February 18, 2008

Mr. Kenneth C. Boyd
Chairman
Albemarle County Board of Supervisors
401 McIntire Road
Charlottesville, VA 22902

Dear Mr. Boyd, members of the Board of Supervisors, and citizens of Albemarle County:

On behalf of the Albemarle County School Board, I respectfully submit our funding request for Fiscal Years 2009 and 2010. The first year of this request totals \$168,280,735, including \$151,755,246 in the school operational budget and \$16,525,489 in the self-sustaining budget. The operational budget requests an increase of 2.57% over the budget approved last year.

As we described to you at our joint-retreat last October, the School Board took seriously the challenge of improving our budget process.

- First, the Commonwealth Educational Policy Institute at VCU completed a five-month Resource Utilization Study to identify areas where we could improve our efficiency as a business.
- Second, we made significant improvements to the budget book including a revised overview section that clearly presents critical information frequently requested by the Board of Supervisors and the public. The budget book is streamlined to improve readability and transparency.
- Third, we are budgeting for two fiscal years to improve our planning and to align with the state budget. We continue to show a general five year financial plan.
- Fourth, we worked closely with members of the General Assembly in an effort to get state support for a "Cost to Compete" allocation and for an adjustment to our composite index calculation to reflect revenue sharing with the City of Charlottesville.
- Fifth, we increased our efforts to seek input from the community. Our Telephone Town Hall meeting reached 16,775 households and about 750 people participated for a significant portion of the event which allowed us to respond to over 30 citizen questions.

This strategic goals-based funding request is not yet balanced to a specific revenue target. At this early stage in the process, and amid constantly shifting local and state revenue forecasts, the School Board determined that a clear statement of needs was most appropriate. As of our February 7, 2008 meeting, this request will require an additional investment of \$1.3 million to support our community's goals for public education.

A significant driver of this funding request is our joint compensation strategy for teachers and classified staff. When Superintendent Pam Moran presented her recommendations to the School Board, she focused on our people.

When it comes to securing our future as a high performance school system, the most important, unquestionable step we can take is to invest in our most valuable resource – our people. Creative, innovative teachers; capable, skilled support staff, and student centered, dedicated leaders are what make students and schools successful....The most important factor driving student achievement is teacher quality.

The state's limited contribution to our teacher salaries during this biennium is expected to include raises of only 2.5% taking effect in July 2009. Thus, in the 2008-09 school year, there will be no funds from the state for our teacher raises to maintain competitive market salaries. Our joint compensation strategy with the Board of Supervisors represents increased expenditures of \$5.9 million next year. Since the school division's revenues are only increasing by \$2.5 million (or 1.68%) it is obvious that the School Board cannot move forward with any new initiatives to support our strategic plan, compensation or otherwise, without a combination of increased efficiencies in the operation of the schools and additional support from local government.

Thus, significant operational reductions have already been made by the School Board since Dr. Moran submitted her recommendations, such as cuts in central office expenditures that will remain in effect regardless of the revenues available. As you know, significant reductions were also made last year in a school operational budget that only grew by 4.6% vs. the local government operational budget increasing by 8.4%. Further, this Board and Dr. Moran are jointly committed to responding to the many recommendations in the Resource Utilization Study and those actions will bring dividends in future years.

Accompanying this funding request you will also find a contingency plan that outlines about \$4 million in additional expenditure reductions and several potential fee increases. A number of the potential reductions are in areas where we intend to find future savings, but that really require a deliberate and thoughtful process to be executed effectively (e.g. changing elective offerings and staffing formulas). Other reductions, were they to be absolutely necessary, would entail a significant retreat on past investments made in response to data-driven decisions that placed key resources in our schools (e.g. math specialists and guidance counselors).

Here are some additional highlights of specific challenges associated with our major goals that are addressed by this funding request:

- Improve all of our students' math performance against benchmarks set by international competitors (such as Asia, India, Ireland, Russia) rather than just the Virginia SOL
- Ensure that all students graduate as the high performers ready to enter a technology-driven workforce before, during or after college
- Recruit smart, creative young adults to replace the teaching and principal positions being vacated by increasing numbers of experienced baby boomers reaching retirement age.

February 18, 2008

Page 3

- Firmly establish a culture dedicated to improvement so that Albemarle leads as a world class school division worthy of emulation
- Make efficient and effective use of available resources to achieve our strategic goals

In summary, the School Board has responded to the challenging economic climate by being proactive in improving our budgeting process and by making tough choices about our needs as a school division. We look forward to working with you to ensure our joint goals for building world class schools are strongly supported in this year's County budget.

Sincerely,

A handwritten signature in blue ink, appearing to read "Brian A. Wheeler". The signature is fluid and cursive, with the first name "Brian" being more prominent.

Brian A. Wheeler, Chairman
Albemarle County School Board

Our Strategic Portfolio

Highlights from the 2006-07 School Year

Division Profile

2006-07 School Year

Enrollment: 12,446

Schools: 26

Employees: 2,286

Staffing Ratios:

Grades K-3: 18.91:1

Grades 4-5: 19.45:1

Grades 6-8: 20.67:1

Grades 9-12: 20.59:1

Per pupil cost: \$11,064

Academic Achievement Accountability

- The Albemarle County 2006 Citizen Satisfaction survey revealed 92 percent of parents reported being satisfied with the quality of education their children are receiving. Eighty-eight percent of all respondents reported satisfaction with the quality of education in Albemarle County Public Schools.
- All schools are fully accredited by the Virginia Department of Education. Full accreditation is the highest rating schools can earn in the Virginia Assessment Program.
- Eighteen Albemarle County schools met or exceeded 29 different requirements for statewide Standards of Learning (SOL) testing to meet Adequate Yearly Progress (AYP) requirements under the federal No Child Left Behind (NCLB) Act. AYP represents the minimum percentage of students that must pass the SOL tests each year overall and in six student groups. The school division made AYP in mathematics.
- The number of subject areas where student achievement on the Standards of Learning (SOL) exams surpassed the Division target of a 90 percent pass rate jumped from 4 to 17 subjects.

- Sixty-five percent of graduating seniors in the Class of 2007 earned an Advanced Studies Diploma. Albemarle County has one of the highest percentages of students graduating with Advanced Studies Diplomas in Virginia.

Albemarle County vs. Virginia; Percent of Advanced Studies Diplomas Earned

- While in high school, 66 percent of students in the graduating Class of 2007 took one or more college-level courses.

	# AP Enrollments	# Dual Enrollment and Dual Credit	# of Dual Enrollment/Credit and AP Enrollment	% of Graduates Taking One or More College Courses
01-02	1126	61	1187	50%
02-03	1166	180	1346	54%
03-04	1361	257	1618	48%
04-05	1539	427	1966	60%
05-06	1677	676	2353	60%
06-07	2042	925	2967	66%

- The percentage of students in grades 9-12 taking at least one Advanced Placement (AP) test increased to 24 percent. Of the students who took an AP test, 81 percent scored a three or higher, up from 78 percent.

	# AP Enrollments	# AP Exams Taken	% Taking Exam	# AP Scores 3 to 5	% AP Scores 3 to 5
02-03	1166	878	75%	639	73%
03-04	1361	934	69%	692	74%
04-05	1539	1365	88%	969	71%
05-06	1677	1450	86%	1132	78%
06-07	2042	1652	81%	1340	81%

Fiscal Accountability

- The School Division budget for 2007-08 was aligned with the organization's strategic goals.
- The School Division request for the 2007-08 school year was reduced and balanced to available revenue following a Board of Supervisors decision to reduce the property tax rate, which generates the majority of funding for the School Division.
- The School Division began a five-month Resource Utilization Study. The primary purpose of the report is to assist the Division in identifying ways to better align and allocate its resources to support achievement of strategic planning goals.
- Division plans are now based upon a 2-year projection of revenues and expenses.

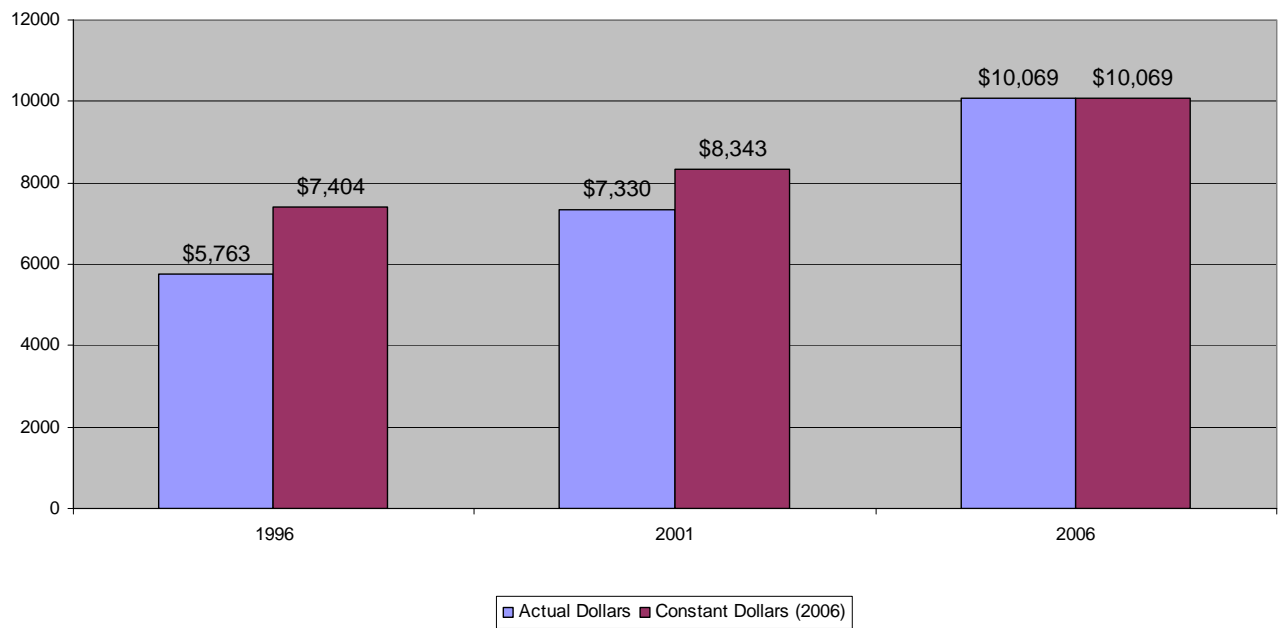

- Enrollment has grown over the last 10 years.

September 30th Enrollment 1996 - 2006

- Per-pupil expenditures have grown as a result of improved standing in the competitive market and increasing costs of benefits.

Per Pupil Expenditures from 1996-2006

- Albemarle County has made significant strides in teacher salaries particularly since 2004.

Individual Teacher Salary Across 10 Years (Actual Dollars)

Frequently Asked Questions

Topic: Budget

Q: Where are the sources of School Division revenue?

A: The School Division receives the majority of its funding from local sources like the real estate tax. For the 2007-08 school year, the School Division received approximately 68 percent of its revenue from local sources, 30 percent from the state, and 2 percent from the federal government. As part of its annual budget development process, the Albemarle County Board of Supervisors allocates a portion of its new local revenue, typically 60 percent, to the School Division.

Q: How does the School Division spend its budget?

A: Education is a “people business”. More than 82 percent of the School Division’s budget is spent on salary and benefits for its 2,200 employees. The School Division spends 74.18 percent of its revenue on instruction, well above the national target of 65 percent. Building Services accounts for 9.36 percent, 6.19 percent to transportation, 7.21 percent to administration, attendance and health, and 3.06 percent to transfers.

Q: What does the administration, attendance and health category* represent?

A: *The administration, attendance and health category represents expenses for positions in schools and central office that provide support services to students. Some examples of expenditures in this category include:*

- *non-instructional central office positions, such as school technology and building services administrative and support staff*
- *non-instructional school-based positions support such as nurses at each school,*
- *the costs of psychological, speech and auditory services for special education students.*
- *Many expenses in this category are required under the Virginia Standards of Quality (see later questions on SOQ).*

Q: What does the transfers category represent?

A: *The transfers category represents inter-fund and intra-fund transfers. When the School Division transfers funds to Local Government to pay for the School Division's portion of shared programs, it is an inter-fund transfer. Some examples include transfers to the Department of Social Services for Bright Stars pre-school program, the Family Support Workers program, and costs related to the Comprehensive Services Act (CSA). Funds transferred from one School Division account to another internal account are intra-fund transfers. Examples include purchase of replacements for school buses and computers.*

Q: What is the Comprehensive Services Act (CSA) pay for?

A: *Funds from the CSA account cover the costs of services needed by special education students but which are not available through School Division programs. Examples of services provided by the CSA include residential placement of students with serious emotional or behavioral problems, and enrollment of students in the Virginia School of Autism.*

Q: How does the local real estate tax rate affect School Division funding?

A: *Nearly sixty-eight percent of School Division funding comes from local sources, primarily the real estate tax. When the real estate tax rate is reduced, the level of funding for the School Division reduces. Albemarle County collects real estate taxes two times each fiscal year, in December and June.*

Q: How does the Virginia Lottery benefit Albemarle County Public Schools?

A: *In 1999, the Virginia General Assembly passed a budget amendment requiring all Virginia Lottery profits be used for K-12 public education. School divisions receive lottery funds to support the state's share of the per pupil amount. Up to 50 percent of lottery funds can be used for recurring costs. At least 50 percent must be spent on nonrecurring expenditures. The Virginia Lottery funds may be used by the School Division to help pay for school construction projects, infrastructure, new building site purchases, and technology. Funds can also be used to modernize classroom equipment and make debt service payments on school projects completed during the last 10 years.*

Albemarle County receives approximately \$1 million, or less than 1 percent of its revenue, from the Virginia Lottery each year.

Q: Has the School Division's student enrollment changed over the past 10 years?

A: *The current student enrollment is 12,491, up over a thousand students since 1996-97. However, the most significant way that student enrollment has changed in the past 10 years is in the number of students from other countries who enroll in our English as a Second or Other Language (ESOL) program.*

- *ESOL students are enrolled in all 25 schools and CATEC.*
- *Since the 1996-97 school year, ESOL enrollment has grown to 1,102 students.*

Q: Why do teachers and other positions in the school system receive annual raises that are higher than the standard cost-of-living adjustment?

A: *Albemarle County has a very high cost of living which challenges Human Resources staff to recruit and retain highly-qualified staff for both schools and local government. Some positions are difficult to fill even within the local market. Each year, Human Resources staff collects information about future salary increases from WorldatWork data. They also examine changes in our competitors' salary scales. Using this information, they compute how salaries need to change to maintain market competitiveness.*

Q: How does student enrollment impact the budget?

A: *Student enrollment impacts the budget in two ways: Average Daily Membership and employee staffing. We receive some state funding based on the Average Daily Membership that students are in school. Student enrollment also determines the number of employees to be hired. The School Division uses a school staffing formula that increases or decreases positions for teachers, school administrators, fine arts, Physical Education, counselors and other educator positions in schools based upon the actual enrollment numbers of students at the beginning of the year. The numbers of Special education teachers and ESOL teachers hired are based upon growth and service level needs as well as by the Standards of Quality for established by the Virginia General Assembly.*

Q: Why isn't budget growth proportionate to enrollment growth?

A: *The critical factor causing budget increases from year to year is the compensation for existing employees to help us stay competitive within the market and address changes in the cost of living. Growth in the overall student population has some impact on budget increases, but it is not the key factor. In fact, a formula based upon overall enrollment growth would not address other factors that result in budget increases such as:*

- *necessary staffing for certain populations such as special education or ESOL;*
- *increased costs associated with technology and other instructional resources; and*
- *inflationary costs associated with fuel increases.*

Q: What is an “unfunded mandate?”

A: *An unfunded mandate is something the state or federal government requires the School Division to do without providing all of the related funding. The total combined funding from the federal and state governments for schools continues to shrink although the number of unfunded mandates has increased. To create a comprehensive list of all mandates with costs would be a major undertaking, involving a large number of staff over a lengthy period of time. This list of mandates may generate more than \$60 million in funding required to support mandates.*

Q: What are some examples of federal unfunded mandates?

A: *An example of a federal mandate is the No Child Left Behind (NCLB) Act of 2001. In 2004, the Commonwealth of Virginia completed a study* of the cost of unfunded mandates required by the NCLB Act for Virginia schools. Albemarle County Public Schools participated in a Virginia study of this single, federal mandate. Despite a highly restrictive methodology causing NCLB costs to be underestimated, the unfunded mandates in 2004 resulted in our Division paying a per pupil cost of \$138, or just less than \$2 million. The cost of unfunded mandates for Albemarle County in 2007-08 will well exceed \$2 million. In the Albemarle County Standards of Learning (SOL) testing program alone, approximately 30,000 exams will be given to students this spring. In the 2000-01 school year, approximately 22,000 SOL exams were given. There has been a 36 percent increase in the number of SOL tests given since the 2000-01 school year as a result of NCLB.*

Another example is the federally funded Individuals with Disabilities Education Act (IDEA). The original IDEA for special education was to provide 40 percent of program funding to serve students; in actuality, we receive less than 15 percent.

Q: What are some examples of state unfunded mandates?

A: *The Virginia Standards of Quality (SOQ) provides an example of a state mandate that is only partially funded. The prescribed Standards of Quality for Public Schools in Virginia are part of the Code of Virginia and can be revised only by the General Assembly. The SOQ were last revised in 2005.*

The SOQ specifies required staffing for K-12 public schools but the state only partially funds its share of the costs for these staff. Examples of SOQ-required staffing include:

- *17 full-time equivalent (FTE) instructional positions for each 1,000 student identified as having limited English proficiency (ESOL);*
- *1 full-time reading specialist in each elementary school;*
- *5 FTEs per 1,000 students in grades K-5 to serve as resource teachers in art, music and physical education; and*
- *Two FTE per 1,000 students in grades K-12 with one FTE to provide technology support and one to serve as an instructional technology resource teacher.*

Q: Why are the Standards of Quality (SOQ) important?

A: *State payments for public education are largely driven by the Virginia Standards of Quality (SOQ). The SOQ framework for state and local support of the public schools is specified in the Constitution of Virginia. The SOQ provide minimum requirements that all school divisions must meet. The SOQ therefore represents the state's foundation program for all school divisions. Standards are set by the Virginia Board of Education, subject to revision only by the Virginia General Assembly.*

Under the Virginia Constitution, the General Assembly is given the responsibility to determine how funds are provided to school divisions for the cost of maintaining an education program that meets the SOQ. The General Assembly establishes the SOQ cost in the Appropriation Act. The General Assembly also is required to determine the local responsibility for funding SOQ costs. Since the 1993 fiscal year, the state has implemented a policy of paying 55 percent of the shared SOQ cost, as those costs have been established in Appropriation Acts. The composite index is calculated so that the state's aggregate share of SOQ costs after deduction of the state sales tax is about 55 percent.

Local governments may fund education operating costs at levels above the minimum requirements of the SOQ and the state may also do so as a matter of policy choice. Funding provided by the localities and by the state for operating cost purposes which exceed the SOQ has been called "non-SOQ" operating costs.

Q: How do the minimum standards described in the Standards of Quality (SOQ) and associated state payments affect Albemarle County's taxpayers?

A: *The state standard for English as a Second or Other Language (ESOL) education provides partial funding for no more than 17 staff per 1,000 students. The state provides SOQ funding of approximately \$300,000 in support of the ESOL program. Typically, Virginia should provide approximately 40 percent of the total funding for programs that are mandated.*

ESOL services by Albemarle County does not significantly exceed the mandated state requirements. However, in reality, state funding does not approach the actual cost of serving our ESOL students. The difference between the state funding of under \$300,000 and the total cost of services of approximately \$1.6 million is borne completely by the local taxpayer through real estate taxes.

Q: What is the “composite index” and how does it impact revenue?

A: *The Composite Index is calculated by the Commonwealth of Virginia to determine our local ability to pay for school services. It is calculated every two years. It determines how much money the state will contribute to the School Division to help fund Virginia Standards of Quality (SOQ) requirements. For Albemarle County, application of the Composite Index would result in 62.37 percent of SOQ-related costs being paid for by the School Division and approximately 37 percent being paid for by the Commonwealth. However, the Commonwealth does not fully fund its 37 percent portion so Albemarle taxpayers pick up the difference. It also is important to understand that the SOQ represents minimal possible standards for public schools. Albemarle County, in most cases, has chosen to exceed standards beyond the state’s baseline expectations as defined in the SOQ.*

Q: What is the School Board’s responsibility in the budget development process?

A: *The School Board is required by Virginia Statute to request funding that meets the educational needs of the students served by our schools. The Albemarle County School Board Policy also tasks the School Board with adopting an annual budget to provide the financial basis for the buildings, furnishings, staff, materials, equipment, and transportation needed to educate the students of Albemarle County. The School Board also is required to ensure that all funds are accurately accounted for and disbursed according to the adopted budget.*

Q: What role does the School Division’s vision, mission and strategic goals play in the budget development process?

A: *Staff and the superintendent align the proposed funding request with the vision, mission and strategic goals of the School Division. Budget initiatives must be proven to support the strategic goals of the School Division in order to move forward in the budget development process. The Superintendent, the Office of Fiscal Services, the Superintendent’s Budget Advisory Committee, and the School Board each conduct a review of budget initiatives to ensure alignment with strategic goals.*

Q: How is the School Division budget created?

A: *The School Division follows a lengthy budget development cycle that begins in August and ends in April:*

- *The process includes gathering input from the variety of stakeholders in the school system and community.*
- *A Division Budget Advisory Committee reviews all budget requests, aligns budget requests to the Division strategic plan, and prioritizes requests as part of its recommendations to the Superintendent.*
- *The Superintendent then forms a Funding Request which is presented to the School Board.*
- *The School Board reviews the Superintendent's Funding Request during a series of work sessions and a public hearing, and makes its own adjustments to the spending plan.*
- *A School Board Funding Request is next presented to the Albemarle County Board of Supervisors, which makes the final decision regarding the amount of revenue to be allocated to the school system.*

Q: How does education impact our economic vitality?**

A: *The quality of public schools has become a critical key site location factor for new businesses and companies that relocate. Economic vitality within a community depends upon public schools because they:*

- *shape the basic skills, soft skills, and attitudes of the work force;*
- *play a role in both quality of life and the ability to relocate professional talent within a community; and*
- *provide sufficient numbers of prospective employees with required work force skill sets.*

Albemarle County Public Schools was one of ONLY seven divisions in Virginia to receive the top GOLD rating from Expansion Management magazine as a great place for businesses to relocate based on how well our students learn and how many graduate, our community's financial commitment to education, and our community's adult education and income levels.

**The Cost of Fulfilling the Requirements of the No Child Left Behind Act for School Divisions in Virginia, issued by Augenblick, Palaich and Associates, Inc. The study is available on the Virginia Department of Education website at www.doe.virginia.gov.*

*** Information collected from Expansion Management magazine at <http://www.expansionmanagement.com>*

Budget Development Cycle

August through October

- Budget requests and input on priorities gathered from School Division advisory committees
- Schools and departments submit budget requests
- Superintendent receives direction from School Board regarding priorities for building budget for the next fiscal year
- School Board and Board of Supervisors hold joint meeting to discuss shared employee compensation strategy
- Employee compensation projections prepared
- Projections for student enrollment, inflation, expected costs and other factors driving budget development are prepared

November

- Preliminary local revenue projections are announced; School Division revises financial forecast
- Superintendent's Budget Advisory Committee completes review of budget requests and makes recommendations to Superintendent

December

- Governor's budget with state revenue projections is announced
- Superintendent's Funding Request presented to School Board

January

- School Board reviews Superintendent's Funding Request in a series of work sessions
- School Board hosts a public hearing on the Superintendent's Funding Request

February

- School Board revises Superintendent's Funding Request to create the School Board's Funding Request. School Board Funding Request approved and submitted to the County Executive for Local Government
- County Executive presents Local Government Funding Request to Board of Supervisors, including proposed funding allocation for School Division

March

- Local Government holds public hearing on the County Executive's Funding Request
- Board of Supervisors sets real estate tax rate for advertisement
- Virginia General Assembly adopts state budget
- School Board's Funding Request formally presented to Board of Supervisors in work session

April

- Board of Supervisors holds public hearing on tax rate, proposed operating and capital budgets
- Board of Supervisors adopts budget, determines funding for School Division
- School Board revises budget based on funding provided by the Board of Supervisors. School Board adopts budget.

FRAMEWORK FOR THE SCHOOL BOARD'S FY 2008/2009 REQUEST

Goals:

- Develop a goals-based request that is tied to the strategic plan.
- Meet a primary goal established by the Board to address competitive compensation for teachers and classified. This would emphasize the School Division's commitment to attracting, retaining, and motivating the highest quality staff to support learning within the Division.
- Provide data for a 2nd year to give indications for future expense and revenue issues

Revenue Assumptions:

- \$922,165 (0.94%) in additional local revenues based upon a \$0.68 property tax rate and a \$0.01 reduction in CIP transfer as proposed by the County Executive, an increased rate of personal property taxes, and other increases in fees assessed by the Board of Supervisors.
- \$1,364,212 in additional state revenues based upon the Governor's December request with an assumed \$250,000 overall decline.
- \$50,000 in increased Federal revenues.
- \$750,000 in fund balance will be utilized as recurring funding.
- Fund balance of \$171,546 is utilized to fund one-time initiatives.

Expenditure Assumptions:

- Provides a merit pool of 3.00% for classified with a 0.35% adjustment to meet current market for a total merit pool of 3.35% to meet commonality.
- Provided a 4.00% increase with additional funds to meet market points at T0 and T15-T20 for teachers. This provides approximately a 1.67% to a 5.76% increase (including step) in teacher salary.
- Provides needed funds to address health insurance increases and increased materials costs.
- Reflects an unexpected reduction in VRS rates for the 2008-2010 bienium.
- Provides funding for continued development of a division-wide information management system, including data warehousing.
- Will fund enrollment growth of 73 students over that budgeted for FY 2007/08. This includes:
 - 23 more students in the current Fiscal Year than budgeted
 - 50 students more for FY 2008/09

Major Initiatives Included in This Request

Compensation and Benefits Increases

4.0% Teachers, 3.35% Classified – Joint Boards, Health, Dental and VERIP **\$5,907,346**

Growth/Mandates

Special Education (2.0 FTE), English as a Second or Other Language (2.0 FTE), Instructional Technology Staffing (0.21 FTE), Student Growth (5.18 FTE) **\$611,310**

Partnership Increases

Charlottesville-Albemarle Technical Education Center, Piedmont Regional Education Program, Bright Stars, Family Support, School Resource Officers **\$408,846**

Maintenance of Effort Increases

Fuel increase, mileage reimbursements, operational increase for schools (3%), textbook replacement funds, professional development **\$550,143**

Intervention/Prevention Services Increases

Tutoring and other direct services for at-risk students **\$170,730**

Superintendent's Funding Request 12/19/07

\$152,939,281

Actions Approved by the School Board ...

Administrative Staffing - \$400,000

Reduce central administrative staffing

Meet efficiency study recommendations;
reduced support for Division-wide initiatives;
reduced building-level instructional/
operational support

Operational Reductions - \$500,000

Reduce bus replacement funding

Longer replacement cycle for some buses;
possible use of cars to transport small
numbers of children

Reduce Classified Merit - \$332,420

Reduce classified merit program to 1% lower than
recommended by World@Work

Meet commonality as a joint organization and
adjust proposal based upon economic
conditions

Local Program Changes - \$214,615

Adjust PREP expense to meet new projections,
adjust HR budget, adjust Woodbrook enrollment

Piedmont Regional Education Program for
Special Education children revised their
estimates; Human Resources revised their
estimates

Instructional Improvements \$263,000

Specialty Center and Enterprise Center Funding

Begin investment into the International
Baccalaureate Program and funding for
disciplinary student assistance

School Board's Funding Request

\$151,755,246

Additional Revenues Needed to Meet Request 2/7/08

-\$1,312,172

Expense Reduction OPTIONS Pending Final Revenues (~ \$3.8 million)

Reduce Compensation **\$606,000**

Reduce teacher raises by 1%, from 4% to 3%
(classified staff raises have already been reduced 1%)

Decreased ability to remain competitive within our established market

Operational Reductions **\$400,000**

Professional Development Reimbursement Program, textbook replacement, computer replacement, school operational increases, Middle School redistricting, Total Rewards

Reduced professional development opportunities; maintenance of older technology; extended use of existing instructional resources; Total Reward commonality; school operational budgets absorb increased costs; redistricting; longer replacement cycle for some buses

Support Staffing **\$600,000**

Tech support, math specialists, school counselors, Teacher Assistants

Delayed technical support; decreased support for teachers in mathematics instruction; less support for career counseling services in high schools; less differentiation in elementary school instruction

Programmatic Reductions **\$700,000**

Low enrollment electives (World Languages, Strings, Advanced Placement, and others), Intervention/Prevention, retirement (longevity bonus), Piedmont Virginia Business-Education Alliance

Fewer elective offerings; loss of support for regional school-business partnerships; fewer remediation services; fewer incentives for employee retention

Instructional Staffing **\$1,500,000**

Class size (HS, MS, ES 4-5, ES K-3), art, music and PE

Larger class sizes, less time/reduced access for art, music and PE

Revenue Enhancements **\$TBD by Board**

Fees associated with non-school use of facilities, athletic fees, transportation considerations

Student and parent stakeholders may be challenged to provide fees

Albemarle County Public Schools

FY 2008-09 Compensation Summary

Salary Adjustments

Market Findings

Classified:

As an organization overall salaries currently 0.35% below FY 07/08 defined market
 Classified scale is slightly below defined market
 A number of positions may be below defined market
 Highly skilled and certain administrative positions are more competitive regionally

Teacher:

Achieved competitive position within the top quartile for our most experienced
 Teacher salaries are improving when compared to VA averages
 Ability to hire teachers is improving, maintain competitive position
 Retention and competitive position within the top quartile need to be future focus

Market Recommendations

Classified:

3.35% Merit Pool (based on WorldatWork data of 4.00% less 1%)
 Increase scale by 2.0% (affects only new hires)
 Address position discrepancies identified as below defined market

Teacher:

4.00% increase across scale (based on WorldatWork data of 4.00%)
 Approximately 1.67% to a 5.76% increase (including step) in salary

Benefits Summary

	<u>2007-08</u>	<u>2008-09</u>
Each Full-Time Participating Employee Will Receive:		
Contribution toward Health Insurance	\$6,153	\$6,645
Contribution towards Dental Insurance	\$227	\$241
In Addition, the Following Benefit Rates Apply:		
Social Security (FICA)	7.65%	7.65%
Virginia Retirement System (VRS)		
Professional Rate	16.46%	15.47%
Non-Professional Rate	11.82%	12.60%
Virginia Retirement System Group Life Insurance	1.00%	0.89%

Synopsis of Growth and Operational Increases

Total Growth and Operations : \$1,366,064

Enrollment Space and Growth Costs : \$611,310

English as a Second or Other Language (ESOL) additional staffing for enrollment increase (2.00 FTE - \$132,254) - Board Goal 2

Based on 10 year trend of a 26% increase in the English as a Second or Other Language (ESOL) population and a more leveled increase of 11% (since 1999), 2 additional ESOL Teacher Full-time Equivalents (FTEs) are proposed for the 2008-09 school year. In addition to increases in the number of students requiring ESOL services, the level of service has increased over the past three years for those new enrollees. There are a significant number of students enrolling during the summer months 236 students registered between July 1 and August 15, 2007 alone which speaks to the need to be prepared for increases. There are many factors that can affect ESOL enrollment but this is our best projection at this time. Staffing will be allocated based on actual enrollment.

Special Education Staffing Growth (2.00 FTE - \$132,254) - Board Goal 2

Due to an increase in the level of service provided to special education students as well as the increase in the overall severity of disabling conditions (i.e. behavioral issues related to impairments, medical issues) an increase in staffing is required to meet the standards outlined in the Individuals with Disabilities Education Improvement Act of 2004.

Curriculum and Technology Integration Partners (CTIP) Staffing (0.21 FTE - \$13,886) - Board Goal 3

To meet the state standard of 1.00 Full-Time Equivalents (FTEs) per 1,000 students we need to increase our CTIP allocation by 0.14 FTE or an adjusted amount based on enrollment.

Current allocation 12.33 FTE - increase to 12.47 FTE

Growth Due to Enrollment (5.18 FTE - \$332,916) - Board Goal 5

Growth Due to Enrollment - This includes 4.28 Full-time Equivalent (FTE) for teacher growth and 0.50 FTE for clerical staffing at Red Hill Elementary.

Operational Increases : \$754,754

Charlottesville-Albemarle Technical Education Center (CATEC) Increase (\$28,059 in Recurring Operational Costs) - Board Goal 1

Additional funding is requested for CATEC services. The increased costs are due to cost sharing, increased salary and benefits, proposed operational requests, and actions to support strategic plan goals.

Piedmont Regional Education Program (PREP) - Ivy Creek / Emotional Disturbance (ED) Program / Autism (\$275,723 in Recurring Operational Costs) - Board Goal 2

Ivy Creek - This initiative addresses the increased tuition for 32 students that are served at the Ivy Creek Regional Day Program for students with emotional disturbance. - \$69,578

Emotional Disturbance Program - This is a regional program that provides services to students with emotional disturbance. The increase is based on the rise in tuition due to an increase in compensation costs related to providing these services. - \$37,705

Autism / MD / SD - This is a regional program that provides services to students with autism, multiple disabilities or severe disabilities. The increase is based on the rise in tuition due to an increase in compensation costs related to providing these services. - \$31,049

Related Services - These are services that are purchased from the Piedmont Regional Education Program (PREP). These include vision services, physical therapy and the Parent Resource Center - \$ 137,391

Synopsis of Growth and Operational Increases

Department of Social Services Transfer (\$10,000 in Recurring Operational Costs) - Board Goal 2

The School Division transfers to the Department of Social Services funds to support the Bright Stars program and the Family Support (FS) program. This includes a \$23,000 baseline contribution for Bright Stars and the teacher salary and benefits at the seventh program added at Greer Elementary. It also includes a \$125,000 baseline contribution for FS, 50% of the 2.5 hours to maintain FS staff at 40 hours, and a 0.50 FTE FS position at Jouett Middle School.

Increase to Self-Insurance (\$35,300 in Recurring Operational Costs) - Board Goal 3

Increase of 10% over last year based upon current cost data.

3% Operational Increase for Schools (\$94,778 in Recurring Operational Costs) - Board Goal 5

This represents a 3% inflationary increase for school operational budgets.

Increase School Resource Officer Transfer (\$21,000 in Recurring Operational Costs) - Board Goal 5

Increase needed to meet current cost estimates provided by local government.

Matching funds for English Language-Civics (\$9,000 in Recurring Operational Costs) - Board Goal 5

There is now a local match required in order to access the funding for the English Language-Civics Grant.

Fuel Increase (\$273,000 in Recurring Operational Costs) - Board Goal 5

Current fuel prices are at \$2.40 per gallon. New estimates show an increase to \$3.10 per gallon may be likely.

Mileage Reimbursement Rate Increase (\$7,894 in Recurring Operational Costs) - Board Goal 5

This increase is due to the federal mileage rate changing from \$0.485 cents/mile to \$0.505 cents/mile.

Synopsis of Improvements and Infrastructure

Total Improvements : \$6,294,280

Compensation and Benefits : \$5,907,346

Maintain Competitive Salaries - Teachers (Joint Boards Market Proposal) (\$2,935,630) - Board Goal 3

This scale represents 4% and adjustments to meet the current year market.

Voluntary Early Retirement Incentive Plan (VERIP) Increase (\$825,000) - Board Goal 3

This is the necessary increase needed to fund new staff entering into the VERIP program.

Maintain Competitive Salaries - Classified Staff (Joint Boards Proposal) (\$1,281,745) - Board Goal 3

This scale represents 3% and 0.35% to meet the current year market.

Increase in Health Insurance (\$842,481) - Board Goal 3

Estimated 8% increase in costs.

Dental Increase (\$22,490) - Board Goal 3

Estimated 6% increase in costs.

Total System Initiatives : \$386,934

I. School Staffing Initiatives : \$43,063

Math Specialist (0.50 FTE - \$33,063 and \$10,000 in Recurring Operational Costs) - Board Goal 2

A 0.50 Full-time Equivalent (FTE) math specialist was funded last year from a one-year National Science Foundation grant. In order to continue the Board initiative of funding 5 math specialists, this additional 0.50 FTE will need be funded by the Division. Staff development support in the amount of \$10,000 also is requested for support materials and staff development for the existing math specialists.

II. System Improvement Initiatives : \$390,325

Specialty Center Concepts (0.50 FTE - \$33,063 and \$166,937 in Recurring Operational Costs) - Board Goal 1

These funds will be used to support development of several specialty center models including expansion of International Baccalaureate (IB). Funding for a half time teaching position to develop a specialty science center at Albemarle High School is also included. Research and development for a Virtual School to be available as an alternative to address the needs of homebound instruction, loss of enrollment to private school and home school instruction as well as possible provide on-line access to upper level high school courses not currently offered.

Math Textbook - New Course (\$8,000 in Non-Recurring Operational Costs) - Board Goal 1

The Virginia Department of Education is designing a new high school math course - Algebra, Functions and Data Analysis - with plans to replace the current Algebra Part 1 and Part 2 courses. This new course would require textbook replacement; typically the text is about \$105 and we anticipate one class being offered at each high school.

Restore Learning Resources Replacement Funds (\$124,531 in Recurring Operational Costs) - Board Goal 1

This initiative would restore funding to textbooks to the level prior to the current fiscal year.

Synopsis of Improvements and Infrastructure

Bright Stars - VPI- Governor's Initiative (3.36 FTE - \$74,064) - Board Goal 2

Albemarle County Schools has begun to re-structure pre-school services through the development of a unified service delivery model that highlights utilization of resources and best practices as the driving force behind services to pre-school aged children considered to be at-risk. Bright Stars, Title I Pre- School and the Early Childhood Special Education Program will be aligned to provide one over-arching Pre-School program. The program will eventually have a common curriculum, common outcomes, and a common reporting strategy utilizing the division's kindergarten readiness measurement as the basis of its progress monitoring focus. Outreach efforts are under way to include Head Start in this service delivery model. Strategies are being developed to provide support to the various community pre-school programs and providers, as well. Local, State and Federal funds are being leveraged to support this effort to move towards one pre-school program serving all Albemarle County children at risk. We have been able to utilize our existing resources to implement three pre-school classes in the division that are taught in teams (Bright Start Teacher and Special Education Teacher). The teams share the responsibility of providing instruction to all of the at-risk children on site, including children with special needs that would have been educated in a separate special classroom prior to the introduction of the initiative. This initiative will provide funding for additional teaching assistant support that will be used in a variety of ways to support our inclusive pre-school model while also supporting the overall availability of services for children at risk.

Intervention Prevention (Operational) (\$170,730 in Recurring Operational Costs) - Board Goal 2

Intervention and prevention funds are allocated to schools based on school enrollment with the number of students qualifying for free and reduced lunch factored in. In consultation with school principals, an increase in funding is requested to support the continued efforts of schools to provide timely and effective interventions to students performing below grade level. These funds will be used to directly assist student and are provided to schools for their use.

Reinstate Professional Development Reimbursement Program (PDRP) (\$50,000 in Recurring Operational Costs) - Board Goal 3

This would restore \$50,000 of funding reduced in the prior budget cycle.

Support for the Implementation of New Student Information System (\$50,000 in Non-Recurring Operational Costs) - Board Goal 4

Funds will be needed to support the hours associated with clerical, teacher, and administrator training on the use of the new Student Information System. In addition to staff training, funds for project hours associated with the migration of data from the Division's current system (SASI) to the new Student Information System will be needed as well.

Enterprise Center Concepts (\$63,000 in Recurring Operational Costs) - Board Goal 5

The Division will be examining the continuum of alternative education services for behaviorally challenged students. This could include a Second Chance Center, implementation of further restorative practices and the re-envisioning of services to students in disciplinary difficulty.

Reduction in Administrative Staffing (-2.50 FTE - (\$400,000)) - Board Goal 5

Reduction in Administrative Staffing

SchoolNet Active Directory Integration (\$50,000 in Non-Recurring Operational Costs) - Board Goal 5

In keeping with the Division's goal of efficient information management, a need for a SchoolNet Active Directory Integration Module exists. The Active Directory Integration Module eliminates user-management redundancy by leveraging our existing Active Directory infrastructure and providing single sign-on capabilities to all end users. The module would allow teachers and staff to authenticate to SchoolNet using their existing Active Directory account credentials and would require fewer systems administration hours to maintain.

III. Testing Initiatives : \$15,000

Synopsis of Improvements and Infrastructure

Cost increase for administration of New Standards Reference Exam (\$15,000 in Recurring Operational Costs) - Board Goal 2

The cost of administration of the New Standards Reference Exam to 4th- and 8th-grade students has increased. Funds will be needed to continue the administration of the assessment.

IV. Support Services Initiatives : (\$61,454)

Transportation Director in Training (0.50 FTE - \$63,546) - Board Goal 5

This one-time initiative will provide six months of transition time for a new transportation specific director.

Increase Lapse Factor ((\$200,000) in Recurring Operational Costs) - Board Goal 5

Increase Lapse Factor account by -\$200,000.

Increased Costs for Lease/Rental of Software (\$75,000 in Recurring Operational Costs) - Board Goal 5

Additional funding is required to cover increased costs for software maintenance contracts. This includes systems such as SASI/Tyler Educational Management System, SchoolNet, SchoolCenter, Blackboard, InfoCentre, eTrust Virus and SPAM Protection, SIF Agents, DeepFreeze, etc.

FY 2009/2010 Projected Initiatives and Reductions

Reductions

Math Textbook - New Course (-8,000 in Non-Recurring Operational Costs) - Board Goal 1

Reductions in one-time funding from FY2008-09.

Lapse Factor Increase (Projected 2009/2010) (-500,000 in Non-Recurring Operational Costs) - Board Goal 1

This amount is the projected increased savings moving from FY 2008-09 to FY 2009-10.

Support for the Implementation of New Student Information System (-50,000 in Non-Recurring Operational Costs) - Board Goal 4

Reductions in one-time funding from FY2008-09.

Transportation Director in Training (-0.50 FTE - -63,546) - Board Goal 5

Reduction of one-time funding from FY 2008-09.

SchoolNet Active Directory Integration (-50,000 in Non-Recurring Operational Costs) - Board Goal 5

Reductions in one-time funding from FY2008-09.

Reductions Total (\$671,546)

FY 2009/2010 Projected Initiatives and Reductions

Initiatives

Additional Square Footage Costs for 2009-10 Capital Improvement Projects (4.62 FTE - 179,740) - Board Goal 1

Current approved Capital Improvement Program (CIP) projects provide for significant additions and renovations for three schools, to become operational in 2009-10, as follows:

Brownsville Elementary Renovations & Addition - 28,000 SF	(2.02 FTE)
Greer Elementary Renovations & Addition - 7,000 SF	(0.51 FTE)
Albemarle High School Renovations & Addition - 29,000 SF	(2.09 FTE)

Charlottesville-Albemarle Technical Education Center (CATEC) Increase (50,000 in Recurring Operational Costs) - Board Goal 1

Projected increase based on historical data.

Reinstate Full Bus Replacement Schedule (800,000 in Recurring Operational Costs) - Board Goal 1

This projected initiative will fully restore the bus replacement to \$1.3 million.

Expansion of Math Specialist Initiative (3.00 FTE - 204,858) - Board Goal 2

Five Full-time Equivalent (FTE) math specialists were funded in FY 2008-09. In order to further the Board initiative of Math Specialists, an additional 3.00 FTE is proposed.

English as a Second or Other Language (ESOL) additional staffing for enrollment increase (1.00 FTE - 68,286) - Board Goal 2

Based on 10 year trend of a 26% increase in the English as a Second or Other Language (ESOL) population and a more leveled increase of 11% (since 1999), 2 additional ESOL Teacher Full-time Equivalents (FTEs) are proposed for the 2008-09 school year. In addition to increases in the number of students requiring ESOL services, the level of service has increased over the past three years for those new enrollees. There are a significant number of students enrolling during the summer months 236 students registered between July 1 and August 15, 2007 alone which speaks to the need to be prepared for increases. There are many factors that can affect ESOL enrollment but this is our best projection at this time. Staffing will be allocated based on actual enrollment.

Piedmont Regional Education Program (PREP) - Ivy Creek / ED Program / Autism (303,289 in Recurring Operational Costs) - Board Goal 2

Projected increase of 10% for these programs.

Special Education Staffing Growth (1.00 FTE - 68,286) - Board Goal 2

Due to an increase in the level of service provided to special education students as well as the increase in the overall severity of disabling conditions (i.e. behavioral issues related to impairments, medical issues) an increase in staffing is required to meet the standards outlined in the Individuals with Disabilities Education Improvement Act of 2004.

Maintain Competitive Salaries - Teachers (2,377,164) - Board Goal 3

Meet market minimums plus 4%

Voluntary Early Retirement Incentive Plan (VERIP) Increase (750,000) - Board Goal 3

This is the necessary increase needed to fund new staff entering into the VERIP program.

Maintain Competitive Salaries - Classified Staff (1,434,663) - Board Goal 3

Projected increase of 4% for classified staff.

Increase of Health Insurance (1,027,539) - Board Goal 3

Estimated 9% increase in costs over FY 2008-09.

Dental Increase (19,401) - Board Goal 3

Estimated 5% increase in costs over FY 2008-09.

FY 2009/2010 Projected Initiatives and Reductions

Administrative Interns (3.30 FTE - 225,344 and 10,000 in Recurring Stipends) - Board Goal 5

This initiative will provide positive support and ensure that employees currently on staff have an opportunity to successfully develop administrative leadership roles within the Albemarle County School Division. The administrative intern program will allow qualified candidates to strengthen the skills required to successfully transition into a leadership role while enhancing the current level of school based knowledge. This would help develop internal candidates for administrative positions. The interns would be on an 11 month teacher contract with an additional stipend for the additional responsibilities.

Enterprise Center Concepts (10,000 in Recurring Operational Costs) - Board Goal 5

The Division will be examining the continuum of alternative education services for behaviorally challenged students. This could include a Second Chance Center, implementation of further restorative practices and the re-envisioning of services to students in disciplinary difficulty.

3% Projected Operational Increase for Schools and Departments (730,099 in Recurring Operational Costs) - Board Goal 5

This initiative assumes a 3% increase in operational costs on FY 2008-09.

Retirement Notice Incentive (25,000 in Recurring Operational Costs) - Board Goal 5

For the last three years, prior to February 1, only 10.6% of teachers that retired at the end of that school year had submitted retirement paperwork. During that same three year period, 51% of the retirements had gone to the School Board after April 1. This initiative will provide a financial incentive for retirees to submit retirement paperwork earlier in the school year. If a teacher or administrator submits in writing the intent to retire prior to February 1, the individual would be eligible for a \$500 incentive payment. A retirement submitted in writing from February 1 through April 1, would result in a \$250 incentive. This would allow for hiring replacements earlier in the hiring season, resulting in improved recruiting of highly-qualified staff.

Classified Technical Training (1.00 FTE - 66,998) - Board Goal 5

Establish training position within professional development to focus on classified staff development and assistance in the deployment of many new technology initiatives. School Net, SASI, and other databases initiatives are just a few of the areas that require both systemic and hands-on training resources to improve productivity of staff.

Initiatives Total	\$8,350,667

2100 - K-12 INSTRUCTION-SALARIES

Description

The mission of the K-12 Instructional Salaries Fund is to recruit, retain and develop a diverse cadre of the highest quality teaching personnel, staff and administrators in support of the Division's strategic plan.

The K-12 Instructional Salaries Fund is responsible for the following major programs and/or services:

- School based Teacher & TA Compensation,
- School Office Personnel Compensation,
- School Nurse Compensation; and,
- Early Retirement Program.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

The Division uses a standards-based staffing strategy which often significantly exceeds the Virginia Standards of Quality (SOQ) requirements. In such cases, the Division assumes 100% of the costs. For SOQ-mandated positions, the Division assumes more than 62% of the cost with the state providing less than 38%. At Board direction, Albemarle County implemented a differentiated staffing structure. Through this structure, all schools are staffed with regular education teachers at an equal baseline level. Additional staffing is then provided based on the level of the student population qualifying for the Free/Reduced Lunch program at the individual school. In the area of compensation, an established, agreed-upon competitive market now exists against which the School Division and Local Government can benchmark themselves. It remains a top priority for the Division to target its market position against the top quartile of the adopted market rather than the mean.

Over the last few years, the Division has accomplished its goal of reaching the top quartile of the agreed-upon competitive market. Maintaining the Division's competitive position within the market is essential to providing quality instruction in the classroom. Staffing initiatives beyond the established standards include positions such as Individualized Student Alternative Education Program (ISAE) teacher, intervention/prevention teacher for middle schools, administrative interns, teachers to support Pre-K services, math specialists, testing specialists, high school and middle school assistant principals, Curriculum and Technology Integration Partners (CTIP) staffing and a pool for emergency staffing. Supporting these staffing and compensation issues has taken a major share of new revenue.

Initiatives for 2008- 2009 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Bright Stars - VPI- Governor's Initiative	\$74,064	3.36
Curriculum and Technology Integration Partners (CTIP) Staffing	\$13,886	0.21
English as a Second or Other Language (ESOL) additional staffing for enroll	\$132,254	2.00
Growth Due to Enrollment	\$332,916	5.18
Special Education Staffing Growth	\$132,254	2.00
Specialty Center Concepts	\$33,063	0.50
Voluntary Early Retirement Incentive Plan (VERIP) Increase	\$825,000	0.00
Initiative Total	\$1,543,437	13.25

Projected Initiatives for 2009- 2010 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Administrative Interns	\$235,344	3.30
English as a Second or Other Language (ESOL) additional staffing for enroll	\$68,252	1.00
Expansion of Math Specialist Initiative	\$204,858	3.00
Special Education Staffing Growth	\$68,252	1.00
Voluntary Early Retirement Incentive Plan (VERIP) Increase	\$750,000	0.00
Initiative Total	\$1,326,706	8.30

Critical Challenges

Education is a personnel-driven endeavor. There is an ongoing challenge to provide highly motivated and qualified staff to meet the diverse academic needs that exist across the Division as outlined in the Strategic Plan. Addressing the under-funded mandates of Special Education and English as a Second or Other Language

2100 - K-12 INSTRUCTION-SALARIES

(ESOL) will also continue to require significant levels of local resources. Recruiting, retaining and developing a diverse cadre of the highest quality teaching personnel, staff and administrators in the face of the high number of projected retirements over the next three to five years presents a significant challenge. This is a particular problem when on a national basis colleges and universities are not graduating sufficient qualified staff to replace retirees. Additionally the federal requirements for highly qualified teaching staff represent a significant barrier to entry into teaching from other professions. This will have a significant impact on the cost of teaching staff over the next 10-15 years.

With compensation, maintaining the top quartile in the competitive market is critical as the demands for teachers increases while the supply has not increased to meet this demand. Whenever a people-driven endeavor, such as a school division, falls behind in competitive position, catching up is very costly and difficult when faced with a myriad of other competing priorities along with reduced revenue. Attracting a strong pool of new teacher and administrative candidates and retaining and motivating existing staff is essential. Ensuring that salary levels are high enough to garner consideration by highly qualified teachers in the marketplace is of utmost importance in preparing all students to be successful in a global community. Being able to attract the best educators to work with our children begins with a strong compensation and benefits package.

2100 - K-12 INSTRUCTION-SALARIES

2102 - C.A.T.E.C

Description

The mission of the CATEC Fund is to develop workforce skills and careers. In October 1969, the School Boards of Albemarle County and the City of Charlottesville entered into a contractual agreement whereby each Board contributes to the operation of a joint vocational school. The Charlottesville-Albemarle Technical Education Center (CATEC) offers high school and adult students a variety of courses in career and technical education. These programs are offered in the following three formats: High School, Adult Apprenticeship and Adult Training Programs. The agreement creating CATEC stated the local expenses of the operation should be divided by the two school divisions based on the relation of each division's average daily attendance for grades 9-12 over the past three years. In Fiscal Year 1995-96, the funding formula was altered to also include a component reflecting 50% of the division's funding based upon a three-year average daily attendance at CATEC. The CATEC Board annually applies the funding formula and assesses each school division based on the average daily attendance for three years and the percentage of students attending from Albemarle County. For Fiscal Year 2008-09 there is an operational increase of \$28,059 (1.95%). In 2006-07 both the city and the county School Boards approved the new CATEC strategic plan. The increased cost represents operational growth and strategic action initiative costs for CATEC.

The CATEC Board routinely reviews programs offered at CATEC to meet both community employment needs and the needs identified for high school students in support of the Division's strategic plan.

The CATEC Fund is responsible for the following major programs and/or services:

- Career And Technical Programs.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

As part of the strategic planning process, CATEC completed a comprehensive workforce analysis with the assistance of the Weldon Cooper Center. Programs were divided into clusters with health and medical receiving the highest ranking among courses to offer as part of the Program of Studies. As part of this initiative, CATEC has proposed the offering of Pharmacy Tech and Dental Assistant alongside the current classes of EMT and Nurse Aide to fit this need in health care. CATEC also is incorporating an integrated approach to the instruction of technology, both functional and demonstrative, along with entrepreneurship business planning as part of a school-wide focus.

These initiatives will focus on preparing students for a global economy and help reach students through engagement in mediums not typically utilized at the comprehensive high school.

Through the strategic planning process, CATEC has offered support in areas of need, such as the creation of a Literacy Specialist Position. CATEC has added programs that meet CATEC's mission along with evaluating programs that are no longer meeting the needs of the students and school. This evaluative process will continue as CATEC and its partner divisions define programmatic opportunities and needs.

Initiatives for 2008- 2009 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Charlottesville-Albemarle Technical Education Center (CATEC) Increase	\$28,059	0.00
Initiative Total	\$28,059	0.00

Projected Initiatives for 2009- 2010 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Charlottesville-Albemarle Technical Education Center (CATEC) Increase	\$50,000	0.00
Initiative Total	\$50,000	0.00

Critical Challenges

The critical challenges for CATEC include the recruitment and compensation of qualified instructors and personnel with occupational workforce skills. CATEC also faces the challenges of adapting to the workforce needs of the community through the development of programs and implementation of new instructional practices that provide a portable, transferable skill set for our students.

2103 - SUMMER SCHOOL

Description

The mission of the Summer School Fund is to provide local funds to the elementary and middle school summer school programs to ensure continuity of services from remediation to enrichment in support of the Division's strategic plan.

The Summer School Fund is responsible for the following major programs and/or services:

- Elementary School Summer School,
- Middle School Summer School; and,
- A Fee-Based High School Summer School.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Summer school attendance has become data-driven in terms of student placement since implementation of Virginia Standards of Accreditation, Virginia Assessment Program, and No Child Left Behind (NCLB) Act.

Funding for summer school programs has been allocated by the Department of Education based on a per-pupil ratio that varies from year to year depending upon funding available at the state level. School staff believes that students are more likely to participate in programs held in their neighborhood schools, particularly in elementary and middle school. Staff also believes that provision of transportation is essential to ensure student access and participation.

Critical Challenges

A key future challenge is to continue to implement a program with demonstrated success as an intervention and prevention model. As the NCLB act is implemented resulting in increased targets for adequate yearly progress across NCLB sub-populations, it will be imperative for staff to articulate strategic planning to address expected summer school student outcomes. As costs and mandates for intervention increase, the Board will receive additional requests for funds.

2111 - INSTRUCTIONAL SUPPORT

Description

The mission of the Department of Instruction is to support school-based implementation of K-12 concept-centered, standard-based curriculum models in math, science, history/social science, English/Language Arts, world languages, art, music, health and physical education, gifted education, and guidance using the Division's adopted Framework for Quality Learning. Additionally, this department conducts and supports data analysis and program evaluation in support of the Division's strategic plan.

The Department of Instruction is responsible for the following major programs and/or services:

- Develop and implement curriculum,
- Coordinate/lead staff development,
- Conduct data analysis and program eval; and,
- Develop and manage grant opportunities.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Major initiatives in the area of curriculum, assessment and instruction have been the focus of the department over the past several years. Each content area has worked diligently to develop a concept-centered, standards-based curricula using the Framework for Quality Learning as the Division model for the development of high quality units of instruction and lessons. English/Language Arts and history/social sciences are in a full implementation phase while mathematics and science are expected to be fully implemented in the fall of 2008. The other content areas are following this lead through vertical team work developing their concept-centered, standards-based curricula.

Through Professional Learning Communities, instructional staff are beginning to develop assessments that will move students to the expected achievement levels and beyond. Common quarterly benchmark assessments will allow teachers to clearly identify the concepts and content most important for students to know. The results will be available to provide real-time intervention for students in need of additional assistance.

The Department of Instruction staff provides daily support to teachers and principals so that each school can meet Board priorities. This fund includes compensation for 15.13 Full-Time Equivalents (FTE), a reduction of 0.33 FTE that was transferred with English as a Second or Other Language (ESOL) funding to Fund 2113. Realignment of staff and resources have allowed the department to increase teacher participation in the summer Curriculum, Assessment and Instruction (CAI) institute to over 300 teachers, and to better align personnel and funds with the department they support. Guidance services and Career and Technical Education services have been transferred to this department while ESOL and Accelerated Learning Program (ALPs) funding has been transferred to Federal Programs Fund 2113. Additionally, the Assistant Director for Best Practices was transferred to Fund 2114 (Media Services) in 2008 and subsequently redirected to Fund 2117 (Professional Development) in 2009 where the duties of this position are more accurately reflected.

Initiatives for 2008- 2009 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Math Specialist	\$43,063	0.50
Mileage Reimbursement Rate Increase	\$1,235	0.00
Specialty Center Concepts	\$166,937	0.00
Initiative Total	\$211,235	0.50

Critical Challenges

Increasing the Division's capacity to know, understand and utilize the Framework for Quality Learning as the Division's curriculum, assessment, and instructional model in all classrooms is a primary priority. Division and school staff intensively work to increase student access to more rigorous curricula and engaging instruction. Work on the Framework for Quality Learning continues through the CAI Institute, school-based Framework Advisors, and vertical curriculum teams that have been established in math, science, history/social science, English/Language Arts, world languages, and health and physical education.

2112 - STUDENT SERVICES

Description

The mission of the Department of Student Services is to provide all children with opportunities to benefit from a public education. Special Education programs and services are available to students with a disability, as defined by state and federal law, and are provided to children with disabilities whose second birthday falls on or before September 30 of a school year through the age of 21. A comprehensive Special Education program that provides quality instruction is available in all Albemarle County Public Schools so that all children with disabilities have access to the general curriculum in support of the Division's strategic plan.

The Department of Student Services is responsible for the following major programs and/or services:

- Specialized Instruction PK-12,
- Speech Services,
- Psychological Services,
- Counseling Services,
- Occupational Therapy,
- Physical Therapy,
- Specialized Programs Aut, ED., Post High; and,
- Home and School Coordination.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Major initiatives in the Department of Student Services include:

- Ensuring that all primary special education teachers are highly qualified in core content areas.
- Designing a process for implementation of portfolio-based alternative options for statewide assessments
- Implementing the School Based Intervention Team (SBIT) initiative with regular education leadership.
- Data collection, management and reporting as a result of the implementation of the State Performance Plan

In the 2007-08 school year there was a transfer of one special education teaching position that was previously funded through the Piedmont Regional Education Program (PREP) to Fund 2100 for Special Education Teacher Staffing. This redirection of funds did not result in additional costs to the School Division. The Department has been able to use Medicaid funds to support the development of a web-based Individualized Education Plan (IEP) system and an intervention management system. An inclusive pre-school model is being piloted at three schools during the 2007-08 school year. This is a cost-neutral approach which is attempting to develop one pre-school program in the Division and merge funding streams.

Initiatives for 2008- 2009 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Mileage Reimbursement Rate Increase	\$2,804	0.00
Piedmont Regional Education Program (PREP) - Ivy Creek / Emotional Dist	\$275,723	0.00
Initiative Total	\$278,527	0.00

Projected Initiatives for 2009- 2010 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Piedmont Regional Education Program (PREP) - Ivy Creek / ED Program /	\$303,289	0.00
Initiative Total	\$303,289	0.00

Critical Challenges

The complexity of the state and federal regulations and the widely differing interpretations of what constitutes an appropriate education will require vigilance in maintaining a balance between education's view of an appropriate educational program and the community's desire for what is best for each child. The Standards of Learning (SOL) assessments and the requirements of the No Child Left Behind (NCLB) Act present real challenges for special and regular education teachers. In addition to the efforts of our teachers to assist children with disabilities to successfully complete the SOL assessments, the Department will continue to look at its vocational programming and transition services for those children who will not receive a regular high school diploma. The fundamental changes in the special education procedures and policies as a result of the Individuals with Disabilities Education Improvement Act (IDEIA) will require a change not only in how things are done, but also in the way planning is done for special services and the children eligible to receive such services.

2113 - FEDERAL PROGRAMS

Description

The mission of the Department of Federal Programs is to support the Division by developing and providing the curricular resources, technical assistance, and coordination of intervention services needed to assure students acquire the knowledge and skills to be successful in support of the Division's strategic plan.

The Department of Federal Programs is responsible for the following major programs and/or services:

- Intervention/Prevention Services,
- LAUNCH,
- PALS,
- ESOL Instruction; and,
- Enterprise Center.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

For the 2007-08 budget, Intervention Funds were consolidated into one funding source. All schools receive some level of funding from this source with funding based upon overall school size and the number/percentage of students qualifying for the free- and reduced-lunch program. Increased funding for intervention work at the individual school level is included in this request.

Grant funding was redirected in the 2007-08 budget so that local funds would be available to support the math specialist initiative. For the 2008-09 budget, supplemental matching funds are now required for the English Literacy/Civics Grant in Adult Education.

Initiatives for 2008- 2009 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Department of Social Services Transfer	\$10,000	0.00
Enterprise Center Concepts	\$63,000	0.00
Intervention Prevention (Operational)	\$170,730	0.00
Matching funds for English Language-Civics	\$9,000	0.00
Mileage Reimbursement Rate Increase	\$367	0.00
Initiative Total	\$253,097	0.00

Projected Initiatives for 2009- 2010 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Enterprise Center Concepts	\$10,000	0.00
Initiative Total	\$10,000	0.00

Critical Challenges

External grants continue to be available when local matching funds are available. Title I and ESOL services are coordinated by this Department. Students served in both programs present challenges that demand a high level of support from staff. Most critically, student academic performance on local and state assessments must meet criteria established at the national, state, and local levels. Albemarle County Public Schools will need to continue its efforts to provide timely, purposeful, and measurable interventions that will support the goal of having all children meet local, state, and national performance standards.

2114 - MEDIA SERVICES

Description

The mission of the Media Services Fund is to provide teaching staff with necessary learning resources that support implementation of curriculum frameworks as well as instructional and assessment practices that promote student learning. Central staff work with principals and teacher leaders to refine efficient systems that develop, allocate, and align these learning resources in support of the Division's strategic plan.

The Media Services Fund is responsible for the following major programs and/or services:

- Central Instructional Media Library,
- Central Prof Dev Media Library,
- Equipment Lending Library; and,
- Print and Electronic Prof Journals.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

During the last few years, a significant effort has been made to update equipment, learning resources kits, DVDs, and the professional development collection. The role of the Albemarle Resource Center (ARC) office associate librarian is shifting from a traditional circulation desk manager to information specialist. Knowledge of equipment use and troubleshooting, satellite programming, United Streaming uploading, and digital video technology is a requirement for ARC staff.

The Assistant Director for Best Practices was transferred from Fund 2111 (Instructional Support) in 2008 and subsequently redirected to Fund 2117 (Professional Development) in 2009 where the duties of this position are more accurately reflected.

Initiatives for 2008- 2009 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Math Textbook - New Course	\$8,000	0.00
Mileage Reimbursement Rate Increase	\$38	0.00
Restore Textbook Replacement Funds	\$124,531	0.00
Initiative Total	\$132,569	0.00

Critical Challenges

Educators find themselves in flux between using traditional media resources and applications of more contemporary digital and online resources that support literacy across content areas. Information literacy standards that require teachers to set up learning opportunities for students to be engaged in critical inquiry as they use electronic resources has implications for teacher support. This department's critical challenge is to provide learning resources that support the transition to critical inquiry and information literacy.

2115 - COMPUTER TECHNOLOGY

Description

The mission of the Department of Computer Technology is to provide teachers, students, and staff with exceptional customer service through the integration and real-time support of reliable instructional and administrative technology systems and resources in support of the Division's strategic plan.

The Department of Computer Technology is responsible for the following major programs and/or services:

- Technology Installation & Support,
- Audio-Visual Installation & Support,
- Systems Engineering Services,
- Network Infrastructure (WAN, LAN's),
- Distribution Model Implementation,
- Support of Web-based Testing,
- Support of Instructional Systems; and,
- Support of Administrative Systems.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Over the last two years, approximately 2,500 new desktop and laptop computers were installed to supplement the Division's Instructional Technology Distribution Model which provides computers for classrooms, labs, media centers, and mobile carts. In addition, many laptops were purchased to support the Department of Education's web-based Standards of Learning (SOL) technology initiative. Together, these deployments improved the Division student-to-computer ratio from approximately 4:1 to approximately 3:1, and provided new laptops for teachers who attended the Curriculum, Assessment and Instruction (CAI) Institute in 2006 and 2007, and replacement laptops for teachers who attended in 2004.

The Office of Technology was also successful with the following initiatives which all had a significant impact in moving the Division toward accomplishing the Strategic Plan Goals: providing increased support for SOL testing, replacing a large percentage of administrative computers, upgrading the central Data Center, adding a second Internet connection, working with the Office of Assessment and Information Services to implement and support SchoolNet, adding an additional SchoolCenter server to increase web storage capacity, increasing IP telephone and unified messaging services, replacing critical administrative and instructional servers, enhancing audio-visual systems and support, supporting Division-wide conferences, and improving network reliability across the Division by adding additional switches, wireless access points, and backup battery capacity.

Initiatives for 2008- 2009 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Increased Costs for Lease/Rental of Software	\$75,000	0.00
Mileage Reimbursement Rate Increase	\$1,215	0.00
Initiative Total	\$76,215	0.00

Critical Challenges

Due to limited staffing, the most critical challenge facing the Office of Technology is the amount of real-time technical support needed in all areas of technology utilization. To provide the level of service required to make a greater impact on student achievement and staff productivity, additional positions may be required. Additionally this office is faced with cost increases related to software maintenance contracts for systems such as the student information system, instructional management system, library management system, web content filter, threat management system (SPAM & virus protection), courseware system, etc. Finally, while the Division has done an outstanding job providing technological resources, it may be faced with financial, technical, and logistical challenges moving to the next level of integration as emerging technologies are developed.

2116 - VOCATIONAL EDUCATION

Description

The mission of the Vocational Education Fund is to offer students rigorous and challenging academic and career and technical instruction to prepare students to succeed in the rapidly changing global economy in support of the Division's strategic plan.

The Vocational Education Fund is responsible for the following major programs and/or services:

- Business and Information Technology,
- Marketing Education,
- Technology Education,
- Health and Medical Sciences,
- Family and Consumer Science,
- Trade and Industrial Education,
- Career Connections; and,
- Career Pathways.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Career and Technical Education courses need to be aligned to serve the critical shortage of teachers by strengthening our offering of the Teacher Cadet Program. The career planning process for each student requires the development of internship placements of juniors and seniors.

Health and medical sciences teachers in all three high schools were reallocated during the budget process due to low attendance in these programs, having an impact on staffing at each high school. In Fiscal Year 2007-08, \$85,000 was included in the Community Engagement budget for the Division membership fee for the Piedmont Virginia Business Education Alliance partnership (PVBEA). The funding for PVBEA was transferred to this department for FY 08/09.

Initiatives for 2008- 2009 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Mileage Reimbursement Rate Increase	\$112	0.00
Initiative Total	\$112	0.00

Critical Challenges

State and Federal regulations require the minimum of 11 Career and Technical Education courses at each high school. These mandated offerings require a significant commitment of resources from available high school staffing.

Fund Total	\$147,701	

2117 - PROFESSIONAL DEVELOPMENT

Description

The mission of the Professional Development Fund is to provide for meaningful and varied formats for teachers to center their work with one another around student learning that extends their capacity to create, communicate, organize and act on knowledge about teaching and learning. All professional development opportunities are connected with Teacher Performance Appraisal standards and domains that focus on rigor, relevance and relationships, quality teaching practices and family involvement in support of the Division's strategic plan.

The Professional Development Fund is responsible for the following major programs and/or services:

- Prof Dev Reimb Program (PDRP),
- School-based School Improvement,
- Novice Teacher Network (NTN),
- Opportunities Workshops,
- University of Virginia Coursework,
- Leadership Development,
- Classified Prof Dev Stipend; and,
- Prof Dev Resources Collection.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

The Professional Development Reimbursement Program (PDRP) has provided teachers with reimbursement money for coursework, conference attendance and conference presentations. Principals approve the teacher's PDRP application assuring that the PDRP-funded professional development is linked to the teacher's Teacher Performance Appraisal (TPA) goals.

The appointment of four full-time Novice Teacher Network (NTN) Advisor/Mentors has improved new teacher retention, inspired confidence among novice teachers and encouraged their opportunities for leadership and inquiry. These advisors are fully and seamlessly integrated into each school's instructional program, effecting change and promoting novice teachers' initial and vital opportunities to synthesize our three core beliefs about teaching and learning -- teachers have a profound impact on student achievement; professional growth is essential to developing and maintaining both content knowledge and pedagogical skills; and professional relationships enhance continuous improvement and professional growth.

Except for Title II grant funds that support highly qualified certifications, there were insufficient PDRP funds to support teacher workshop or conference requests for the second of four funding windows in 2007-08. Additionally, the Assistant Director for Best Practices was transferred from Fund 2111 (Instructional Support) to Fund 2114 (Media Services) in 2008 and subsequently redirected to this fund in 2009 where the duties of this position are more accurately reflected.

Initiatives for 2008- 2009 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Mileage Reimbursement Rate Increase	\$470	0.00
Reinstate Professional Development Reimbursement Program (PDRP)	\$50,000	0.00
Initiative Total	\$50,470	0.00

Projected Initiatives for 2009- 2010 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Classified Technical Training	\$66,998	1.00
Initiative Total	\$66,998	1.00

Critical Challenges

Adequate funds and resources are critical in an effort to support teachers and administrators working hard to set up learning opportunities that are rigorous (evaluative and analytical, research-based, data-driven), relevant (based on human learning, change and conceptual understanding of curriculum frameworks) and inspired by relationships (collaboration).

2117 - PROFESSIONAL DEVELOPMENT

2118 - ASSESSMENT & INFORMATION SVCS

Description

The mission of the Department of Assessment Services is to provide support for formative and summative assessment, data analysis, and student information management in support of the Division's strategic plan.

The Department of Assessment Services is responsible for the following major programs and/or services:

- Annual Progress Reporting,
- State and Local Assessments,
- Data Warehousing,
- Student Information Systems,
- Electronic Report Card,
- Research and Program Evaluation; and,
- Assessment Item Bank.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Funding was allocated in 2005-06 and 2006-07 to provide for an information management system that allows the division to connect high-quality assessment and instruction resources to the division's curricular framework. The tool also allows for efficient collection of and access to various student information, achievement data, and human resources information. Staffing (1.00 FTE) was also allocated to provide support for the implementation of the data warehouse.

The position of Coordinator of Guidance and Career/Technical Education was moved to the Office of Instruction from the Office of Assessment and Information Services to improve staff communication. One Applications Software Specialist was added and another reassigned from the classified technology trainer initiative (from FY 2006/07) to support the implementation and operations of a new Student Information System and Data Warehouse.

Initiatives for 2008- 2009 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Cost increase for administration of New Standards Reference Exam	\$15,000	0.00
Mileage Reimbursement Rate Increase	\$354	0.00
SchoolNet Active Directory Integration	\$50,000	0.00
Support for the Implementation of New Student Information System	\$50,000	0.00
Initiative Total	\$115,354	0.00

Critical Challenges

A major challenge involves the department's collection of all state and national data currently required by the No Child Left Behind (NCLB) Act. This data must be edited and made accessible to Division staff as well. Funds were allocated during the 2007-08 fiscal year to purchase a data warehouse. This data warehouse will allow for more efficient collection, storage, management, and reporting of data to inform instructional decisions. The Office of Assessment and Information Services staff will be challenged to not only ensure that the technical needs of the program and users are met, but provide professional development on the appropriate use and interpretation of data.

School Allocation Breakout

2410 - EXECUTIVE SERVICES

Description

The mission of the Executive Services Department is to ensure that the vision, mission, goals, and core values of Albemarle County Public Schools are achieved in support of the Division's strategic plan.

The Executive Services Department is responsible for the following major programs and/or services:

- Superintendent's Office,
- School Board Office; and,
- Hearing Officers.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Major initiatives for the Executive Services Department have been focused around the operational increases to meet obligations associated with increased professional development for Board members and increased participation in organizations requiring the payment of dues. In addition, funds were increased to support the transition of a new superintendent and funding for the hearing officers.

Initiatives for 2008- 2009 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Mileage Reimbursement Rate Increase	\$204	0.00
Initiative Total	\$204	0.00

Critical Challenges

As the teaching and school administrative workforce reaches retirement age, maintaining the division's competitive stance for recruiting, retaining and motivating staff in a highly competitive market will offer many opportunities. Additionally, revenue limitations for both the current and near future budget cycles will be a significant issue which may limit the division's choices and opportunities to substantially invest in our capacity to improve student achievement. In the long term, the division's ability to stay true to the identified competitive market is essential to student and Division success.

2411 - COMMUNITY ENGAGEMENT

Description

The mission of the Community Engagement Department is to inform, inspire, and involve our broad spectrum of stakeholders in collaborative partnerships that empower students and encourage lifelong learning in support of the Division's strategic plan.

The Community Engagement Department is responsible for the following major programs and/or services:

- Community education,
- Internal and external communications,
- Equity and diversity,
- Strategic planning,
- Hispanic/Latino community relations,
- School and community relations,
- Web services; and,
- Drivers Ed and Open Doors.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Community engagement projects include strategic planning, Communications Plan implementation, parent outreach, Parent Council, community forums, multicultural education, etc. In Fiscal Year 2006-07, one-time funding of \$86,000 was used to purchase of driving simulators for the drivers' education program. This amount was removed from the 2007-08 proposal. In 2006-07, responsibility for the annual Division calendar and School Talk publications, and \$17,000 of monies were transferred from the Administrative and Support Services Department to the Community Engagement Department. In Fiscal Year 2007-08, \$85,000 was included in the operational budget for the Division membership fee for the Piedmont Virginia Business Education Alliance partnership.

Funds to support stipends for diversity resource teachers were aligned with the academic leadership stipend account in Fund 2100. Changes for the FY 08/09 budget cycle include a transfer of \$85,000 for the Piedmont Virginia Business Alliance partnership to Fund 2116 Vocational Education and an increase in 0.2FTE transferred from the Human Resources department of the equity and diversity coordinator to reflect actual duties performed.

Initiatives for 2008- 2009 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Mileage Reimbursement Rate Increase	\$428	0.00
Initiative Total	\$428	0.00

Critical Challenges

Challenges faced in the area of community engagement continue to include:

- Establishing effective internal and external communications structures and relationships
- Increasing parent and community involvement to support student learning
- Implementation of strategies to help teachers set and reach high expectations for all students regardless of differences
- Ensuring that each employee is knowledgeable of the Vision, Mission and Goals of the strategic plan

2412 - DIV. INSTRU/EDU SUPPORT

Description

The mission of the Division Instructional/Educational Support Fund is to provide executive leadership and coordination for all instructional programs. The Office of the Assistant Superintendent is responsible for planning, coordinating, and integrating the development, operation, and assessment of the school system's curriculum in support of the Division's strategic plan.

The Division Instructional/Educational Support Fund is responsible for the following major programs and/or services:

- Curriculum, Instruction and Assessment,
- Intervention and Prevention,
- Student Assessment,
- Information Services,
- Community Engagement,
- Strategic Planning,
- Professional Development; and,
- Media Services.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

The major initiatives for the Office of the Assistant Superintendent include:

- Development and implementation of the Framework for Quality Learning
- Development and Implementation of the Teacher Performance Appraisal
- Implementation of Professional Learning Communities

Initiatives for 2008- 2009 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Mileage Reimbursement Rate Increase	\$92	0.00
Initiative Total	\$92	0.00

Critical Challenges

The primary critical challenge of the Office of the Assistant Superintendent is ensuring that all students have access to the highest quality teaching and learning, as well as the support structures necessary to achieve at the highest level. As such, the office is responsible for coordinating and aligning resources across the Division to support consistent implementation of the Division's Framework for Quality Learning.

2412 - DIV. INSTRUC/EDU SUPPORT

2420 - HUMAN RESOURCES

Description

The mission of the Department of Human Resources is to aggressively provide excellent human resource support to Albemarle County Public Schools and Local Government in support of the Division's strategic plan.

The Department of Human Resources is responsible for the following major programs and/or services:

- Recruitment, Selection and Retention,
- Compensation and Benefits, Total Rewards,
- Licensure and Certification,
- Safety and Wellness,
- Employee Relations; and,
- Training and Development.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Over the past two years, the Human Resources Department has concentrated focus on recruitment and retention to include diversity initiatives; streamlined the exit survey process for better data analysis to develop retention initiatives; continued to improve the electronic Open Enrollment website to increase employees' understanding of their benefits and to streamline processes; identified a specialist to implement a Long-Term Classification Plan for comprehensive review of all departments on an on-going basis; developed and implemented Total Rewards programs to give managers tools to reward exceptional performance, including a revised performance management system, merit matrix and a pilot Employee Recognition Program; led training/development initiative to provide continuous comprehensive training to classified employees; and created a comprehensive licensure position to ensure compliance with No Child Left Behind (NCLB) Act certification requirements. Additionally, significant support was provided to the Access Albemarle project to ensure that efficient and effective business systems are prepared for deployment.

The Human Resources Department minimized traditional recruitment trips and focused efforts on "building relationship" universities and the Kids First Fairs to produce better results. Staffing of 0.20 FTE of the equity and diversity coordinator were transferred to Fund 2411 Community Engagement to better reflect job duties.

Initiatives for 2008- 2009 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Mileage Reimbursement Rate Increase	\$247	0.00
Initiative Total	\$247	0.00

Projected Initiatives for 2009- 2010 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Retirement Notice Incentive	\$25,000	0.00
Initiative Total	\$25,000	0.00

Critical Challenges

The recruitment, retention, and development of a diverse cadre of the highest quality teaching personnel, staff and administrators continues to be a top priority for the Human Resources Department. Achieving and maintaining market competitiveness is essential to the division's success in attracting and retaining talent. We will continue to annually survey the competitive market to assess Albemarle County's positioning relative to market and to evaluate our adopted strategies. Additionally, we will focus on developing our current workforce to increase our employees' skill sets and growth opportunities.

2430 - DIV SUPPORT/PLANNING SERV

Description

The mission of the Division Support/Planning Services Department is to oversee the logistical services required to deliver the Division's instructional program in support of the Division's strategic plan.

The Division Support/Planning Services Department is responsible for the following major programs and/or services:

- Building Services/Long Range Planning,
- Child Nutrition,
- Human Resources,
- Transportation,
- Policy Review,
- Discipline Procedures/Case Management,
- School Nurses; and,
- Athletics.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

The Nursing Program Manager position was increased from .5 to 1.0 Full-time Equivalent (FTE) during the 2006-07 school year.

A part-time Division Cafeteria Manager was added in 2004 and was not funded in the 2007-08 funding request. Funds for redistricting (\$50,000) that have been included in the budget since 2005 were not funded in the 2007-08 budget to balance the funding request. In 2005-06, training for the revised Teacher Performance Appraisal system was required and funding was added. It was discontinued after training was completed.

Initiatives for 2008- 2009 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Mileage Reimbursement Rate Increase	\$148	0.00
Initiative Total	\$148	0.00

Critical Challenges

Continuing to support staff development for administrators to reduce the variance in teacher performance is required. There is a need to integrate strategic planning and long-range planning processes to facilitate specialty centers, capital improvement projects that address 21st century learning environments, and coordination with local government to support life-long learning community centers.

2431 - FISCAL SERVICES

Description

The mission of the Department of Fiscal Services is to provide prompt and accurate financial information and guidance to all schools and departments. This data and guidance is essential to making resource decisions that affect the provision of efficient and effective services in support of the Division's strategic plan.

The Department of Fiscal Services is responsible for the following major programs and/or services:

- Accounting Services,
- Insurance Services,
- Budgeting,
- System-wide Forms,
- Activity Accounting; and,
- School Resource Officer Payments.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Over the past few years, significant resources were devoted to the Access Albemarle project, while meeting the primary needs of schools and departments for direct services. Significant integrations of financial data and personnel data have been accomplished resulting in a substantially improved staffing and payroll process for September of each year. A very substantial change in the division's budget documentation has been accomplished as well as the beginning of a 2-year budget process.

In FY 2005/06 a classified technology trainer was assigned to this department to begin a program for systematic training of all classified staff in the technology tools is current and future use in the school division. This position was reassigned to Fund 2118 Assessment in support of the School-Net rollout.

Initiatives for 2008- 2009 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Increase School Resource Officer Transfer	\$21,000	0.00
Increase to Self-Insurance	\$35,300	0.00
Mileage Reimbursement Rate Increase	\$37	0.00
Initiative Total	\$56,337	0.00

Critical Challenges

As work continues on Access Albemarle and other technology based process initiatives, a need exists to provide adequate training for all classified staff in these tools and processes. While instruction is the division's primary focus, the business processes and data requirements must not inhibit the provision of instruction or consume resources that could otherwise be redirected. There is a need across the division to gain productivity from all of classified staff to both provide better services and to better meet the needs of parents, students, and staff.

2432 - TRANSPORTATION SERVICES

Description

The mission of the Department of Transportation is to provide the safest transportation possible for Albemarle County Pre-K through Post High School students in an efficient and customer friendly way in support of the Division's strategic plan.

The Department of Transportation is responsible for the following major programs and/or services:

- Student Transportation,
- Bus Routing,
- Vehicular Maintenance,
- Training; and,
- Administrative Services/Research and Dev.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

During the 2006-2007 school year, the E-Link communications system was implemented that allows parents and schools to retrieve attendance area data for the purpose of making decisions regarding home purchases, etc. New maps enabled the Superintendent to identify rural, suburban and urban sections of the County and how many students are located in each for better response to questions from parents during inclement weather.

During the 2007-2008 school year, Transportation Services embarked on several major initiatives. The first was the benchmarking of operations against the Baldrige criteria, a process which focused on improving customer service and employee involvement. Ten buses are piloting the use of bio-diesel fuel this year to determine feasibility. A new radio communications system is being implemented to improve drivers' communications and links staff to critical services. Finally, several 8-hour driving positions were created to target providing transportation for athletic runs, field trips, etc., thus improving services.

In FY 08/09 reimbursable credits received from other departments and local government are fully reflected for the first time. This results in a savings of more than \$500,000 from the adopted 2007-08 budget.

The elimination of a new Albemarle County vehicle that was used previously by the Director allowed the Department to partially offset the cost of purchase and maintenance of the new radio system. The Department has created a new team, that of Research and Development, to allow it to make better use of data in decision making. This was assisted by the transfer of one Full-time Equivalent (FTE) trainer to the new team. Additionally, there has been a decrease in the amount of \$0.5M in the bus replacement schedule for FY 2008/2009.

Initiatives for 2008- 2009 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Fuel Increase	\$273,000	0.00
Mileage Reimbursement Rate Increase	\$31	0.00
Transportation Director in Training	\$63,546	0.50
Initiative Total	\$336,577	0.50

Projected Initiatives for 2009- 2010 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Reinstate Full Bus Replacement Schedule	\$800,000	0.00
Initiative Total	\$800,000	0.00

Critical Challenges

The critical challenges faced by the Department of Transportation continue to fall primarily in the areas of consumable resources and human resources. The cost of fuel is reaching all-time highs and is defying any type of predictability that has worked in the past. We are monitoring the cost of fuel daily; however, we must be mindful that this is an area in which a major increase could occur after we have already budgeted funds. The second area continues to remain in the area of driver recruitment and retention. Although we do receive applications from Human Resources, we have found that often the candidates cannot meet the minimum criteria for the position, i.e. have a safe driving record, have no convictions for drug/alcohol usage and be able to pass the State test for Commercial Driver License. The part-time nature of the driver positions, coupled with the low unemployment in the area, have made it difficult to fill existing vacancies.

2433 - BUILDING SERVICES

Description

The mission of the Department of Building Services is to serve the students and staff of Albemarle County Public Schools by providing a safe, healthy, and pleasant environment that will support, stimulate, and enhance the educational process in support of the Division's strategic plan.

The Department of Building Services is responsible for the following major programs and/or services:

- Comprehensive Maintenance and Repair,
- Custodial Services,
- Grounds Services,
- Capital Improvements-Long Range Planning; and,
- Environmental Compliance - EMS.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Major initiatives have been addressed to improve the safety, health, and comfort of the School Division's facilities and grounds. In an effort to improve the environmental emphasis on the school buildings, the Building Services Department has implemented an Environmental Management System (EMS) and put forward additional resources, including a Full-time Equivalent (FTE) dedicated to HVAC controls, and funds to support environmental testing, integrated pest management, and energy/resource conservation, including low-flow toilets and energy conscious lighting. In a coordinated effort with the School Resource Officers, staff planned and managed the installation of high school security cameras and other emergency response procedures. Staff has worked to research and utilize required materials and supplies that are environmentally friendly and within the established budget. The Capital Improvements Program (CIP) is working with county departments in a team effort to implement Leadership in Energy and Environmental Design (LEED) green-building strategies within CIP projects, while providing planning, budgeting and management of the school's capital program.

FTE's have been realigned to provide Capital Improvement Program Management services and to provide additional resources for grounds services at the high school level and custodial services for extended school programs and evening custodial supervision. For 2007-08, funding and FTE's were absorbed within the existing budget by the Building Services Department to accommodate the additional square footage that resulted from the additions at Cale Elementary and Monticello High Schools.

Initiatives for 2008- 2009 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Mileage Reimbursement Rate Increase	\$112	0.00
Initiative Total	\$112	0.00

Projected Initiatives for 2009- 2010 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Additional Square Footage Costs for 2009-10 Capital Improvement Projects	\$179,740	4.62
Initiative Total	\$179,740	4.62

Critical Challenges

The Division has grown to more than 2.1 million square feet of buildings and over 600 acres of grounds and fields. As buildings age, the effort and cost to maintain them at high levels will increase. As the number and length of programs increase - such as summer school, building rentals, the Extended Day Enrichment Program, and increased evening and community usage - increased demands are placed upon facilities and support staff. Building Services is staffed and funded to support a 10-month, 6.5- hour school day, and a 180-day school year. Additionally, fluctuating energy costs are always a concern, especially fuel oil, natural gas and water/sewer costs.

2556 - SALARY RESTRUCTURING ACCOUNT

Description

The mission of the Salary Restructuring Account is to provide funds to meet the salary and benefit requirements of the annual re-evaluation of one-third of the division's job responsibilities and the pay associated with those responsibilities in support of the Division's strategic plan.

The Salary Restructuring Account is responsible for the following major programs and/or services:

- Job Duties Evaluation.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

The Human Resources department conducts evaluations of approximately one-third of the jobs across the division. Changes in job duties are identified and if required job titles and responsibilities are evaluated against market pay. Should a disparity be identified between duties and pay, this fund would be used to address these disparities.

A reduction in this fund is planned as the expense is anticipated to be less for coming evaluations.

An anticipated reduction of 2.50 FTE (\$0.4M) in central office staffing is reflected in this fund until the positions can be identified. Once identified, these reductions will be made in the appropriate fund locations.

Initiatives for 2008- 2009 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Reduction in Administrative Staffing	(\$400,000)	-2.50
Initiative Total	(\$400,000)	-2.50

Critical Challenges

This is a major annual undertaking for the division and assists in maintaining competitive positions in our classified pool of staff.

2556 - SALARY RESTRUCTURING ACCOUNT

2557 - LAPSE FACTOR ACCOUNT

Description

The mission of the Lapse Factor Account is to reflect possible financial impacts of retiring and staff turnover to improve the allocation of resources in support of the Division's strategic plan.

The Lapse Factor Account is responsible for the following major programs and/or services:

- Resource Allocation.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

The impact of this fund is to reflect the financial impact of staff turnover during the next 18 months on the allocation of resources across the division.

Initiatives for 2008- 2009 Budget Cycle

Initiative Title	Initiative Total	Initiative FTE
Increase Lapse Factor	(\$200,000)	0.00
Initiative Total	(\$200,000)	0.00

Critical Challenges

Projecting salary savings for a second fiscal year is difficult, particularly given the relatively new economic uncertainties which may affect retirements and hiring.

3000 - FOOD SERVICES

Description

The mission of the Department of Food Services is to provide high quality student meals in a cost-effective manner. As part of the National School Breakfast and Lunch Program, nutritious and well- balanced meals are available to students. Over the course of several years, the Child Nutrition Program has taken steps to further strengthen the nutritional guidelines of snacks and meals while maintaining financial stability in support of the Division's strategic plan.

The Department of Food Services is responsible for the following major programs and/or services:

- National School Breakfast Program,
- National School Lunch Program,
- Contract Services; and,
- Education to staff and customers.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Student and Adult meal prices increased July 2007 to offset operational expenses and continue to build a fund reserve. The Food Service department has initiated changes which fall within the framework of the school board goals. Nutritional guidelines have strengthened and menu options have broadened. For example more fruits and vegetable choices are available and only fat free and reduced fat milk are available in the cafeteria. A school lunch carbohydrate reference sheet has been developed and is used by school nurses in the care plans of diabetic students. Cafeteria managers were invited to join the School Nutrition Association (SNA). Presently, 26 of our food service supervisors or managers have become SNA members. SNA not only provides opportunity to attend accredited seminars within the field and build staff education, but is also an opportunity to network with fellow cafeteria managers from other school districts and recognizes them as food service professionals. And lastly, parents now have the options to make payment to students' accounts and view their balance on line. The availability of viewing their child's participation reports is forthcoming.

Critical Challenges

Factors which impact food service revenue and expenses are reviewed regularly in order to maintain an adequate fund balance. Breakfast programs receive some federal funding and a very minimal amount of state funding. The state funding is temporary and only provides a small amount of incentive funds for increases in breakfast participation. Although the incentive is a positive step forward, the fact is that the limited breakfast funds pose a continued challenge for cafeterias to generate enough revenue to support the operational cost of a breakfast program. Until food services receives more accurate data regarding operational expenses and revenue, a meal increase is not foreseen for the 2008-09 school year.

3002 - SUMMER FEEDING PROGRAM

Description

The mission of the Summer Feeding Program is to generate revenue for the Department of Food Services while providing summer employment opportunities for food service personnel in support of the Division's strategic plan.

The Summer Feeding Program is responsible for the following major programs and/or services:

- Catering CFA event.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

This fund provides some summer employment to staff and generates revenues for use by the department.

Critical Challenges

There are no state/federal mandates, funding reductions, cost increases, Board direction, or other challenges that may impact future work/success in meeting strategic goals.

3101 - TITLE I

Description

The mission of the Title I Fund is to support reading/language arts instruction for students with achievement levels that do not meet expected standards in the eight elementary schools with free- and reduced-lunch program participation percentages which are above the county average. No Child Left Behind (NCLB) Act legislation requires states to demonstrate progress from year to year in raising the percentage of students who are proficient in reading and math, and in narrowing the achievement gap between advantaged and disadvantaged students. The Title I goal remains helping children to read on grade level which means more than a year's growth in nine months and students in grades 3-5 passing their Standards of Learning (SOL) tests in support of the Division's strategic plan.

The Title I Fund is responsible for the following major programs and/or services:

- Reading/language arts instruction,
- Parental Involvement; and,
- Support for Homeless Students.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

In order to meet the challenge for all students to attain proficiency or better in reading/language arts and mathematics by 2013-2014, Title I programs will be examined at each school to ensure that every student gets the best possible instruction. Teachers of Title I students in Albemarle County are working toward a reading specialist degree or an endorsement in reading. Title I continues to coordinate with other early childhood preschool programs such as Head Start and Bright Stars for successful academic achievement.

Critical Challenges

Title I strives to keep highly motivated and qualified teachers who are certified in reading, along with paraprofessionals who have completed at least two years of higher education. Greater community and parental involvement remain a large component of Title I. Albemarle County continues to look for ways to increase parent participation in student achievement and at school and county events. Title I is funded through the No Child Left Behind (NCLB) Act and requires specific rules, regulations, and requirements to be met. Title I schools at risk of not making Adequate Yearly Progress (AYP) on mandated assessments may enter into school choice after two consecutive years, with implications for transportation and additional support.

3101 - TITLE I

3103 - MIGRANT

Description

The mission of the Migrant Fund is to locate all eligible students residing within the regional district, evaluate their individual needs, and offer services such as extra in-school instruction, guidance, home-school coordination, and alternative educational opportunities in support of the Division's strategic plan.

The Migrant Fund is responsible for the following major programs and/or services:

- After-school instruction,
- Evening tutoring in migrant camps; and,
- Extended instruction in summer.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

The Albemarle County School Board has approved a \$11,000 transfer to Migrant Education from Federal Programs Fund 2113 to help support tutoring services. Increasing salaries, recruiting qualified part-time personnel, and meeting the needs of migrant students continue to challenge the staff. This department continues to restructure the organization, develop and strengthen partnerships, attract more interns and volunteers, and write supplemental grants in an effort to maintain the quality and quantity of services provided for migrant students.

Critical Challenges

The Virginia Standards of Learning (SOL) and graduation requirements present ever-increasing challenges for migrant students to meet these standards and graduate from high school. Migrant education must provide the support for these students to take advantage of the educational opportunities available, meet the SOL's, and successfully work toward high school graduation. Migrant education is funded through the No Child Left Behind (NCLB) Act and requires specific rules, regulations, and requirements be met.

3103 - MIGRANT

3107 - DRUG EDUCATION GRANT

Description

The mission of the Drug Education Fund is to establish, operate, and improve school programs for drug and violence prevention, and early intervention, through funding for the School Resource Officer program in the middle schools, substance abuse education materials, mediation training, and a contract with Region Ten to provide students assistance in conflict resolution, anger management, and drug prevention in support of the Division's strategic plan.

The Drug Education Fund is responsible for the following major programs and/or services:

- School Resource Officers,
- Peer Mediation,
- Too Good for Drugs II Curriculum,
- Olweus Bullying Prevention Program; and,
- Region Ten Counseling Services.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Title IV (Safe and Drug-Free Schools and Communities) is funded through the No Child Left Behind (NCLB) Act and requires specific rules, regulations, and requirements be met. This grant targets the NCLB goal that all students will be educated in learning environments that are safe, drug free, and conducive to learning. Federal funds have decreased.

Critical Challenges

This grant targets the NCLB goal that all students will be educated in learning environments that are safe, drug free, and conducive to learning and yet federal funds are being cut.

3107 - DRUG EDUCATION GRANT

3115 - ADULT EDUCATION

Description

The mission of the Adult Education Fund is to provide education opportunities to adults whose skills in reading, mathematics, and other subjects are below the 12th grade level. Education opportunities provided include assistance in preparing for the General Equivalency Diploma (GED) exam, developing basic educational skills, and learning English as a Second Language in support of the Division's strategic plan.

The Adult Education Fund is responsible for the following major programs and/or services:

- General Equivalency Diploma classes,
- ESOL classes; and,
- Family literacy classes.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

A required 15% local match has caused the Albemarle County School Board to fund a \$22,500 transfer to Adult Education from Federal Programs Fund 2113. The maintenance of effort issue requires a level or increase in funding based on the final allocation.

Critical Challenges

The United States Department of Education is establishing a new policy and guidelines relating to student data, assessments, and performance targets. New requirements will necessitate stricter recordkeeping procedures at the local level yet at the same time expect higher student performance results. Fewer classes, thereby serving fewer students in order to maintain high quality and performance, may be necessary.

3115 - ADULT EDUCATION

3116 - ECON DISLOCATED WORKERS

Description

The mission of the Economically Dislocated Worker's Fund is to collaborate with institutions, agencies, and businesses, when requested, to provide tuition classes tailored to the individualized needs of particular students in support of the Division's strategic plan.

The Economically Dislocated Worker's Fund is responsible for the following major programs and/or services:

- Workplace adult ed classes,
- Workplace ESOL classes,
- ESOL tuition classes; and,
- Registration for ESOL classes.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Registration fees are charged for many of the English as a Second or Other Language (ESOL) classes now offered. The purpose of the fees, together with tuition and books fees, is to make some of the classes self-sustaining.

Critical Challenges

Fewer students may receive service because of the new federal policy and guidelines. Tuition and registration fees may have to be increased to fund part-time teachers.

3116 - ECON DISLOCATED WORKERS

3131 - TECHNOLOGY CHALLENGE GRANT

Description

The mission of the Technology Challenge Grant is to improve student academic achievement through the use of technology in schools in support of the Division's strategic plan.

The Technology Challenge Grant is responsible for the following major programs and/or services:

- Teacher Training; and,
- Technology Curriculum Development.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

There have been no major initiatives in the last 2 years.

Critical Challenges

There are no state/federal mandates, funding reductions, cost increases, Board direction, or other challenges that may impact future work/success in meeting strategic goals.

3131 - TECHNOLOGY CHALLENGE GRANT

3142 - ALTERNATIVE EDUCATION

Description

The mission of the Alternative Education Fund is to supplement existing General Equivalency Diploma (GED) services by developing specialized occupational training and employment necessary for students to become productive and contributing citizens in support of the Division's strategic plan.

The Alternative Education Fund is responsible for the following major programs and/or services:

- Academic services,
- Occupational services; and,
- Counseling.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

There have been no major initiatives in the last 2 years.

Critical Challenges

There are no state/federal mandates, funding reductions, cost increases, Board direction, or other challenges that may impact future work/success in meeting strategic goals.

3145 - AIMR- SUMMER RENTAL

Description

The mission of the AIMR Summer Rental Fund is to maintain a separate account of all revenues and expense associated with the summer rental of Monticello High School. A transfer of \$275,000 is made to the Division from this fund in support of the Division's strategic plan.

The AIMR Summer Rental Fund is responsible for the following major programs and/or services:

- Summer rental of Monticello High.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

This fund contains the direct expenses associated with the operation of the summer CFA rental. Revenues are transferred from this fund to support the division's operational budget.

Critical Challenges

There are no state/federal mandates, funding reductions, cost increases, Board direction, or other challenges that may impact future work/success in meeting strategic goals.

3151 - TEACHER MENTORING PROGRAM

Description

The mission of the Teacher Mentoring Program is to support beginning and experienced teachers new to Albemarle County by appointing mentors, conducting mentor workshops, and offering professional development in support of the Division's strategic plan.

The Teacher Mentoring Program is responsible for the following major programs and/or services:

- Mentor support for new teachers; and,
- Workshops and materials for new teachers.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

There have been no major initiatives in the last 2 years.

Critical Challenges

There are no state/federal mandates, funding reductions, cost increases, Board direction, or other challenges that may impact future work/success in meeting strategic goals.

3152 - ALGEBRA READINESS

Description

The mission of the Algebra Readiness Fund is to provide mathematics intervention services to middle school students who are at risk of failing the Algebra I end-of-course test in support of the Division's strategic plan.

The Algebra Readiness Fund is responsible for the following major programs and/or services:

- Math tutoring in middle schools.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

There have been no major initiatives in the last 2 years.

Critical Challenges

Math tutoring is critical to middle school students who have not passed the Standards of Learning (SOL) mathematics assessment test.

3152 - ALGEBRA READINESS

3158 - AMERICAN HISTORY GRANT

Description

The mission of the American History Grant is to create a sustainable, long-term project that will become a model to share both teaching strategies and content-based activities as well as inform future historical projects through the partnership of Albemarle, Charlottesville, Greene, Madison and Orange School Divisions in support of the Division's strategic plan.

The American History Grant is responsible for the following major programs and/or services:

- American History Project.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

There have been no major initiatives in the last 2 years.

Critical Challenges

There are no state/federal mandates, funding reductions, cost increases, Board direction, or other challenges that may impact future work/success in meeting strategic goals.

3158 - AMERICAN HISTORY GRANT

3201 - C.B.I.P. PROGRAM

Description

The mission of the CBIP Program is to assist local school divisions in providing a free and appropriate educational program for students with disabilities. Albemarle County participates with 10 neighboring school systems in the Piedmont Regional Education Program (PREP). The regional approach seeks to provide a high quality of services in a cost-effective manner in support of the Division's strategic plan.

The CBIP Program is responsible for the following major programs and/or services:

- Sp. Ed. Services for autism,
- Sp. Ed. Services for multi-dis.; and,
- Sp. Ed. Services for severe dis..

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

There have been no major initiatives in the last 2 years.

Critical Challenges

The process for funding the Community Based Instruction Program (CBIP) requires that Albemarle County pay tuition to PREP for each student who is served. Albemarle County provides the services to the students and then requests reimbursement for the program costs. Albemarle County loses the Average Daily Membership (ADM) state reimbursement for the 38 students served in this program but receives a reimbursement for program costs and a tuition reimbursement from the State based on the current composite index. The fact that the state supports regional programming at a more favorable rate makes participation in this program more cost effective than if Albemarle County provided the services on its own. This is still a cost-effective approach to providing federal and state mandated services to students with disabilities.

3201 - C.B.I.P. PROGRAM

3202 - E.D. PROGRAM

Description

The mission of the ED Program is to assist the local school divisions in providing a free and appropriate educational program for students with disabilities. Albemarle County participates with 10 neighboring school systems in the Piedmont Regional Education Program (PREP). The regional approach seeks to provide a high quality of services in a cost-effective manner in support of the Division's strategic plan.

The ED Program is responsible for the following major programs and/or services:

- Sp. Ed. Services for emotional dist..

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Because of a reduction in the number of students who received over 50% of their services through special education, one teaching position was realigned in the 2007-08 school budget.

Critical Challenges

The process for funding this program requires that Albemarle County pay tuition to PREP for each student who is served. Albemarle County provides the services to the students and then requests reimbursement for the program costs. Albemarle County loses the Average Daily Membership (ADM) state reimbursement for the 48 students served in this program but receives a reimbursement for program costs and a tuition reimbursement from the State based on the current composite index. The fact that the state supports regional programming at a more favorable rate makes participation in this program more cost effective than if Albemarle County provided the services on their own. This is still a cost-effective approach to providing mandated services to students with disabilities.

3203 - TITLE II

Description

The mission of the Title II Fund is to prepare, train and recruit high quality teachers, principals, and paraprofessionals by offering professional development in best practices in curriculum, assessment, and instruction in support of the Division's strategic plan.

The Title II Fund is responsible for the following major programs and/or services:

- Professional development reimbursement,
- Elem. math/LA best practices coaching,
- Curriculum/Assessment Institute stipends; and,
- UVA coursework.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Emphasis is placed on providing professional development for staff requiring highly qualified status so that all students, including No Child Left Behind (NCLB) subgroups, will be taught by highly qualified teachers and, as a result, will reach high standards in all content areas.

The Division-wide, high-yield instructional framework funded by Title II includes essential curriculum, authentic assessment, and strategies for engaging instruction providing a Division-wide best practices model that will help all students graduate from high school.

Critical Challenges

Title II is funded through the NCLB Act and requires specific rules, regulations, and requirements be met.

3203 - TITLE II

3205 - PRE-SCHOOL SPECIAL ED.

Description

The mission of the Pre-School Special Education Fund is to provide supplemental support for the existing pre-school program. The Pre-School Special Education Grant is a 15-month federal grant that runs from July 1, 2008 through September 30, 2009. This grant supports educational programming for pre-school special education students between the ages of two and five. Special education services provided through this grant include funding for part-time teaching assistants to serve pre-school students during the regular school year and funding for personnel who provide services to pre-school students in an extended school year program provided during the summer in support of the Division's strategic plan.

The Pre-School Special Education Fund is responsible for the following major programs and/or services:

- Pre-school specialized instruction.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

During the 2007-08 and 2008-09 school years, the pre-school grant funds will be used to support inclusive educational opportunities for students with disabilities. This approach will support both access for children with disabilities and also supplement services in the regular pre-school class.

The funds have been redirected from supporting special education students in a self-contained pre-school class to supporting special education students in an inclusive pre-school class.

Critical Challenges

Although federal and state leaders have all agreed that early childhood education is critical, the funding received through this grant has not increased. At the same time that the costs of delivering pre-school services have increased, funding has not increased commensurate with those cost increases.

3205 - PRE-SCHOOL SPECIAL ED.

3207 - CARL PERKINS GRANT

Description

The mission of the Carl Perkins Grant is to develop challenging academic and technical education courses that include:

- preparation for high skill, high wage, or high demand occupations in current or emerging professions
- promoting the development of services and activities that integrate rigorous and challenging academic and career and technical instruction and that link secondary education and postsecondary education for participating career and technical education students
- supporting partnerships among secondary schools, postsecondary institutions, baccalaureate degree granting institutions, area career and technical educational schools, local workforce investment boards and local business and industry partners in support of the Division's strategic plan.

The Carl Perkins Grant is responsible for the following major programs and/or services:

- Career and Technical Education.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

1. To provide Full-time Equivalent (FTE) support for the Teacher Cadet Program at Albemarle and Monticello High Schools.
2. To modernize Career and Technical Education (CTE) labs in all three comprehensive high schools.
3. To support and provide staff development and industry certification opportunities for CTE teachers.

Lack of FTE support has resulted in the reduction of Career and Technical Education courses in grades 6-12.

Critical Challenges

There is a critical shortage of teachers certified to teach career and technical education courses. There presents a staffing challenge which affects the offering of CTE courses in middle and high schools.

3207 - CARL PERKINS GRANT

3212 - SPECIAL EDUCATION JAIL PROGRAM

Description

The mission of the Special Education Jail Program is to provide special education and related services to all eligible students incarcerated in the Charlottesville-Albemarle Regional Jail. The 1997 amendments to the Individuals with Disabilities Education Act mandate that special education and related services be provided to all eligible students, including those who are incarcerated. Albemarle County Public Schools will provide special education services to eligible inmates housed in the Albemarle-Charlottesville Regional Jail. The Virginia Department of Education will reimburse the School Division for the costs associated with these services. This grant provides special education services to all eligible students in support of the Division's strategic plan.

The Special Education Jail Program is responsible for the following major programs and/or services:

- Special education services.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

There have been no major initiatives in the last 2 years.

Critical Challenges

It is critical that the state maintain its commitment to funding this program. If this grant was not available, the locality would be responsible for not only the delivery of the services but the cost of those services.

3212 - SPECIAL EDUCATION JAIL PROGRAM

3215 - TITLE III

Description

The mission of the Title III Fund is to increase the English proficiency of Limited English Proficient (LEP) students by providing high-quality language instructional programs that demonstrate effectiveness in student academic achievement in core content subject areas, and provides parent and/or guardian outreach programs that assist in the attainment of English language proficiency in support of the Division's strategic plan.

The Title III Fund is responsible for the following major programs and/or services:

- Parent Involvement Program,
- Intake Center,
- ESOL specialist,
- ESOL family workers; and,
- Database system for assessment tracking.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Title III is funded through the No Child Left Behind (NCLB) Act and requires specific rules, regulations, and requirements be met. All LEP students will become proficient in English and reach high academic standards, at a minimum, attaining proficiency or better in reading/language arts and mathematics.

Critical Challenges

Albemarle County must continue to meet the state target for increasing the number of LEP students moving from one proficiency level to the next and/or achieving full English language proficiency for two consecutive years, and in the process, must close the achievement gap between children who are LEP and their peers.

3215 - TITLE III

3216 - TITLE V

Description

The mission of the Title V Fund is to increase the academic achievement of all students and improve the quality of education for all students in support of the Division's strategic plan.

The Title V Fund is responsible for the following major programs and/or services:

- Math specialist work with K-1 teachers; and,
- Private school funds for library books.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Title V is funded through the No Child Left Behind (NCLB) Act and requires specific rules, regulations, and requirements be met. All students will reach high standards, at a minimum, attaining proficiency or better in reading/language arts and mathematics, by 2013-2014.

Critical Challenges

Title V funding has decreased over the past several years.

3219 - 21st CENTURY GRANT - YANCEY

Description

The mission of the 21st Century Grant is to provide academic, civic, cultural, and fitness/wellness enrichment to eligible students in the Club Yancey After-School Program at no cost and parenting workshops regarding financial planning, interview/job skills, and computer literacy in support of the Division's strategic plan.

The 21st Century Grant is responsible for the following major programs and/or services:

- At-school homework completion,
- Individual tutoring,
- Extraordinary field trips,
- Mentors,
- Health and obesity; and,
- Community partnerships.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Club Yancey is a jointly operated program through the Saint John the Baptist in the Woods Foundation and Albemarle County Public Schools.

Critical Challenges

There are no state/federal mandates, funding reductions, cost increases, Board direction, or other challenges that may impact future work/success in meeting strategic goals.

3221 - EL CIVICS PARTNERSHIP PROJECT

Description

The mission of the EL Civics Partnership Project is to incorporate civics education into existing adult English as a Second or Other Language (ESOL) classes where many participants are parents of Albemarle County students; by extension it is hoped that parents' learning will in turn affect their children's learning in support of the Division's strategic plan.

The EL Civics Partnership Project is responsible for the following major programs and/or services:

- ESOL Partners in Leadership class,
- Community partner presentations,
- Red Hill's Hispanic Family Nights,
- Civics for Adult ESOL Learners DVD,
- Community Information Expo; and,
- Technology training for ESOL students.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

The State now requires a 15% local match on this grant. In-kind funds will be required in addition to the transfer of \$16,500 from Federal Programs Fund 2113 to reach the required match.

Critical Challenges

New federal mandates requiring stricter recordkeeping at the local level may impact numbers of students served in order to maintain high quality and performance.

3221 - EL CIVICS PARTNERSHIP PROJECT

3300 - COMMUNITY EDUCATION

Description

The mission of the Community Education Fund is to provide quality attention, thoughtful guidance, authentic experiences and engaging activities to enhance and expand the learning of Albemarle County students in support of the Division's strategic plan.

The Community Education Fund is responsible for the following major programs and/or services:

- After-school enrichment program,
- Student holiday/Spring Break programs; and,
- Inclement Weather Program.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

During the past two years, a Site Facilitator I has functioned in the capacity of an Extended Day Enrichment Program (EDEP) specialty teacher. This role allows the individual to spend an extended time (typically a semester) in a school site bringing very product-focused instruction within a discipline. Theatre has been the medium for the pilot program, allowing students at Stony Point, Baker-Butler and Broadus Wood Elementary Schools to participate in a fully realized musical production. This has promoted the integration of multiple subjects in a very authentic manner with an inherent product and audience. In the coming year, the number of these positions will be increased to encompass diverse areas including sciences, health and physical education, fine arts, and additional performing arts.

In the 2007-2008 school year, the Site Facilitator II positions, each 5.5 hours (11 hours total worked daily), for Hollymead and Broadus Wood Elementary Schools have been combined to create a single 8-hour, full-time position. This significantly advances our efforts in enhancing the perception of these positions as career possibilities rather than transient, short-term jobs, and dramatically increases the appeal to applicants. The element of time also affords the opportunity for more substantive and focused work while eliminating the need for additional pay.

Additionally, tuition and fees were increased for the first time in three years to offset salary increases and escalating material and resource costs.

Critical Challenges

Staffing these programs is consistently the greatest challenge. As more is required of EDEP teachers in providing genuine enrichment and additional instructional support, compensation must be adjusted to remain competitive with other job markets seeking employees with similar skills; likewise, the ability to secure qualified substitutes is even more challenging. The numbers of special needs students requiring one-to-one staffing has increased annually, which significantly impacts expenditures (the cost for care of an individual student equal to that of a teacher's assistant working with 15 to 20 students). In fact, the cost of providing care for one student may exceed 25% of the total staffing budget for the individual school. Additionally, as more of our customers purchase services using credit or debit cards, the convenience fees for these services have increased exponentially from \$5,000 in 2004 to over \$12,000 last year. It is increasingly difficult to maintain a cost-effective, fiscally responsible program while concurrently remaining parent-friendly.

3302 - READING FIRST

Description

The mission of the Reading First Grant is to support a comprehensive reading instruction program for grades K-3 and implement prevention and intervention services at Yancey Elementary School in support of the Division's strategic plan.

The Reading First Grant is responsible for the following major programs and/or services:

- Literacy coordinator to work with staff,
- Research-based instructional materials,
- Research-based intervention materials,
- Pleasure reading books for K-3 students; and,
- Professional development.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

The grant supports the No Child Left Behind (NCLB) Act goal that all students will reach high standards, at a minimum, attaining proficiency or better in reading/language arts and mathematics, by 2013-2014.

Critical Challenges

Reading First is funded through the No Child Left Behind Act of 2001 and requires specific rules, regulations, and requirements be met.

3302 - READING FIRST

3304 - FAMILIES IN CRISIS GRANT

Description

The mission of the Families in Crisis Grant is to provide an effective structure to meet the needs of homeless students living in Albemarle County Public Schools, or those forced to move out of the Division because of circumstances beyond their control in support of the Division's strategic plan.

The Families in Crisis Grant is responsible for the following major programs and/or services:

- Tutoring of identified children,
- Transportation,
- Counseling families,
- Collaboration with schools; and,
- Providing gift certificates.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

This grant is funded under the McKinney-Vento Homeless Education Assistance Improvement Act, Title X, Part C of the No Child Left Behind (NCLB) Act of 2001. Eligible students are identified and served through a systematic program of training and awareness of the rights and needs of homeless students. Transportation is quickly arranged when needed.

Critical Challenges

The number of homeless children in Albemarle County continues to increase. Factors such as unemployment and unaffordable housing contribute to the increase. Economic forecasts predict these factors will continue and likely worsen. Collaboration with existing resources and a comprehensive referral service assure that students and their families know about and are able to take advantage of the available services, but funding is being stretched to the limit.

3304 - FAMILIES IN CRISIS GRANT

3305 - DRIVERS SAFETY FUND

Description

The mission of the Drivers Safety Fund is to offer driver's education behind-the-wheel and motorcycle safety programs operating on a fee-for-service basis in support of the Division's strategic plan.

The Drivers Safety Fund is responsible for the following major programs and/or services:

- Drivers Ed at Albemarle High,
- Drivers Ed at Monticello High,
- Drivers Ed at Western Albemarle High; and,
- Motorcycle Rider Training course.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

There have been no major initiatives in the last 2 years.

Critical Challenges

Annually fees must be adjusted to meet no more than prior year actual expenses. This presents difficulties to meet increased expenses.

3305 - DRIVERS SAFETY FUND

3306 - OPEN DOORS FUND

Description

The mission of the Open Doors Fund is to provide continuing education for approximately 3,000 participants by offering a diverse range of tuition courses throughout the year publicized through the Open Doors publication in support of the Division's strategic plan.

The Open Doors Fund is responsible for the following major programs and/or services:

- Continuing Education courses.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Open Doors publication schedule is coordinated with the Charlottesville-Albemarle Technical Education Center (CATEC) and the Albemarle County Parks and Recreation Department.

Critical Challenges

There are no state/federal mandates, funding reductions, cost increases, Board direction, or other challenges that may impact future work/success in meeting strategic goals.

3309 - RACE TO GED

Description

The mission of the Race to GED Fund is to allow Albemarle County's Adult Education Program to substantially increase the number of students seeking a General Equivalency Diploma (GED), student hours, and students passing the GED in support of the Division's strategic plan.

The Race to GED Fund is responsible for the following major programs and/or services:

- Expansion of GED classes.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

The program will help students successfully transition to employment, apprenticeships, or post secondary programs, and identify the effective techniques that help students meet these goals in order to regularly incorporate these techniques into the GED program.

Critical Challenges

Race to GED funding cuts have caused reductions in numbers of classes offered and students served.

3309 - RACE TO GED

3310 - SUMMER SCHOOL FUND

Description

The mission of the Summer School Fund is to offer summer programs to students in grades K-8 and 9-12 (with submitted fees) who fail to meet academic standards in the areas of language arts or mathematics, and to high school students who either want to replace a grade earned during the regular school session or earn required credits in order to make space for elective classes in their regular school schedule in support of the Division's strategic plan.

The Summer School Fund is responsible for the following major programs and/or services:

- Elementary remedial summer school,
- Middle remedial summer school,
- High school summer school,
- SOL retake; and,
- Summer enrichment programs.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Partial funding for academic remediation programs comes through State reimbursement per eligible student and designated School Division funds for summer programs. These combined State and Division funds provide for teacher salaries, materials, and transportation to summer program sites.

Critical Challenges

State money is reimbursed after the service is provided and dependent on the number of students enrolled across the state. The state may reimburse the full allotted amount or something less. State funding is formula-driven with Albemarle County receiving approximately \$130 per student for participants last year. The division has been able to provide the necessary programs; however, if the state significantly reduces the percentage of reimbursement, other programs will be reduced during the school year to supplement the difference in the reduction of the state reimbursement.

3501 - McINTIRE TRUST FUND

Description

The mission of the McIntire Trust Fund is to award two county high school graduates, one boy and one girl, based upon their outstanding character and scholarship, with a medal and cash award, and to also award middle and high schools for the social and cultural development of the students in their respective schools in support of the Division's strategic plan.

The McIntire Trust Fund is responsible for the following major programs and/or services:

- Medal and cash award to two students; and,
- Income allotted to middle/high schools.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

There have been no major initiatives in the last 2 years.

Critical Challenges

There are no state/federal mandates, funding reductions, cost increases, Board direction, or other challenges that may impact future work/success in meeting strategic goals.

3501 - McINTIRE TRUST FUND

3502 - FOUNDATION FOR EXCELLENCE

Description

The mission of the Foundation for Excellence Fund is to award teachers of all grades levels and subject areas with funds to support individual projects through an annual grant process in support of the Division's strategic plan.

The Foundation for Excellence Fund is responsible for the following major programs and/or services:

- Individual teacher projects.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Teachers at all schools can submit grant proposals to the Edgar and Eleanor Shannon Foundation for Excellence in Public Education.

Critical Challenges

There are no state/federal mandates, funding reductions, cost increases, Board direction, or other challenges that may impact future work/success in meeting strategic goals.

3905 - SCHOOL BUS REPLACEMENT

Description

The mission of the School Bus Replacement Fund is to provide constant funding for bus replacement in support of the Division's strategic plan.

The School Bus Replacement Fund is responsible for the following major programs and/or services:

- Bus replacement.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

The division has a 13 year replacement cycle. These funds provide a consistent, level source of funding to meet the needs of a 13 year replacement cycle.

There has been a decrease in the amount of \$0.5M in the bus replacement schedule for FY 2008/2009.

Critical Challenges

As the cost of buses increases, the long term funding will need to increase. Reducing this fund for a single year will mean delays in bus replacement with higher operational costs and less reliable service.

3905 - SCHOOL BUS REPLACEMENT

3907 - COMPUTER EQUIPMENT

Description

The mission of the Computer Equipment Replacement Fund is to provide students and staff reliable access to technology and support its use in meaningful ways in support of the Division's strategic plan.

The Computer Equipment Replacement Fund is responsible for the following major programs and/or services:

- Computer replacement and lease.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

Increased demands have been placed on teachers to develop engaging, technology-rich instructional lessons, communicate electronically with staff, students and parents, utilize information systems, maintain digital grade books, develop and utilize electronic assessment systems including web-based SOL testing and use a variety of web-based application tools to enhance student achievement. Budget initiatives submitted by the Office of Technology were based on needs identified as a focus area in the Board priorities for 2005-2007 and contained in the Division's Comprehensive Technology Plan. In 2004, the Board began funding a computer replacement cycle. This funding has allowed the Division to move the student to computer ratio from 9:1 to 3:1. A large portion of these purchases were acquired through a 3-year, zero-percent lease agreement.

Funding is required for continuation of the 3-year computer replacement cycle approved by the Board. Under this plan, the Division will be able to maintain and ensure all supported instructional and administrative computers are covered by the manufacturer 3-year warranty.

The Office of Technology is dedicated to supporting the use of technology as a powerful instructional tool to enable students and staff to become life-long learners and productive members of our global community.

Critical Challenges

Albemarle County Public Schools must provide access and education in the use of the emerging technologies of the Information Age. Schools in Albemarle County should be places where technology is integrated into all aspects of curriculum, instruction, assessment, and school management. Technology should be used to extend and enrich learning opportunities for all students and meet the needs of staff for timely and efficient access to information management and transfer.

As the Division implements new technologies for improving teaching and learning systems, as well as instructional management systems, increased funding will be required to meet growing expectations of computer access and replacement.

3909 - TEXTBOOK REPLACEMENT

Description

The mission of the Textbook Replacement Fund is to provide teaching staff with necessary learning resources that support implementation of Curriculum Frameworks as well as instructional and assessment best practices that promote student learning. Funds that remain at the end of the fiscal year will be used to purchase learning resources and textbooks for students and teachers in support of the Division's strategic plan.

The Textbook Replacement Fund is responsible for the following major programs and/or services:

- Procurement of Textbooks.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

In 2007-08, additional Learning Resources/Textbook money was added to support the purchase of software and electronic subscription data bases. These digital resources provide teachers with safe curriculum-based learning tools that support classroom instruction as well as opportunities for ongoing research projects at home and school. Remote and school-based usage statistics suggest that teachers, students and families are regularly using these resources. Access to these resources provides students and teachers with contextual opportunities to continue pushing development of ever-changing information literacy skills.

A self-sustaining Learning Resources/Textbook fund will provide efficient and effective fiscal planning consistent with the Learning Resources/Textbook adoption cycle. A comprehensive adoption cycle has been planned through the year 2013-14 based on the state's SOL Curriculum revision cycle and previous Learning Resources/Textbook adoption cycles. During a year in which an adoption is light, remaining monies can move forward to the next fiscal year to accommodate a more demanding adoption year.

Critical Challenges

Educators find themselves in flux between acquiring traditional textbook resources that support literacy across content areas and instructional strategies and electronic resources that teach students to become architects of enormous amounts of information. Today it is not enough to be able to outline a textbook. This department's critical challenge is to provide learning resources that support the transition to critical inquiry and 21st century information literacy.

3910 - INTERNAL SERVICE- VEH. MAINT.

Description

The mission of the Internal Service - Vehicle Maintenance Fund is to reflect the cost of repairing vehicles not operated by the school division and provide the school division with some revenue stream associated with these repairs in support of the Division's strategic plan.

The Internal Service - Vehicle Maintenance Fund is responsible for the following major programs and/or services:

- Government Vehicle Repair.

Major Initiatives and Realignment/Reduction of Resources in the Two Previous Budget Cycles

There have been no major initiatives in the last 2 years.

Critical Challenges

In the long term, fees associated with this operation will need to increase to reflect actual costs.

3910 - INTERNAL SERVICE- VEH. MAINT.

Budget at A Glance.....	17
Budget by Type of Expense.....	19
Budget by Functional Area.....	37
Budget by Fund Area.....	43

September 30th Enrollment 1996-2006

- Enrollment has trended upward over the past 10 years, with the greatest occurring growth prior to 2002

September 30th Enrollment 1996 - 2006

Revenue Percentages 1996-2006

- As a percentage, local revenues have increased over the last 10 years and state funding has decreased
- State revenues 10 years ago were more than 35% of the division's budget
- State revenues in 2006 were less than 32% of the division's budget

Revenue Percentages 1996-2006

Percentage of Type of Expense Over Time (Actual Dollars)

- Overall the division has expended the same proportion of funds for staffing costs and other costs
- The largest changes over time are in benefit costs as these have risen from under 16% to nearly 20.5% over a 10 year period

Percentage of Type of Expense Over Time (Actual Dollars)

Benefit Costs Over Time (Actual Dollars)

- Overall benefit costs have been increased due to rising health insurance costs
- While these costs are consuming a greater portion of overall expenses, the health costs have been significantly less than either the private sector has experienced or other public sector organizations have experienced

Benefit Costs Over Time (Actual Dollars)

Teacher Scale Across 10 Years (Actual Dollars)

- This chart displays teacher salary scales (not individuals) across a 10 year period
- As an example, this indicates exactly what teachers were paid at step 0, 15, and 30 over 10 years
- In 1996 the teacher scale only compensated to 15 years of experience
- In 1997 there was a transition to a teacher scale which compensated to 30 years of experience

Teacher Scale Across 10 Years (Actual Dollars)

Teacher Scale Across 10 Years (Constant Dollars)*

- This chart displays teacher salary scales (not individuals) across a 10 year period in constant dollars
- Relative to the Consumer Price Index CPI prior to 2004 the pay at these points on teacher scales did not increase substantially
- Following 2004 and moving the benchmark from median to bottom of the top quartile, the scale has increased
- As an example, this indicates in constant 2006 dollars what teachers were paid at step 0, 15, and 30 over 10 years
- In 1996 the teacher scale only compensated to 15 years of experience
- In 1997 there was a transition to a teacher scale which compensated to 30 years of experience

Teacher Scale Across 10 Years (Constant Dollars)*

*Based on Consumer Price Index Data from the U.S Department of Labor - Bureau of Labor Statistics

Individual Teacher Scale Across 10 Years (Actual Dollars)

- This chart shows the actual increase in salary provided to a teacher with a bachelors degree
this chart shows annual increases associated with step and scale changes across 10 years
- In 1996 the division did not compensate teachers for experience beyond 15 years
- In 1997, the division moved to a scale which compensated teachers for up to 30 years, a hold harmless scale was adopted temporarily for those teachers who may have been negatively impacted. This scale is not shown
- As an example, a teacher starting their career at T0 in 1996 was paid ~\$24,500, 10 years later their salary is more than \$42,500

Individual Teacher Salary Across 10 Years (Actual Dollars)

*Based on Consumer Price Index Data from the U.S Department of Labor - Bureau of Labor Statistics

Individual Teacher Scale Across 10 Years (Constant Dollars)*

- This chart uses the exact same data as the previous chart, however it adjusts dollars using the CPI. Relative to CPI, salaries have increased in real terms over the past 10 years
- In 2004 the competitive market was updated to the bottom of the top quartile vs. the median. This change resulted in gains in teacher compensation since that period
- As an example, a teacher starting their career at T0 in 1996 was paid ~\$31,500 in 2006 dollars, 10 years later their salary is more than \$42,500 in 2006 dollars

Individual Teacher Salary Across 10 Years (Constant Dollars)*

*Based on Consumer Price Index Data from the U.S Department of Labor - Bureau of Labor Statistics

School Board's 2008/2009 Requested Budget Budget at a Glance

- Overall expenses requested increase by 2.57%
- Compensation initiatives represent more than 77% of the total new expenses in this request
 - 4% + meet existing market for teachers
 - 3% + 0.35% to meet market for classified staff
 - Health and dental increases
 - VERIP
- Non-Compensation initiatives include items such as:
 - Fuel Increases
 - Increased Intervention/Prevention funding
 - Mileage increases
 - CATEC
 - PREP
 - Increased software licensing fees
 - Increased insurance costs
 - Growth staffing
 - and other operational increases
 - Mileage increases

School Board's 2008/2009 Requested Budget Budget at a Glance

Total Expenses: 151,755,246

School Board's 2008/2009 Requested Budget By Type of Expense

- This chart provides a breakout based upon the type of expense, regardless of department or location
- Personnel expenses include salaries, part-time wages, substitute wages, stipends, overtime, and other direct payments for work performed. Benefits are also included in this grouping as well and is inclusive of FICA, Virginia Retirement System payments (VRS), health insurance, dental insurance, etc.
- Operational expenses include all materials and supplies necessary to operate the school division including fuel, materials for students and staff, payments for services to outside organizations, insurance, electricity, custodial supplies for cleaning & repairing facilities, payments for outside training of staff, etc.
- Capital expenses are for the purchase of materials that are typically not consumable such as computers, vehicles, copiers, furniture, machinery, etc.
- Transfers are a combination of payments to other internal organizations or payments to other internal funds within the County. These expenses include payments to local government for the Comprehensive Services Act (CSA), a 50% share of the expense for School Resource Officers (SRO), payments for social service workers in the schools (DSS), and payments for the Bright Stars program. Other transfers include payments to the bus replacement fund, the computer equipment replacement fund, and the new textbook replacement fund
- The focus of the next slide will be upon the largest type of expense within the school division; the cost of personnel

School Board's 2008/2009 Requested Budget
By Type of Expense
Focus: Personnel

Total Expenses: 151,755,246

School Board's 2008/2009 Requested Budget By Type of Expense

- Overall compensation is composed of both personnel costs and benefits associated with employment
- Personnel expenses are composed of expenses incurred purely for payment of wages. These wages include payments for full-time positions, part-time positions, substitutes, stipends, overtime, etc. It does not include any payments for outside contractors, these expenses are grouped as operational expenses
- Benefit costs are typically associated with the hiring of staff or payment of wages in one form or another. As an example, a full-time employee may incur benefits costs of FICA, VRS, state group life insurance (GLI), health insurance, dental insurance, workers compensation insurance, and unemployment insurance
- This series of slides will focus on where the school division's personnel expenses are incurred

School Board's 2008/2009 Requested Budget

By Type of Expense

Focus: Personnel (Compensation and Benefits)

Total Expenses: 125,964,163

School Board's 2008/2009 Requested Budget By Type of Expense

- This slide displays the cost of personnel by the state defined functions of instruction, building services, transportation, and administration, attendance, and health (a single functional area as defined by the state)
 - Instruction is defined by the state as functions that interact directly with students and also are involved in the improvement and evaluation of instruction
 - Building services is defined by the state as functions that operate the physical plant and grounds
 - Transportation is defined by the state as functions that associated with transporting children
 - Administration, attendance, and health is defined by the state as functions that perform business services, administrative oversight, attendance, and the delivery of health services such as school nurses
-
- The next slide focuses upon the largest functional area of personnel expenses in the school division

School Board's 2008/2009 Requested Budget

By Type of Expense

Category: Personnel

Focus: Instruction

Total Expenses: 125,964,163

School Board's 2008/2009 Requested Budget By Type of Expense

- Personnel expenses in the instructional function are primarily expended for school based staff. The K-12 Instructional Salary fund is the largest single fund within the division. It contains all the personnel expenses for all instructional staff based at schools. This includes all teachers, teaching assistants, substitutes, school office personnel, principals, asst. principals, athletics, etc.
- The other grouping of expenses include personnel costs of the departments of instruction, special education, federal programs, instructional technology, professional development, assessment and information services, vocational education, and others
- The next slide focuses on the expenses in the K-12 Instructional Salaries fund

School Board's 2008/2009 Requested Budget

Focus: K-12 Salaries

Total Expenses: 100,938,016

School Board's 2008/2009 Requested Budget By Type of Expense

- Of the more than \$94.8M of expenses for personnel within this fund, all but 1% are expended at specific schools
- The 1% of expenses titled division are for the early retirement program

School Board's 2008/2009 Requested Budget

By Type of Expense

Category: Personnel

Function: Instruction

Focus: K-12 Salaries by School Type

Total Expenses: 94,894,164

School Board's 2008/2009 Requested Budget By Type of Expense

- Returning to the overall expenses across the division, the next focus will be upon the operational expenses

School Board's 2008/2009 Requested Budget
By Type of Expense
Focus: Operational

Total Expenses: 151,755,246

School Board's 2008/2009 Requested Budget By Type of Expense

- Of the total operation expenses expected to be incurred in the division, departments manage the largest portion. The school portion represents those funds under the specific control of the individual school and its staff
- Significant operational funds are provided to schools from departments, however usually these other sources of funds typically have specific requirements for their use. An example of this is intervention/prevention funds, these are provided to schools based upon student need and are spent in direct support of the students by the schools, yet these funds are budgeted and managed centrally
- Many departments have operational funds that are paid for external services on a cost effective basis. An example of this is PREP, with over \$1M being paid for these regional services
- The next slide will focus solely upon the operational funds of departments, not schools

School Board's 2008/2009 Requested Budget

By Type of Expense

Category: Operational

Focus: Departmental Budgets

Total Expenses: 20,358,621

School Board's 2008/2009 Requested Budget By Type of Expense

- The Building Services department includes expenses for the operation and maintenance of all facilities. This includes more than \$1.9M in electricity, more than \$0.6M in heating oil, more than \$0.5M in custodial supplies and other significant expenses incurred in maintaining 26 schools and multiple other facilities
- The Student Services department includes expenses for their operation of our special education department. There are more than \$2.5M of expenses associated with payments to the regional special education consortium (PREP) for services to students. Also significant funds and services are transferred directly to schools in support of enrolled students
- CATEC is a formula based payment to our regional career and technical training high school for services to enrolled students
- Transportation is for the operation and maintenance of our bus and vehicle fleet
- Media Services provides materials and support for our librarians and for textbooks in the division
- Instructional Support is the fund in charge of managing the curriculum and delivering effective instructional tools and support to teachers in the division. A substantial portion of these operational funds are directed to schools for specific purposes.
- The next slide will focus upon the Other departments operational funds

School Board's 2008/2009 Requested Budget

By Type of Expense

Category: Operational

Fund: Departmental Budgets

Focus: Other Departments

Total Expenses: 17,614,561

School Board's 2008/2009 Requested Budget By Type of Expense

- Significant expenses are:
 - Computer Technology - WAN and internet connectivity and software licenses
 - Federal Programs - Intervention/Prevention funds that are provided to schools to address the achievement gap
 - Fiscal Services - Property and liability insurance and vehicle insurance
 - Human Resources - Approximately 25% of their funds are expended in support of local government
 - Assessment - Funds in support of School-Net and the new student information system

School Board's 2008/2009 Requested Budget

By Type of Expense

Category: Operational

Fund: Departmental Budgets

Focus: Other Departments

Total Expenses: 4,175,303

School Board's 2008/2009 Requested Budget By Functional Area

- Rather than focusing upon the kind of expense (personnel, operations, capital, etc), the following slides provide information on the function (as defined by the state) for which funds are expended
- As has been displayed earlier, the largest expenses are incurred within our instructional area, primarily for personnel related expenses at schools
- The next focus will be upon the overall administration, attendance and health area

School Board's 2008/2009 Requested Budget By Functional Area

Focus: Administration, Attendance and Health

Total Expenses: 151,755,246

School Board's 2008/2009 Requested Budget By Functional Area

- The largest type of expense in this area is for personnel
- The next slide will focus upon the expenses associated with the personnel expenses of the administration, attendance, and health departments

School Board's 2008/2009 Requested Budget By Functional Area

Function: Administration, Attendance and Health
Focus: Personnel

Total Expenses: 10,937,637

School Board's 2008/2009 Requested Budget By Functional Area

- The largest single expense in this area is for nurses and VERIP within the K-12 Instructional Expense fund
- The next largest expense is for staff in the Human Resources department, which serves both the school division and local government
- The third largest expense is for staff to support the use of technology in the division. This is specifically for staff that performs computer technical functions (not CTIPs) in support of both the classroom and offices
- Student Services provides psychological and health services to students in the division
- Fiscal Services provides bookkeeping, budgeting, and financial services as well as workers compensation insurance
- Executive Services includes expenses for the school board, superintendent, and related staff

School Board's 2008/2009 Requested Budget By Functional Area

Function: Administration, Attendance and Health
Type of Object: Personnel by Fund

Total Expenses: 9,565,397

School Board's 2008/2009 Requested Budget Expenses by Fund

- The final focus will be upon our department coding structure. Our departments often cross functional boundaries (as an example, the Special Services department has expenses in instructional, administration, attendance, and health, and building services)
- Our department structure typically focuses upon the delivery of specific services, regardless of the state's limited definition of functional boundaries
- Schools include all expenses and staff directly housed and located at schools, this includes teachers, nurses, principals, and all operational and capital funds under the school's control

- The focus will be upon the instructional departments of:
 - 2111 - Instructional Support
 - 2112 - Special Services
 - 2113 - Federal Programs
 - 2114 - Media Services
 - 2115 - Instructional Technology
 - 2116 - Vocational Education
 - 2117 - Assessment and Information Services
 - 2118 - Professional Development

School Board's 2008/2009 Requested Budget Expenses by Fund

Focus: Instructional Departments

Total Expenses: 151,755,246

School Board's 2008/2009 Requested Budget Expenses by Fund

- Within the instructional departments the expenses by function are:
- Transfers for:
 - DSS/Bright Stars programs
 - Textbook Replacement
 - Computer Equipment Replacement
 - CSA
- Administration, Attendance, and Health expenses for:
 - School Psychologists
 - Computer Technology Salaries and Benefits
- Building Services expense for telephone and telecommunications expenses including internet services
- The focus of the next slide will be on the instructional function expenses

GLOSSARY

ABE

Adult Basic Education

ALPS

Academic Learning Program Schools (ALPS) is an initiative funded through the local school division to improve the performance of students who are academically or economically disadvantaged. All schools receive some level of ALPS allocation.

Appropriation

An appropriation is authorization to make expenditures and to incur obligations for specific purposes. An appropriation is limited in dollar amount and when it may be spent, usually expiring at the end of the fiscal year.

Assessment Literacy

Assessment literacy refers to the work of Division and building level staff to effectively and appropriately use information yielded by classroom and state mandated assessments. Assessments are used to both inform instructional changes that are needed to advance learning and to measure that learning has occurred appropriate to learning standards set by the State.

Average Class Size

This number is determined based on baseline teacher staffing assigned to the schools other than for media specialists, guidance counselors, administrators, teaching assistants, or staffing for gifted education, technology support, and other resource support. Half of differentiated staffing assigned to a given school is also included in this number. In elementary schools, art, music, and physical education positions are not included in determining class size. For the purpose of determining class size high school enrollment is adjusted for students who spend part of the day at CATEC or outside the school for other reasons.

Average Daily Membership (ADM)

The average daily number of students who are enrolled in the school division. The March 31 ADM is used to determine the exact level of state funding.

Budget

A specific plan, which identifies a plan of operations for the fiscal year, states the expenditures required to meet that plan of operations, as well as identifies the revenue necessary to finance the plan.

Capital Improvement Program (CIP)

The Capital Improvement Program (CIP) is a five-year plan for public facilities in Albemarle County resulting in the construction or acquisition of fixed assets, primarily schools, but also parks, land, landfills, etc.

GLOSSARY

Capital Outlay

Capital Outlays are expenditures for items of a substantial value (typically more than \$100) such as computers and vehicles.

Carl Perkins

This is a federally funded program that supports vocational and career education at the high school level.

Carry-Over Funds

These are unexpended funds from the previous fiscal year, which may be used in the current fiscal year.

CASBA

The Charlottesville Area School Business Alliance (CASBA) is a partnership involving the Chamber of Commerce, the Albemarle County Schools, and the Charlottesville City Schools designed to foster connections between schools and the business community.

CATEC

The Charlottesville-Albemarle Technical Education Center (CATEC) is a program operated jointly by the Albemarle County Public Schools and the Charlottesville City Public Schools. The CATEC program offers technical and career education opportunities for high school students and adults.

Composite Index

An Ability-to-Pay index (Composite Index) is used by the state to help determine the level of funding for the school division.

Comprehensive Service Act (CSA)

This legislation mandates funding for children with significant emotional or behavioral concerns or a matching basis with the state (55% from the state).

Compression

A term used to describe pay differences between positions that are so small they are considered inequitable. The term in this context refers to the pay of experienced employees and new hires in the same position.

Consolidated Omnibus Budget Reconciliation Act (COBRA)

This federal mandate provides for a continuation of health insurance coverage for a period of up to three years for employees who leave employment through no fault of their own. Such employees are required to pay premiums at the employee's group rate.

CTIP

Curriculum and Technology Integration Partners (CTIP) are building-based master teachers who provide professional development in the integration of instructional technology through modeling, co-planning, and co-teaching.

GLOSSARY

Curriculum, Assessment, and Instruction Institute (CAI)

See Framework for Quality Learning (FQL). This summer teacher institute provides professional development for teacher teams from each school to develop and use the skills and knowledge necessary to implement the FQL learning model.

Design 2004/05

Design 2004 is an instructional initiative that encourages teachers to use inquiry, analysis, and reflection to deepen student understanding of concepts through authentic application of knowledge and skills.

Differentiated Funding/Staffing

This funding provides monies or personnel based on the particular additional needs of a given school population.

DSS

Department of Social Services

Encumbrance

This reservation of funds is used for an anticipated expenditure prior to actual payment of an item. Funds usually are reserved or encumbered once a contract obligation has been signed, but prior to the actual cash payment being dispersed.

ESOL

English as a Second or Other Language (ESOL) is a program that provides English instruction to students coming from other countries who lack the necessary English skills to benefit fully from school programs.

Expenditure

These funds that are paid out for a specific purpose.

FICA

These are Social Security payments based on earnings.

Fiscal Year

This is the period of time measurement used by the County for budget purposes. It runs from July 1st to June 30th.

Flow-Through

These entitlement funds come to the school division from the federal government through the state.

FTE

This stands for Full-Time Equivalent (FTE) staff, considering all staff members, including full-time and part-time employees.

Framework for Quality Learning

This system is a model for high-quality teaching and learning through which best practices in curriculum, assessment, and instruction are applied to promote deep understanding.

GLOSSARY

Fund Balance

A fund balance is amount of money or other resources in a fund at a specific time.

Grant

These funds are contributions made by a private organization or governmental agency. The contribution is usually made to aid in the support of a specified function and may require a financial match.

Growth

An increase in student enrollment is termed growth.

IEP

An Individualized Education Plan (IEP) is a plan required for all students receiving Special Education services. It outlines the specific services to be received by an individual student.

Initiative/Improvement

A new program or service or an increase in the level of an existing program or service is termed an initiative/improvement.

Instructional Council

Instructional Council is an instructional leadership group comprised of representatives from all elementary schools in the Division.

IP-delivered content

IP-delivered content is electronic content delivered via a web-based application through a browser (e.g. Netscape, Internet Explorer) on a computer.

Lapse Factor

This is anticipated savings from staff retirement and replacement, the lag between staff leaving and new staff being hired, and savings from deferred compensation benefits.

LEP

Limited-English Proficient Students are referred to as LEP students.

Living Wage

The term living wage is used by advocates to refer to the minimum hourly wage necessary for a person to achieve some specific standard of living. This standard generally means that a person working forty hours a week, with no additional income, should be able to afford a specified quality or quantity of housing, food, utilities, transport, health care, and recreation. This concept differs from the minimum wage in that the latter is set by law and may fail to meet the requirements of a living wage.

GLOSSARY

Merit Pool

Albemarle County distributes annual salary increases through a merit program. This is a pay for performance program in which individual increases are a function of three factors: an employee's merit score, the salary of the employee in relation to the midpoint, and the budgeted merit pool amount.

No Child Left Behind (NCLB)

The Federal No Child Left Behind Act of 2001 governs a comprehensive accountability system for ensuring student performance across subpopulations present in individual schools as well as across the Division. The Act requires that students be tested in grades 3,4,5,6,7,8, and high schools in reading and math and science (3,5,8, high school) and that intervention services be provided to all students who are at risk of not meeting the math and reading Standards set and tested by the Commonwealth of Virginia.

Non-Recurring Revenue

Funds that do not continue from year to year (one-time funds) are referred to as non-recurring revenues.

Operations

Non-instructional services provided by the school division.

PALS

Phonological Awareness Literacy Screening (PALS) is an informal screening inventory for students in grades K-3 used across Virginia to provide teachers with information for planning classroom instruction.

Piedmont Regional Education Program (PREP)

This program is a consortium of school divisions that provides a variety of Special Education services. Through this consortium, the Ivy Creek School is operated.

Professional Development Reimbursement Program (PDRP)

This program supports professional development for teachers by providing funding for course/conference participation through an application process.

Recurring Revenue

Funds that continue from year to year are referred to as recurring.

Revenue

Revenues are assets or financial resources applied in support of the budget.

Scale Adjustment

Each year Albemarle County conducts a market survey to evaluate whether pay scales are competitive. If it is determined that a scale adjustment needs to be implemented, the minimum, midpoint and maximum salaries for each paygrade are adjusted by a specified percentage.

GLOSSARY

Self-Sustaining Program

These programs operate primarily on external funding such as grants, federal funds, or fees. Such programs are not directly supported within the School Fund Budget.

SOAs

The Virginia "Standards of Accreditation" (SOAs) provide a framework of requirements and accountability for all schools in the state.

SOLs

The Virginia "Standards of Learning" (SOLs) provide a curriculum framework for the instructional program required by the state for all students.

SOQs

The Virginia "Standards of Quality" (SOQs) are the mandated minimum standards required by statute for schools. The SOQs address areas such as staffing, facilities, and instructional programs.

SRO

Student Resource Officer

State Basic Aid

This is the funding that is provided by the state based on enrollment to fund the Standards of Quality.

State Categorical Aid

This is the funding provided by the state for a specific purpose.

Teacher Performance Appraisal (TPA)

The Teacher Performance Appraisal provides the structural, functional, and procedural components essential to evaluation of professional performance as well as to support the growth and development of teachers using a common set of professional standards.

Title I

This is a federal program that supports additional instruction for economically disadvantaged students whose achievements do not meet expected standards.

Title II

This is a federal program includes staff development funds, School Renovation Grants and Class Size Reduction Grants. The focus is on preparing, training, and recruiting high quality teachers, principals, and paraprofessionals.

Title III

This is a federal program that assists in implementing the No Child Left Behind Act by providing funding to support limited-English proficient and immigrant students.

Title IV

This is a federal program that supports Drug-Free School initiatives.

GLOSSARY

Title VI

This is a federal program that supports innovative programs in the areas of technology, literacy development and media services.

VERIP

The Voluntary Early Retirement Incentive Plan (VERIP) is a stipend paid to employees upon retirement for 5 years or until age 65, whichever comes first. Employees must meet defined eligibility criteria to receive this stipend.

Vesting

This is the earning of a longevity step on a pay scale.

VRS

The Virginia Retirement System (VRS) provides pension benefits for retirees from state and local government.

FY 91/92	10,188	94	10,034	-60	-0.59%
FY 90/91	10,144	107	9,915	-122	-1.20%
FY 89/90	9,693	126	9,544	-23	-0.24%

All estimates are highlighted

Sept. 30 enrollment is important since school allocation of staff and funds depend upon it

March 31 Average Daily Membership (ADM) is important because the State bases its revenues upon average numbers of students enrolled per day until March 31

* Special education students participating in the Piedmont Regional Education Program (PREP) & in the Community Based Intervention Program (CBIP) are counted in the regional programs, not in the Mar. 31 ADM.

Reports Available

<u>Report Name</u>	<u>URL</u>
Human Resources Annual Report	Available in Early 2008
Annual Progress Report	www.k12albemarle.org/board/budget/08reports
Framework for Quality Learning	www.k12albemarle.org/board/budget/08reports
2005-2009 Strategic Plan	www.k12albemarle.org/board/budget/08reports

Goal 1 - Prepare all students to succeed as members of a global and in a global economy

Priority 1.1

- ACPS continued to be at the top of school divisions ranked by number of Advanced Studies diplomas awarded
- More high school students took college level courses than ever before
- The number of students who took AP courses and passed AP tests continued to rise
- African-American and economically disadvantaged students remain under-represented in advanced/honors level courses and over-represented in practical and standard level courses
- While 4th graders' performance on the NSRE trended slightly down, the 8th graders did markedly better and improved on conceptual understanding and total math scores
- Although the number of students who completed an internship/work experience was at an all-time high, the percentage of students who participated remained low

Priority 1.2

- The citizen satisfaction survey is biennial, and subsequently there were no results for this year
- No schools applied for the Governor's Physical Fitness Scorecard, however, an increased focus is planned for the 2007-08 school year
- Significant behavioral incidents were down across the Division
- Twenty-nine high school students were recognized for their volunteerism, and high schools in general contributed an estimated 15,445 hours of community service

Priority 1.3

- Vertical teams in the four content areas continued to work on completing and modifying their concept-based curriculum frameworks and the new frameworks are now all Board-approved

Priority 1.4

- The Board-approved Middle School Program Guide was distributed to middle school families at the beginning of the 2006-07 school year

Priority 1.5

- Three-year trend data on the SOLs indicates that membership groups further closed the achievement gap in math and science but only maintained in reading
- The Division began developing and using common assessments to be better predictors of SOL performance and measure depth of understanding in an effort to increase all students' achievement
- A teacher survey instrument was piloted to measure the effect of teachers' participation in learning community teams upon student achievement

Goal 2 – Eliminate the Achievement Gap

- The cohort completion rate for graduating seniors was 91% , the same as in 2005-06
- Principals collected school-level data regarding student engagement and continued to improve communication with parents of students at-risk of academic failure
- While the Division, and all schools in the Division were fully accredited, seven schools in the Division, did not make AYP. The Division made AYP in mathematics.
- Seventeen content areas surpassed a 90% pass rate on the SOLs as compared to four in 2005-06
- A disproportionate number of African-Americans dropped out before graduation

- Using alternate indicators (AP tests and SOL advance pass rates) African-Americans and disadvantaged students' achievement lagged behind their peers, but the gap decreased

Goal 3 – Recruit, retain, and develop a diverse cadre of the highest quality teaching personnel, staff, and administrators

- Hiring and retention numbers suggested that the Division's hiring and retention practices were effective and we remain competitive in our market
- Division exit data is not yet complete for 2006-07 but will be included in the Human Resources Annual Personnel Report

Goal 4 – Achieve recognition as a world class educational system

- The community survey conducted by the Office of Community Engagement revealed a need for increased communication with Hispanic and Latino community members
- The Division has diversified its methods of communicating with the community to keep staff, students, parents, and community members more informed
- SchoolNet, the Division's data warehouse, was purchased and configured in 2006-07 and is in its first year of implementation in 2007-08
- Senate Quality Productivity Award training began to introduce to staff the use of Baldrige criteria as measures of excellence
- The Office of Community Engagement converted to the new identity package and implemented the communication plan, modernizing and streamlining communication with the community

Goal 5 – Establish efficient systems for development, allocation and alignment of resources to support the Division's vision, mission, and goals

- Budget initiatives were aligned with the Division's strategic plan and staff redirected and reduced funds to balance the budget to available revenue for 2007-08
- The resource utilization study was commissioned by the Board and the results will be reported during the 2007-08 school year

FY 2008-09 STAFFING STANDARDS

Development Process

The School Division Staffing Standards were developed by a committee that included central office and school-based staff. In developing the Standards, the committee surveyed school staffs as to the critical issues. Once the committee developed a set of proposed Standards, they were then reviewed by the division's entire Leadership Team, which includes all school-based and central office administrative staff. Feedback from the Leadership Team has been used to finalize and periodically update the Standards.

Purpose

The purpose of the Standards is to establish a baseline expectation for all schools in the following areas:

- Principals
- Assistant Principals
- Clerical
- Media Assistant
- Media Specialists
- Technology
- Guidance
- Nurses
- Elementary Art, Music, and Physical Education
- K-1 TA Time
- Literacy Specialists
- Gifted Teachers
- Testing Specialists
- Career Awareness Specialist

The focus of the Standards is to foster equity across schools. However, if an individual school wishes to deviate from a particular Standard for a reason related to its School Improvement Plan, a waiver process has been established. This waiver process is outlined in the division's *Strategic Plan*.

Explanation

For each area, the following information is provided:

- The State Standard as established in the *Virginia Standards of Quality*.
- The Albemarle Standard, which establishes the baseline expectation for each school.
- The Albemarle Goal, which establishes what the division would like to have as a Standard in the particular area if funding to do so becomes available.
- The Funding Implication for the Albemarle Goals and for any Albemarle Standards, if applicable.

999981 SCHOOL BOARD RESERVE

Calculation of the 2006-2008 Composite Index for ALBEMARLE

002

Step 1 -- Calculation of the 2008-2010 Average Daily Membership Composite Index:

.5	$\frac{\text{Local True Values}}{\text{Local ADM}}$ <hr/> $\frac{\text{Total Local True Values}}{\text{Total State ADM}}$	+	.4	$\frac{\text{Local Adjusted Gross Income}}{\text{Local ADM}}$ <hr/> $\frac{\text{Total State Adjusted Gross Income}}{\text{Total State ADM}}$	+	.1	$\frac{\text{Local Taxable Retail Sales}}{\text{Local ADM}}$ <hr/> $\frac{\text{Total Taxable Retail Sales}}{\text{Total State ADM}}$	ADM = Composite Index
.5	$\frac{\$15,464,818,659}{12,300}$ <hr/> $\frac{\$1,026,155,268,421}{1,185,050}$	+	.4	$\frac{\$3,020,110,640}{12,300}$ <hr/> $\frac{\$198,895,122,752}{1,185,050}$	+	.1	$\frac{\$1,097,503,926}{12,300}$ <hr/> $\frac{\$77,290,441,767}{1,185,050}$	ADM = Composite Index
.5	$\frac{\$1,257,280}{\$865,917}$	+	.4	$\frac{\$245,533}{\$167,837}$	+	.1	$\frac{\$89,226}{\$65,221}$	ADM = Composite Index
.5	1.4520	+	.4	1.4629	+	.1	1.3681	ADM = Composite Index
.7260 + .5852 + .1368 =								1.4480

Step 2 -- Calculation of the 2008-2010 Per Capita Composite Index:

.5	$\frac{\text{Local True Values}}{\text{Local Population}}$ <hr/> $\frac{\text{Total Local True Values}}{\text{State Population}}$	+	.4	$\frac{\text{Local Adjusted Gross Income}}{\text{Local Population}}$ <hr/> $\frac{\text{Total State Adjusted Gross Income}}{\text{State Population}}$	+	.1	$\frac{\text{Local Taxable Retail Sales}}{\text{Local Population}}$ <hr/> $\frac{\text{Total Taxable Retail Sales}}{\text{State Population}}$	Per Capita = Composite Index
.5	$\frac{\$15,464,818,659}{90,100}$ <hr/> $\frac{\$1,026,155,268,421}{7,564,327}$	+	.4	$\frac{\$3,020,110,640}{90,100}$ <hr/> $\frac{\$198,895,122,752}{7,564,327}$	+	.1	$\frac{\$1,097,503,926}{90,100}$ <hr/> $\frac{\$77,290,441,767}{7,564,327}$	Per Capita = Composite Index
.5	$\frac{\$171,641}{\$135,657}$	+	.4	$\frac{\$33,520}{\$26,294}$	+	.1	$\frac{\$12,181}{\$10,218}$	Per Capita = Composite Index
.5	1.2653	+	.4	1.2748	+	.1	1.1921	Per Capita = Composite Index
.6327 + .5099 + .1192 =								1.2618

Step 3 -- Combining of the Two 2008-2010 Indices of Ability-to-Pay:

$$(.6667 \times \text{ADM Composite Index}) + (.3333 \times \text{Per Capita Composite Index})$$

Local
= Composite
Index

$$(.6667 \times 1.4480) + (.3333 \times 1.2618) =$$

Local
= Composite
Index

$$.9654 + .4206$$

Local
= Composite
Index

Step 4 -- Final Composite Index (adjusted for nominal state/local shares)*:

$$(1.3860) \times 0.45 =$$

.6237

Input Data:**Source Data Used in the Calculation:**

School Division:	ALBEMARLE
Local True Value of Property	\$15,464,818,659
Local AGI	\$3,020,110,640
Local Taxable Sales	\$1,097,503,926
Local ADM	12,300
Local Population	90,100
State True Value of Property	\$1,026,155,268,421
State AGI	\$198,895,122,752
State Taxable Sales	\$77,290,441,767
State ADM	1,185,050
State Population	7,564,327

EXCEPTIONS:

***Please note the following exceptions to the standard composite index calculation as specified in the appropriation act (see actual appropriation act language under the tab labeled "Appropriation Act Language"):**

- 1) For those divisions in which three percent or more of the adjusted gross income is derived from individuals who are not residents of Virginia, those divisions have the option to have that portion of the adjusted gross income excluded from the composite index calculation;
- 2) Any division with a calculated composite index that exceeds .8000 is considered as having an index of .8000;
- 3) Under hold harmless provisions addressing the consolidation of school divisions contained in the appropriation act and Section 15.2-1302, Code of Virginia, the composite indexes to be used for funding in the 2008-2010 biennium for the following two divisions are:

Halifax County: .2380 (the index approved effective July 1, 1995); however, the 2008-2010 composite index for Halifax County calculated based on the data elements from base-year 2005 is shown above as .2691; and,

Alleghany County: .2423 (the index approved effective July 1, 2004); however, the 2008-2010 composite index for Alleghany County calculated based on the data elements from base-year 2005 is shown above as .2211.

COMPOSITE INDEX OF LOCAL ABILITY-TO-PAY FORMULA

Average Daily Membership (ADM) Component =

$$.5 \left[\frac{\text{Local True Values}}{\text{Local ADM}} \right] + .4 \left[\frac{\text{Local Adjusted Gross Income}}{\text{Local ADM}} \right] + .1 \left[\frac{\text{Local Taxable Retail Sales}}{\text{Local ADM}} \right]$$

$$\frac{\text{State True Values}}{\text{State ADM}} \quad \frac{\text{State Adjusted Gross Income}}{\text{State ADM}} \quad \frac{\text{State Taxable Retail Sales}}{\text{State ADM}}$$

Population Component =

$$.5 \left[\frac{\text{Local True Values}}{\text{Local Population}} \right] + .4 \left[\frac{\text{Local Adjusted Gross Income}}{\text{Local Population}} \right] + .1 \left[\frac{\text{Local Taxable Retail Sales}}{\text{Local Population}} \right]$$

$$\frac{\text{State True Values}}{\text{State Population}} \quad \frac{\text{State Adjusted Gross Income}}{\text{State Population}} \quad \frac{\text{State Taxable Retail Sales}}{\text{State Population}}$$

Final Composite Index =

$$((.6667 \times \text{ADM Component}) + (.3333 \times \text{Population Component})) \times 0.45$$

- 1) For those divisions in which three percent or more of the adjusted gross income is derived from individuals who are not residents of Virginia, those divisions have the option to have that portion of the adjusted gross income excluded from the composite index calculation;
- 2) Any division with a calculated composite index that exceeds .8000 is considered as having an index of .8000;
- 3) Under hold harmless provisions addressing the consolidation of school divisions contained in the appropriation act and Section 15.2-1302, Code of Virginia, the composite indexes to be used for funding in the 2008-2010 biennium for the following two divisions are:

Halifax County: .2380 (the index approved effective July 1, 1995); however, the 2008-2010 composite index for Halifax County calculated based on the data elements from base-year 2005 is shown above as .2691; and,

Alleghany County: .2423 (the index approved effective July 1, 2004); however, the 2008-2010 composite index for Alleghany County calculated based on the data elements from base-year 2005 is shown below as .2211.
