.

The District accrues a liability for incurred but not reported claims if considered material.

**DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

NOTE 15. RISK MANAGEMENT - continued

	Year Ended <u>June 30 2015</u>	Year Ended <u>June 30, 2014</u>
Claims payable, beginning of year	\$ 107,035	\$ 201,686
Claims incurred and changes in estimates	307,260	208,054
Claims payments	<u>(207,149)</u>	<u>(302,705)</u>
Claims payable, end of year	<u>\$ 207,146</u>	<u>\$ 107,035</u>

NOTE 16. EXCESS OF EXPENDITURES OVER APPROPRIATIONS BY FUNCTION

The Texas Education Agency requires the budgets for certain Governmental fund types to be filed with the Texas Education Agency. The budget should not be exceeded in any functional category under TEA requirements. Expenditures exceeded appropriations in four functional categories in the General Fund and two functional categories in the Debt Service Fund for the year ended June 30, 2015.

NOTE 17. PRIOR PERIOD ADJUSTMENT

In fiscal year 2015, the District implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* and GASB Statement No 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. As such, the prior period adjustment was necessary to record the beginning pension liability of the District. The following illustrates the effect of the prior period adjustment:

Beginning Net Position – As Originally Presented	\$39,709,440
Restatement due to:	
Net pension liability (measurement date as of August 31, 2013)	(18,798,707)
Deferred Outflows:	
District contributions made to TRS during the fiscal year, but subsequent to the measurement date	<u>1,219,947</u>
Beginning Net Position – As Restated	<u>\$22,130,680</u>

Notes:

¹ Fiscal period 2013 represents a ten month transitional year for the period of September 1 through June 30. Years preceding 2013 are September 1 through August 31.

² Effective for the fiscal year ended June 30, 2013, the district implemented GASB Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position. With the implementation of this standard, balances previously reported as "net assets" are now reported as "net position."

³ Fiscal years prior to 2013 included in this schedule are shown as adjusted for changes required by GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*.

Notes:

¹ Fiscal period 2013 represents a ten month transitional year for the period of September 1 through June 30. Years preceding 2013 are September 1 through August 31.

² Effective for the fiscal year ended June 30, 2013, the district implemented GASB Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position. With the implementation of this standard, balances previously reported as "net assets" are now reported as "net position."

³ Fiscal years prior to 2013 included in this schedule are shown as adjusted for changes required by GASB Statement No. 65, Items Previously Reported as Assets and Liabilities.

Notes:

- ¹ Fiscal period 2013 represents a ten month transitional year for the period of September 1 through June 30. Years preceding 2013 are September 1 through August 31.
- ² Effective for the fiscal year ended June 30, 2013, the district implemented GASB Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position. With the implementation of this standard, balances previously reported as "net assets" are now reported as "net position."
- ³ Fiscal years prior to 2013 included in this schedule are shown as adjusted for changes required by GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*.

Per Capita Total Direct and Overlapping Debt				\$ 8,656

Source: All information provided by Texas Municipal Reports except for information regarding District debt, total assessed taxable valuation, and population which were provided by Duncanville ISD.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the district. This schedule estimates the portion of the outstanding debt of these overlapping governments that is borne by the residents and businesses of the district.

The percentage of overlapping debt applicable is estimated using taxable property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Trustees
Duncanville Independent School District
Duncanville, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Duncanville Independent School District, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise Duncanville Independent School District's basic financial statements, and have issued our report dated December 2, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be material weaknesses. See finding 2015-001 in the accompanying schedule of findings and questioned costs.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

District's Response to Finding

The District's response to the finding identified in our audit is described in the accompanying corrective action plan. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of the audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND
ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

To the Board of Trustees
Duncanville Independent School District
Duncanville, Texas

Report on Compliance for Each Major Federal Program

We have audited Duncanville Independent School District's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Duncanville Independent School District's major federal programs for the year ended June 30, 2015. Duncanville Independent School District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of finding and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Duncanville Independent School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Duncanville Independent School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Duncanville Independent School District's compliance.

Opinion on Each Major Federal Program

In our opinion, Duncanville Independent School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

Report on Internal Control Over Compliance

Management of Duncanville Independent School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Duncanville Independent School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Duncanville Independent School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
SCHEDULE OF FINDING AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2015

I. Summary of Auditor's Results

1. Type of auditor's report issued on the financial statements: Unmodified.
2. Internal control over financial reporting:
Material weakness(es) identified: Yes
Significant deficiency(ies) identified that are not considered to be material weaknesses: None reported
3. Noncompliance which is material to the financial statements: None
4. Internal controls over major federal programs:
Material weakness(es) identified: None
Significant deficiency(ies) identified that are not considered to be material weaknesses: None reported
5. Type of auditor's report on compliance for major federal programs: Unmodified.
6. Did the audit disclose findings which are required to be reported under Section .510(a)2-7 of OMB Circular A-133: No
7. Major programs include:

CFDA 84.010A ESEA, Title I, Part A – Improving Basic Programs

CFDA 84.365A Title III, Part A – English Language Acquisition
8. Dollar threshold used to distinguish between Type A and Type B programs: \$362,153.
9. Low risk auditee: Yes

II. Findings Related to the Financial Statements

Finding 2015-001 – Lack of Internal Control over Financial Reporting

Criteria: The District is responsible for establishing and maintaining effective internal controls over financial reporting to provide reasonable assurance that its financial statements are fairly presented in conformity with U.S. generally accepted accounting principles with no material misstatements. A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a possibility that a material misstatement of the District's financial statements will not be prevented or detected on a timely basis.

DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
SCHEDULE OF FINDING AND QUESTIONED COSTS-CONTINUED
FOR THE YEAR ENDED JUNE 30, 2015

II. Findings Related to the Financial Statements – continued

Condition: During our audit of the fiscal year ended June 30, 2015, we found that the District failed to prepare bank reconciliations on a timely basis, failed to keep the interfund receivable and payable accounts in balance, and failed to review and reconcile other general ledger accounts on a monthly basis.

Questioned Costs: The problems with bank reconciliations and reconciliations of general ledger accounts were addressed during the audit and corrected, resulting in no questioned costs.

Cause: During the year, bank statement reconciliations were not prepared and reviewed on a timely basis, and adjusting entries related to the bank reconciliations were not made on a timely basis.

Effect: When bank statements are not reconciled on a timely basis and other general ledger accounts are not reconciled timely, the financial statements and underlying accounting records are at risk of material errors, resulting in erroneous financial statement information being reported to the Board of Trustees. Significant adjustments were required during the audit to correct errors in the financial statements.

Recommendation: The District is already behind on bank reconciliations for the subsequent fiscal year. The District should prepare bank reconciliations and make appropriate adjusting entries to the accounting records for all bank accounts for all months that are behind, and then commit to preparing bank reconciliations and reviewing the general ledger on a monthly basis.

III. Findings and Questioned Costs Related to Federal Awards

None

DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
SCHEDULE OF STATUS OF PRIOR FINDINGS
JUNE 30, 2015

Finding 2014-001: Pledged collateral was less than the amount required to fully collateralize District deposits.

Status: District deposits were fully collateralized by the District's depository bank throughout fiscal year 2015

DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
CORRECTIVE ACTION PLAN
JUNE 30, 2015

CORRECTIVE ACTION PLAN

Finding 2015-001 – Lack of Internal Control over Financial Reporting

Many of the problems related to this finding resulted from significant turnover of personnel in the Finance Department. This resulted in several vacancies in key positions for significant periods. The District is currently trying to hire a new Director of Accounting. The District also converted to new financial software effective September 1, 2015. The District believes that the new software, plus hiring of new personnel will allow the District to correct all of the internal control deficiencies.

DUNCANVILLE INDEPENDENT SCHOOL DISTRICT
NOTES ON ACCOUNTING POLICIES FOR FEDERAL AWARDS
YEAR ENDED JUNE 30, 2015

1. The District uses the fund types specified in Texas Education Agency's Financial Accountability System Resource Guide. Special Revenue Funds are used to account for resources restricted to, or designated for, specific purposes by a grantor. Federal and state financial assistance generally is accounted for in a Special Revenue Fund. Generally, unused balances are returned to the grantor at the close of specified project periods.
2. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The Governmental Fund types are accounted for using a current financial resources measurement focus. All Federal grant funds were accounted for in a Special Revenue Fund which is a Governmental Fund type. With this measurement focus, only current assets and current liabilities and the fund balance are included on the balance sheet. Operating statements of these funds present increases and decreases in net current position.

The modified accrual basis of accounting is used for the Governmental Fund types and Agency Funds. This basis of accounting recognizes revenues in the accounting period in which they become susceptible to accrual, i.e., both measurable and available, and expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on Long-Term Debt, which is recognized when due, and certain compensated absences and claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Federal grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant, and, accordingly, when such funds are received, they are recorded as unearned revenues until earned.

3. The District participates in numerous state and Federal grant programs that are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, if any, refunds of any money received may be required and the collectability of any related receivable at June 30, 2015, may be impaired. In the opinion of the District, there are not significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provisions has been recorded in the accompanying combined financial statements for such contingencies.
4. The District also received \$1,890,249 of School Health and Related Services (SHARS) payments. These payments are not considered Federal awards for purposes of the Schedule of Expenditures of Federal Awards and were recorded as Federal revenues in the General Fund.
