To Novi Community School District Parents and Community Members:

It is our hope that the tennis courts will be open starting Friday. The United States Tennis Association has indicated that they believe courts could be open and the state has eased some of their restrictions as well, so we believe that we can open up the courts at this time.

The courts will be open if our maintenance department has time to get the signs down and the locks off by tomorrow. They are busy throughout the district, but we are hopeful that they can find time to open up the courts.

The Michigan High School Athletic Association is still considering what fall sports will look like. It is believed that they will make a decision on June 15.

As a result, fall sports registration will be delayed until July 1.

The athletic department will communicate more about fall sports registration during the month of June.

Because we are hopeful that we can hold our graduation in August, we are also hopeful that we might be able to have our Prom this summer as well. No decision has been made at this time. More to come.

Other districts, in my opinion, are rushing to identify what their return to school plans for this fall will be. We are deep into planning for multiple options, but are holding off identifying publicly what our plan will be until we see how things continue to play out.

We will keep you informed as we move along. Know that we are working to ensure that we can safely and effectively educate our students this fall.

Gratefully and Appreciatively,
Steve M. Matthews, Ed.D.
Superintendent

Students who are passionate, empowered, and prepared for their world and their future.
