Special Revenue Funds

The Special Revenue Funds contain programs that typically require separate accounting and reporting of revenues and expenses. Many of these funds/programs are funded via Federal, state, fees, or other funding sources such as foundations. While the accounting for these programs is maintained separately via this accounting mechanism, the provision of services to students is integrated with the overall operations of the School Division.

There are 5 general grouping of programs maintained separately within:

Federal Entitlement Programs – These are funded by the Federal government and have very specific program requirements for the expenditure and tracking of monies. Examples of these programs are Title 1, Carl Perkins, etc.

Fee Based Services – These are typically services provided on a fee basis to students, parents, or other governmental entities. A hallmark of these fee based services is that the operation of the program is fully met by fees collected or other external funding sources. Examples of these programs are Community Education (After School Program), Drivers Safety, Food Services, adult education, etc.

State and Federal Grants – These are funded via external funding sources and typically have specific requirements defined by their funding source. Examples of these include Migrant Education, Misc. Grants, etc.

Jointly Operated Programs – These are maintained for the operation of joint programs with other school divisions in the community. Examples of these include programs operated under the Piedmont Regional Education Program (PREP) and the Investing in Innovation (i3).

Internal Service Funds – These are locally funded, however it provides a means by which to account for intergovernmental operations and multi-year replacement holding accounts. Examples of these include Vehicle Maintenance, Textbook Replacement, Computer Equipment Replacement, etc.

Mission

The mission of the Department of Food Services is to provide high quality, nutritious student meals in a cost-effective manner, offering excellent service and promoting nutrition and wellness among students and team members.

Description

The Department of Food Services is responsible for the following major programs and/or services:

- National School Breakfast Program
- National School Lunch Program
- Contract services
- Nutrition education to customers

The Department of Food Services continues to support the School Board goals with initiatives focused on nutrition and wellness for both students and team members. A variety of promotions are incorporated throughout the school year to include National School Lunch Week, Farm-to-School Week and National Nutrition Month. During the 2016-17 school year all students at Mary Greer and BF Yancey Elementary school are enjoying a fresh fruit and vegetable snack each school day, with funds awarded in a USDA Fresh Fruit and Vegetable Grant.

Quality assurance is monitored regularly through cafeteria visits, review of standard operational procedures and analysis of data such as expenses, meal participation and customer service feedback. The Department of Food Services continues to move forward with initiatives while ensuring the financial integrity of the program. The Equity in School Lunch Price mandates the minimum pricing structure for full paid meal prices.

Resource Allocation

The Department of Food Services has experienced considerable challenges in hiring and retaining food service associates as a direct impact of the present hiring wage for food service associates. A plan to place food service associates within a higher paygrade has been reviewed and supported with Human Resources and the Food Service budget was prepared to support this expense. The 2017-18 food services budget is prepared with an increase in the breakfast and lunch price. In order to operate as a financially sound, self-sustaining program, supporting the operating cost and to continue to provide well-balanced nutritious meals a meal increase is needed and required under federal regulation. The meal price structure prepared in 2017-18 budget is as follows:

	<u>Current</u>	<u>Proposed</u>
Student breakfast	\$1.40	\$1.45
Student lunch primary grades	\$2.50	\$2.60
Student lunch secondary grades	\$2.75	\$2.85
Adult breakfast	\$1.70	\$1.75
Adult lunch	\$3.35	\$3.45

Challenges

Hiring and retention has been a challenge. The application pool is minimal and several candidates who have been offer jobs have declined due to offer elsewhere with higher wage. Addressing compression and an increase in food service associate wage is expected to be helpful in hiring and retention.

Metric(s)

- Meals Served. During the 2015-16 school year, the CNP served 354,394 student breakfasts and 1,091,832 student lunches.
- Average Meal Participation. In the current school year, the average daily breakfast participation is 14% and 45% for lunch.

3002 - SUMMER FEEDING PROGRAM

Mission

The mission of the Summer Feeding Program is to generate revenue for the Department of Food Services while providing summer employment opportunities for food service personnel.

Description

The Summer Feeding Program is responsible for the following major programs and/or services:

- Catering CFA event.

This fund provides opportunities for summer employment to staff and generates revenues for use by the department.

Resource Allocation

Food: The CNP provides catering service to CFA during a 2-3 week period, serving breakfast, lunch and snack items. The budget is driven by the menu and service requested each year and the number of customers served.

Challenges

There are no state/federal mandates, funding reductions, cost increases, Board direction, or other challenges that may impact future work/success in meeting strategic goals.

Metric(s)

- There are over 30 CNP employees providing service during this food catering event at Monticello High School. The menu offers a wide variety of options at breakfast, lunch and snack serving on average 700 customers per day.

3101 - TITLE I

Revenues

3101 - TITLE I

Mission

The mission of the Title I Fund is to support reading/language arts and math instruction for students with achievement levels that do not meet expected standards in the eight elementary schools with free-and-reduced lunch program participation percentages above the county average.

Description

Title I Fund is responsible for the following major programs and/or services:

- Reading/language arts instruction; math instruction
- Parental Involvement
- Support for Homeless Students

Title I was previously funded through the No Child Left Behind (NCLB) Act. Effective in school year 2017-2018, funding will be provided by the Every Student Succeeds Act (ESSA) and will require that specific rules, regulations, and requirements be met. ESSA legislation requires states to demonstrate progress from year to year in raising the percentage of students who are proficient in reading and math, and in narrowing the achievement gap between advantaged and disadvantaged students. The Title I goal remains helping children to read and to perform in math on grade level, which means more than a year's growth in nine months and for students in grades 3-5 to pass their Standards of Learning (SOL) tests. Title I continues to coordinate with other early childhood preschool programs such as Head Start and Bright Stars.

Resource Allocation

Building Services-Maintenance: A percentage of the County's local telephone service is charged to this fund.

Regular Education: Salaries for teachers providing direct service to identified students is the first priority.

Challenges

A critical challenge for the Title I program is to hire and retain highly motivated and effective teachers who are certified in reading, as well as high quality paraprofessionals. The county continues to look for ways to increase parent participation in student achievement and at school and county events as part of its Title I initiatives.

Metric(s)

Approximately 380 students received Title I math and reading services last school year.

3103 - MIGRANT

Revenues							<u>Adopted vs. Adopted</u>	
	<u>Actual 16</u>	<u>Adopted 17</u>	<u>Adopted 18</u>	%	of Total	Increase	% lcr.

3103 - MIGRANT

Mission

The mission of the Migrant Fund is to identify all eligible Migrant students residing within the regional district (Albemarle, Alleghany, Augusta, Charlottesville, Chesterfield, Culpeper, Fluvanna, Greene, Louisa, Madison, Nelson, Orange, Rockbridge, Staunton and Waynesboro), evaluate their individual educational needs, and offer necessary support services.

Description

The Migrant Fund is responsible for the following major programs and/or services:

- Identification of All Migrant Students
- Extended Instruction in Summer
- In-school Tutoring
- After-school Instruction
- Evening ESOL classes in Migrant Camps

The Migrant Fund offers supplemental in-school tutoring, English Language Learner services, counseling, home-school coordination, and alternative educational opportunities for eligible Migrant students. It is challenging to provide services within a region covering 15 school divisions to a decreasing number of eligible Migrant students.

The Migrant Fund continues to restructure the organization, develop and strengthen partnerships, attract more interns and volunteers, and write supplemental grants in an effort to maintain the quality and quantity of services provided for Migrant students.

Resource Allocation

Regular Education: Salaries for staff to provide direct service for the students is the first priority.

Challenges

The Virginia Standards of Learning (SOL) and graduation requirements present ever-increasing challenges for Migrant students to meet these standards and graduate from high school. Migrant education is funded through the No Child Left Behind (NCLB) Act and requires specific rules, regulations, and requirements be met.

Metric(s)

One hundred percent of eligible Migrant students are offered direct educational and/or support services. Ninety-four percent of the in-school students receive individual tutoring and extended learning time.

3104 - MISC. SCHOOL GRANTS

Revenues							<u>Adopted vs. Adopted</u>	
	<u>Actual 16</u>	<u>Adopted 17</u>	<u>Adopted 18</u>	%	of Total	Increase	% lcr.

3104 – MISCELLANEOUS GRANTS

Mission

The mission of the Miscellaneous Grants fund is to provide a means by which to receive, process, account, and report upon various small grants received by the Division.

Description

These grants typically are under \$5,000, with the majority of them between \$500 to \$1,000. Grants received may be for a very wide variety of area including the arts, field trips, classroom specific projects, school-wide projects, etc. The primary criteria for inclusion in this fund is non-recurring and under \$25,000.

Resource Allocation

Regular Education: The Miscellaneous Grant fund supports classroom activities across the division.

Challenges

There are mandates for each grant received. Tracking the requirements of each can be difficult as this fund contains approximately 40+ separate and distinct grants.

Metric(s)

Accounting is provided for each grant received by the division. If reporting is required, reports are prepared and provided to grantors.

3116 - ECON DISLOCATED WORKERS

Revenues

3116 - ECON DISLOCATED WORKERS

Mission

The mission of the Economically Dislocated Worker's Fund is to collaborate with institutions, agencies, and businesses, when requested, to provide tutoring and classes tailored to the individualized needs of particular students.

Description

The Economically Dislocated Worker's Fund is responsible for the following major programs and/or services:

- Tutoring for high school students
- Workplace, Family Lit and ESOL classes
- Instruction in Basic Math and Reading

Registration or tuition fees are charged for many of the English for Speakers of Other Languages (ESOL) classes. These courses allow the Division to expand offerings to interested adults and, in turn, support parental involvement with their children's education. Businesses provide classes for their employees on site.

Resource Allocation

Adult Education: Salaries for staff to provide individualized instruction is the priority.

Challenges

The United States Department of Education established new policies and guidelines relating to student data, assessments, and performance targets for adult learners. New requirements necessitate enhanced record-keeping procedures at the local level yet, while expecting improved student performance. Fewer students receive service through Basic Adult Education funds because of these guidelines, and additional classes are needed.

Metric(s)

Approximately \$31,000 was earned to provide individualized educational services for the community, our parents, and high school students.

3142 - ALTERNATIVE EDUCATION

Revenues

3142 - ALTERNATIVE EDUCATION

Mission

The mission of the Alternative Education Fund (ISAEP or Individual Student Alternative Education Plan) is to supplement existing General Equivalency Diploma (GED) services by developing specialized occupational training and employment necessary for students 16 years of age or older to become productive and contributing citizens.

Description

The Alternative Education Fund is responsible for the following major programs and/or services:

- Academic services
- Occupational services
- Counseling

Resource Allocation

Vocational Education: Salary for the Director is required by the grant.

Challenges

None

Metric(s)

Thirty-nine students received services through this fund during 2015-2016. Twenty-six qualified and enrolled into the State ISAEP program, and six passed all four of the GED tests, receiving their certificates.

3145 - CFA INSTITUTE - SUMMER RENTAL

Mission

The mission of the CFA Institute Summer Rental Fund is to maintain a separate account of all revenues and expenses associated with the summer rental of Monticello High School. A transfer of \$200,000 is made to the Division from this fund.

Description

This fund contains the direct expenses associated with the operation of the summer CFA rental. Residual funds are transferred from this fund to support the division's operational budget.

- Summer rental of Monticello High.

Resource Allocation

Bldg. Svs-Maint: The CFA contract requires substantial resources to reconfigure the building and support their rental. Due to the annual movement of all furniture, equipment, and materials in Monticello High School, periodic replacement of the carpet and furniture in affected areas is required and included in this fund.

Transfers: Residual funds are transferred directly to the school fund budget to assist in the operation of the division as a whole.

Challenges

A new multi-year contract is in effect. It is often challenging to meet the terms of the contract when the school year is extended due to snow days.

Metric(s)

- This contract has provided the division with substantial funds since its inception.

3151 - TEACHER MENTORING PROGRAM

Mission

The mission of the Teacher Mentoring Program is to support novice teachers in their first or second year of teaching by appointing mentors/coaches and providing professional development.

Description

The Teacher Mentoring Program is responsible for the following major programs and/or services:

- Mentor support for novice teachers in their first or second year of teaching in Albemarle County
- Professional development and resources for novice teachers in their first or second year of teaching

Resource Allocation

Regular Education: The Teacher Mentoring Program supports the New Teacher Academy held each August and 3-5 Novice Teacher Forums throughout the year. Funds may cover lunch, stipends, substitutes and professional development resources.

Challenges

There are no state/federal mandates, funding reductions, cost increases, Board direction, or other challenges that may impact future work/success in meeting strategic goals.

Metric(s)

- Eighty novice teachers are working with 22 Instructional Coaches.
- Three Novice Teacher Forums have been held so far this school year.
- One additional Novice Teacher Forum is scheduled during the remainder of this year.

3152 - ALGEBRA READINESS

Mission

The mission of the Algebra Readiness Fund is to provide mathematics intervention services to middle school students who are at risk of failing the Algebra I end-of-course test.

Description

The Algebra Readiness Fund is responsible for the following major programs and/or services:

- Math tutoring in middle schools.

Resource Allocation

Regular Education: Algebra Readiness Funds are distributed based on the free and reduced lunch status of students per school.

Challenges

Math remediation is critical to middle school students who are in danger of failing the Standards of Learning (SOL) mathematics assessment tests. Each school has established before-, during-, and after-school programs to support students beyond their allotted time in math class, and the RTI process is used to establish student need. School-Based Intervention Teams (SBIT) analyze student performance data on classroom assessments and SOL's.

Transportation complexities require providing various remediation time choices.

Metric(s)

- Each school will schedule teachers to provide remediation for students based on SBIT recommendation as below.

<u>School</u>	
Jouett	10
Sutherland	4
Burley	7
Henley	3
Walton	5
CPCS	1

3173 - MIGRNT CONSORT INCNTV GRT

Mission

The mission of the Migrant Consortium Incentive Grant is to provide teachers with tools to quickly assess and provide supplemental research-based lessons to Migrant students in order to improve their foundational literacy skills. Educators use the website (MLCORE) to quickly identify individual student literacy needs, and access instructional lessons designed to improve specific literacy skills.

Description

The Migrant Consortium Incentive Grant is responsible for the following major programs and/or services:

- Assessing literacy skills needs
- Providing supplemental tutoring

The Migrant Consortium Incentive Grant is a collaborative effort among sixteen state Migrant Education Programs to provide high quality research-based instruction with low administrative costs.

Resource Allocation

Regular Education: Teachers are paid to provide direct service to students in their homes during the summer, utilizing the national website provided. They also pilot new lessons and increase the functionality of the website for Migrant students throughout the country.

Challenges

The Migrant Consortium Incentive Grant is funded under the United States Department of Education (USED) Migrant Literacy Comprehensive Online Reading Education (MLCORE) Consortium Incentive Grant (CIG) which requires State Educational Agencies (SEAs) to make consortium arrangements with other states to apply for the funds. Specific rules, regulations and requirements must be met.

Metric(s)

All State goals were met.

3201 - C.B.I.P. PROGRAM

Mission

The mission of the Regional Reimbursement Program, facilitated through the Piedmont Regional Education Program is to assist local school divisions in providing a free and appropriate educational program for students with more moderate to severe Autism or who have multiple disabilities. Albemarle County participates with 9 neighboring school systems in the Piedmont Regional Education Program (PREP). The regional approach seeks to provide high-quality services in a cost-effective manner.

Description

The CBIP Program is responsible for the following major programs and/or services:

- Special Education Services for students with autism that require a significant level of support
- Special Education Services for students with multiple disabilities that require a significant level of support

Aside from the incremental increase related to salary and tuition costs, no major initiatives have been implemented in the last two years with financial cost to the division. An increase is requested in this fund to cover increases in salary and tuition / program costs.

Resource Allocation

SPED: The primary driver to this budget is the cost of the staffing associated with the program. As salaries and benefits increase, this cost of this program also grows.

Transfers: There are no anticipated transfers this year.

Challenges

The process for funding the Community Based Instruction Program (CBIP) requires that Albemarle County pay tuition to the Piedmont Regional Education Program (PREP) for each student who is served. Albemarle County provides the services to the students and then requests reimbursement for the program costs. Albemarle County loses the Average Daily Membership (ADM) state reimbursement for the 38 students served in this program, but receives a reimbursement for program costs and a tuition reimbursement from the State based on the current composite index that currently exceeds the ADM rate. As Virginia supports regional programming at a more favorable rate, participation in this program remains is more beneficial financially than working outside of PREP and receiving ADM for students served. This remains a cost-effective approach to providing Federal and State mandated services to students with Autism and Multiple Disabilities.

Metric(s)

- The CBIP Program maximized the utilization of resources provided by the Virginia Department of Education through the regional rate package by successfully providing a free and appropriate educational program for 38 students with significant disabilities (students with autism or multiple disabilities that receive special education for more than 50% of their school week).

3202 - E.D. PROGRAM

Mission

The mission of the Regional Reimbursement Program, facilitated through the Piedmont Regional Education Program is to assist local school divisions in providing a free and appropriate educational program for students with more moderate to severe emotional disabilities served in our public school programs. Albemarle County participates with 9 neighboring school systems in the Piedmont Regional Education Program (PREP). The regional approach seeks to provide high-quality services in a cost-effective manner.

Description

The ED Program is responsible for the following major programs and/or services:

- Provision of special education services for students with emotional disabilities served in the public schools

Aside from the incremental increase related to salary and tuition costs, no major initiatives have been implemented that had a financial cost to the division in the last two years. An increase is requested in this fund to cover increases in salary, tuition and program costs.

Resource Allocation

SPED: The primary driver to this budget is the cost of the staffing associated with the program. As salaries and benefits increase, this cost of this program also grows.

Transfers: There are no anticipated transfers.

Challenges

The process for funding the Community Based Instruction Program (CBIP) requires that Albemarle County pay tuition to the Piedmont Regional Education Program (PREP) for each identified student who is served. Albemarle County provides the services to the students and then requests reimbursement for the program costs. Albemarle County loses the Average Daily Membership (ADM) state reimbursement for the 32 students served in this program, but receives a reimbursement for program costs and a tuition reimbursement from the State based on the current composite index, which currently exceeds the ADM rate. As Virginia supports regional programming at a more favorable rate, participation in this program remains more beneficial financially than working outside of PREP and receiving ADM for students served. This remains a cost-effective approach to providing Federal and State mandated services to students with Autism and Multiple Disabilities.

Metric(s)

- The ED Program maximized the utilization of resources provided by the Virginia Department of Education through the regional rate package by successfully providing a free and appropriate educational program for 32 students with significant disabilities (students with emotional disabilities that receive special education for more than 50% of their school week).

3203 - TITLE II

Mission

The mission of the Title II Fund is to prepare, train and recruit high quality teachers, principals, and paraprofessionals through professional development in best practices in curriculum, assessment, and instruction.

Description

The Title II Fund is responsible for the following major programs and/or services:

- Professional development reimbursement
- Instructional Coaches
- Private School PD funds

Professional development for staff is conducted so that all students, including Every Student Succeeds Act (ESSA) subgroups, will be taught by experienced, effective teachers and, as a result, will reach high standards in all content areas. Professional development funds are also available for teachers and administrators of participating private schools.

The Division-wide, high-yield instructional framework funded by Title II includes essential curriculum, authentic assessment, and strategies for engaging instruction providing a best practices model that will help all students achieve beyond the mastery of the standards-based curriculum as assessed on the SOL's. By working with Instructional Coaches, core subject teachers will incorporate student performance data to inform instruction by using appropriate curriculum integration.

Resource Allocation

Regular Education: The 4 Instructional Coaches funded under this grant are assigned to 1 high, 2 middle, and 9 elementary schools where student poverty percentages average 38% (County average is 28%), student minority percentages average 37%, and the inexperienced teacher percentage averages 12%. The Coaches serve as instructional resources for mathematics, reading/language arts, science, and social studies curricula, instruction, and assessment.

Challenges

Title II was previously funded through the NCLB Act, but as of school year 2017-2018 it will be funded through ESSA, which requires that specific rules, regulations, and requirements be met.

Metric(s)

An Instructional Coach is assigned to each novice teacher for a two-year period to provide mentoring which may include assistance with planning and delivery of instruction, classroom management, assessment, and parent communication. Participating private schools have used their funding for Responsive Classroom and Singapore Math trainings as well as NSTA and NCTM conferences.

3205 - PRE-SCHOOL SPECIAL ED.

Mission

The mission of the Pre-School Special Education Fund is to provide supplemental support for the existing pre-school programs that serve students eligible for special education services. The Pre-School Special Education Grant is a 15-month federal grant that runs from July 1 through September 30. This grant supports educational programming for pre-school special education students between the ages of two and five. Special education services provided through this grant include funding for part-time teaching assistants to serve pre-school students during the regular school year.

Description

The Pre-School Special Education Fund is responsible for the following major programs and/or services:

- Specialized instruction for children with disabilities ages 2-5.

Resource Allocation

Preschool: The drivers are available resources allocated to us by the Virginia Department of Education and the small amount of staffing we utilize to support out preschool program.

Challenges

Although Federal and State leaders have all agreed that early childhood education is critical, the funding received through this grant has not increased over the last several years while the costs to run the programs and the number of children served have risen.

Metric(s)

- 100% of the students that require preschool special education services have been served through existing programs that have been supported through this funding stream.

3207 - CARL PERKINS GRANT

Mission

The mission of the Carl Perkins Grant is support relevant, challenging academic and technical education (CTE) courses where students acquire knowledge and learn relevant technical applications of current and emerging careers while preparing for postsecondary studies and employment. The CTE curricula are focused around six program-specific areas: business and information technology, family and consumer sciences, health and medical sciences, marketing, technology education and engineering, and trade and industrial. Standard CTE course offerings are available in all middle and high schools. Advanced coursework and programs are also available through the three high school academies and dual enrollment coursework.

Description

The Carl Perkins Grant provides support for the following major programs and services:

- Business and Information Technology
- Marketing Education
- Technology Education
- Health and Medical Sciences
- Family and Consumer Science
- Trade and Industrial Education
- Career Connections
- Career Pathways

The Vocational Education department implements outreach strategies designed to give students and teachers experiences in the field, as well as bring professionals into the classroom, through events like StartupWeekend EDU, Charlottesville Maker Faire, and the Tom Tom Founders Festival. The department also forms partnerships with UVA, PVCC, MIT, Battelle, and local businesses. This fund also provides supplemental support to the Carl D. Perkins grant to modernize equipment and learning spaces to reflect workplace environments, professional development opportunities for teachers, and curriculum development and assessment that represents growth along course and program competencies.

Another function of this program is to provide secondary CTE teacher and student outreach to elementary schools to facilitate design-engineer-build experiences using the tools and skills of career and technical education programs. Vocational Education collaborates with DART and the Department of Instruction for integrated support that will enhance Science, Technology, Engineering, Math (STEM) learning, through extracurricular robotics programs, advanced manufacturing technologies across content areas, and more. Vocational Education also supports the division's strategic plan through CTE components of the new Environmental Studies Academy (ESA) and ongoing support for existing academies, SPED, and ESOL programs, and ensures program compliance through mandated state and federal monitoring and reporting.

Resource Allocation

Vocational Education: This budget includes no FTEs, however it does include a small stipend account to collect end-of-year mandated state data and operational funds to support resources needed by staff for CTE activities. The activities include Professional Development, teaching resources, equipment modernization for CTE programs in all secondary schools

Challenges

There is a critical shortage of teachers certified to teach career and technical education courses. This creates a challenge to offer mandated CTE in middle and high schools. Further reductions have made it difficult to offer all CTE program areas at the middle and high schools. Due to double-blocking core content classes at the middle school level, the exploratory CTE experience is only available to a limited number of students. Funding reductions make it difficult to purchase updated software and support the industry certification/credentialing exams. Grant funds may only be used for certain portions of the CTE program, challenging the county to fund the remainder. Perkins Grant funds are also being reduced year to year and must be shared among other community organizations such as CATEC.

Metric(s)

- 4,822 middle and high school students were enrolled in a CTE course during the 2014-2015 school year, up from 4,285 in 2013-2014 and 3,687 in 2012-2013

3212 - SPECIAL EDUCATION JAIL PROGRAM

Mission

The mission of the Special Education Jail Program is to provide special education and related services to all eligible students incarcerated in the Charlottesville-Albemarle Regional Jail. The Individuals with Disabilities Education Act mandates that special education and related services be provided to all eligible students, including those who are incarcerated. Albemarle County Public Schools will provide special education services to eligible inmates housed in the Albemarle-Charlottesville Regional Jail. The Virginia Department of Education will reimburse the School Division for the costs associated with these services. This grant provides special education services to all eligible students aged 18 through 21.

Description

The Special Education Jail Program is responsible for the following major programs and/or services:

- Provision of special education services to all eligible inmates

Resource Allocation

SPED: An increase is requested in this fund to cover increases in salary and benefits for staff.

Challenges

It is critical that the State maintain its commitment to funding this program. If this grant was not available, the locality would be responsible for these services. Continued support of the program by the Virginia Department of Education is expected.

Metric(s)

- All eligible inmates are provided a free and appropriate public education in the jail setting.

3215 - TITLE III

3215 - TITLE III

Mission

The mission of the Title III Fund is to develop the rich cultural, economic, and intellectual resources our emergent bilingual students bring to the community. The program fulfills this mission by providing a rigorous curriculum, engaging pedagogy, and family partnerships to facilitate students' academic, civic, and economic success.

Description

The Title III Fund is responsible for the following major programs and/or services:

- Parent Engagement Program
- Data Analysis on EL Student Achievement
- Professional Development for Teachers
- EL Family Liaisons
- Tutors for EL Students

In 2017-2018, Title III will be funded through the Every Student Succeeds Act, passed in December of 2015, which will require that specific rules, regulations, and requirements be met. The legislation requires that all English-Language (EL) students become proficient in English and reach high academic standards, including, at a minimum, attaining proficiency in reading/language.

Resource Allocation

ESOL: Title III resources support staff tracking and analysis of student achievement data in order to allow for proper placement and monitoring of students in instructional programs. These funds also support 30% of a coaching position at elementary schools with high numbers of emergent bilingual students as well as 50% of a position for improving parent engagement among linguistically diverse families in the division. Finally, Title III funds provide tutoring for ESOL students and professional development for classroom and ESOL teachers working with linguistically diverse students.

Challenges

Albemarle County must achieve equity in educational opportunity for emergent bilingual students and meet the state Annual Measurable Objectives (AMOs) for English proficiency and progress as well as proficiency in reading and math for students who continue to learn English as an additional language.

Metric(s)

- Last year the ESOL program met its federal annual measurable objective for graduation of ESOL students, with 83% graduating on time, compared to the state average of 67.5%.
- Last year the ESOL program exited nearly 130 students from additional ESOL support based on these students' high proficiency in English and academic success in the classroom.

3221 - EL CIVICS PARTNERSHIP PROJECT

3221 - EL CIVICS PARTNERSHIP PROJECT

Mission

The mission of the EL Civics Partnership Project is to incorporate civics education into adult English for Speakers of Other Languages (ESOL) classes where many participants are parents of Albemarle County students. Parents participating in their own educational pursuits, especially within a Family Literacy setting, positively affects their children's learning.

Description

The EL Civics Partnership Project is responsible for the following major programs and/or services:

- Intensive Civics Education units
- Academic Skills classes
- Citizenship Preparation
- Technology training for ESOL students
- Distance learning modules
- Civics for Adult ESOL Learners DVDs

The State requires a 15 percent local match on this grant. In-kind funds will be required in addition to the transfer of \$16,500 from Federal Programs Fund 2113 to reach the required match.

Resource Allocation

Regular Education: Salaries for teachers providing direct service is paramount.

Challenges

New federal mandates requiring stricter recordkeeping at the local level may impact numbers of students served in order to maintain high quality and performance. New requirements mandated include much more emphasis on training students to obtain higher paying jobs and/or preparing them to enter higher education.

Metric(s)

The EL Civics grant is on target to meet all the goals for 2016-2017. Approximately 170 students will be served.

3225 – INVESTING IN INNOVATION

Mission

The mission of the Investing in Innovation Grant is to provide a test bed for the reconceptualization of science and engineering education through emergent advanced manufacturing technologies. It is a natural progression from the growing emphasis in education on the “maker curriculum” in elementary, middle, and high schools.

Description

The Investing in Innovation Grant has the following objectives:

- Develop Smithsonian Invention Kits and pilot the Laboratory School for Advanced Manufacturing. Replicate use in other school districts prior to national dissemination
- Develop methods for assessing learning outcomes corresponding to science and engineering instructional objectives
- Create a regional professional development network
- Create an engineering/advanced manufacturing/design curricular pathway for high school students that is aligned with college and career readiness

This approach emphasizes project-based learning, in which students develop their creativity and critical analysis skills, as well as their ability to work in teams and communicate their findings. Albemarle County Public Schools is the lead agency in a consortium that received a \$3 million Investing in Innovation (i3) grant from the U.S. Department of Education: "Advanced Manufacturing as a Driver of Cross-Curricular Change." Other members of team include Charlottesville City and Fluvanna County Public Schools, the University of Virginia, Princeton University, and the Smithsonian Institute.

Resource Allocation

Vocational Education

Challenges

Resources to scale the work across ACPS schools not listed in the grant will be a significant challenge. Professional development, tools and equipment, materials, and fabrication lab facility upgrades will come from other sources. As fiscal agent, administration of a multi-partner project is also a challenge.

Metric(s)

Per i3 requirements, American Institutes for Research (AIR) will conduct a rigorous external evaluation of the project. This evaluation will assess (a) the fidelity of implementation, as well as the facilitating factors and challenges to implementation, and (b) the impact of the program on student academic outcomes.

3300 - COMMUNITY EDUCATION

Mission

The mission of the Community Education Fund is to provide quality attention, thoughtful guidance, authentic experiences and engaging activities to enhance and expand the learning of Albemarle County students in an extended-day learning program.

Description

The Community Education Fund is responsible for the following major programs and/or services:

- After-school Enrichment Program
- Student holiday/Spring Break Programs

In an effort to engage and challenge our students, we focus on what it means to have a rich, full life. Programs participate in county-wide units and regional events in addition to maintaining individual school autonomy that allows the staff to share their individual talents, skills, and interests, which, in turn, stimulates student curiosity, fosters creativity, and encourages exploration.

Staff development emphasizes guiding, engaging, and exciting our students in energizing, unique, and relevant ways with a specific focus on STEAM--Science, Technology, Engineering, Art, and Math in addition to equity and diversity and technology offerings. New staff members receive a full week EDEP teacher training and orientation in addition to ongoing professional development opportunities for new and veteran staff.

In addition to an EDEP Supervisor, who works with multiple programs, there are two (2) full-time Site Facilitators (Brownsville and Cale) for the largest programs. The remaining site facilitators are part-time, working 5.5 – 6 hours per day. EDEP teachers work 4 hours per day, and assistants work 3 – 4 hours per day.

Resource Allocation

EDEP: The majority of EDEP funds are allocated to staffing the programs, providing resources and materials (including educational and recreational supplies, and daily snacks), and professional development. Additional Virginia Department of Social Services requirements also result in increased professional development and administrative expense.

Challenges

There are a number of new challenges as the oversight of the program has moved from the Virginia Department of Education to the Virginia Department of Social Services (VDSS). The additional VDSS policies regarding staff to student ratios, student supervision, and the maintenance and oversight of the physical environment significantly impact enrichment offerings, pupil-to-teacher ratios, and, ultimately, revenue—necessitating additional staff members for fewer students and, thus, increased expense.

In previous years, staffing these programs has been the most significant challenge; however, with the introduction of the new regulations/staff qualifications, this year it has become exponentially more difficult. In short, the inconsistencies with the regulations, policies, and procedures of the school day make the day-to-day management/operation of the EDEP significantly more complicated and problematic.

As more is required of EDEP staff to meet the basic requirements, to provide genuine enrichment, and to offer instructional support, compensation must be adjusted to remain competitive with other job markets seeking employees with similar skills and offering full-time positions. Likewise, the ability to secure qualified substitutes is even more challenging. The substantial increase in costs make it increasingly difficult to maintain a cost-effective, fiscally responsible program while concurrently remaining parent-friendly.

Given the added demands and increased costs of operation, we are proposing the following rate increase for the 2017-2018 school year:

Option	Current Rate	Proposed Rate
<i>20-Day Rate</i>	\$210.00	\$230.00
<i>16-Day Rate</i>	\$185.00	\$205.00
<i>12-Day Rate</i>	\$150.00	\$168.00
<i>8-Day Rate</i>	\$110.00	\$125.00
<i>4-Day Rate</i>	\$65.00	\$75.00
<i>Premium Days</i>	\$25.00	\$25.00
<i>Student Holiday</i>	\$40.00	\$50.00

3300 - COMMUNITY EDUCATION

Metric(s)

- There are currently 1,100 elementary students from 15 elementary schools registered for the EDEP. Average daily attendance ranges from 20 students per day in our smallest program to 120 per day in our largest for a division total average daily of attendance of 720 students.
- In an effort to meet the diverse needs of our community, qualifying families may receive a 25 or 50% reduction in tuition. At present, ten (10) students have reduced tuition. The United Way funds one (1) student. Additionally, the Virginia Department of Social Services provides EDEP services to 34 children.

This page is intentionally left blank.

3304 - FAMILIES IN CRISIS GRANT

Mission

The mission of the Families in Crisis Grant is to provide an effective structure to meet the needs of homeless students whose families are in crisis, ensuring they receive equitable access to division services.

Description

The Families in Crisis Grant is responsible for the following major programs and/or services:

- Tutoring
- Assistance with school registration
- Transportation to the school of origin
- Collaboration with service agencies
- Counseling
- Home/School coordination

This grant is funded under the McKinney-Vento Homeless Education Assistance Act, Subtitle VII-B reauthorized December 10, 2015 by Title IX, Part A of the Every Student Succeeds Act. Eligible students are identified and served through a systematic program of training and awareness of the rights and needs of homeless students. Transportation is quickly arranged when needed.

Resource Allocation

Regular Education: Salaries for direct service to students and families is paramount.

Challenges

The number of children in Albemarle County experiencing homelessness is high due to the rising cost of living in our area. More and more families are losing their homes to eviction and foreclosure. Single parent families struggle to afford rent and basic necessities. Families struggle to make temporary plans and often move from place to place, or the families are forced to split up among friends and relatives. Families are forced to rent rooms in apartments or trailers instead of having an apartment or trailer of their own. Collaboration with existing resources and a comprehensive referral service assure that students and their families know about and are able to take advantage of the available services, but funding is stretched to the limit. It is difficult to balance identification of new students experiencing homelessness with providing services for those already identified. Private and non-educational federal funds must be continually raised to meet even the basic growing needs of our homeless students so that they might succeed in school during times of extreme stress in their families' lives. New rules and regulations became effective October 1, 2016 that must be implemented requiring more services to be provided and professional development of all staff.

Metric(s)

Three hundred and eighty homeless children were identified and served during the 2015-16 school year. Two hundred and thirty-four of these children were enrolled in Albemarle County Schools.

One hundred percent of our homeless 12th graders graduated at the end of the year.

HUD funding was secured to provide additional services for the fourth year in a row.

3305 - DRIVERS SAFETY FUND

Revenues

3305 - DRIVERS SAFETY FUND

Mission

The mission of the Drivers Safety Fund is to offer drivers education behind-the-wheel and motorcycle safety programs operating on a fee-for-service basis.

Description

The Drivers Safety Fund is responsible for the following major programs and/or services:

- Drivers Ed at Albemarle High
- Drivers Ed at Monticello High
- Drivers Ed at Western Albemarle High
- Motorcycle Rider Training course

To assure student safety, older vehicle inventory must be replaced by newer models as is cost-effective and within budgetary constraints.

Challenges

State support of both Driver Education and Motorcycle Safety has been cut. For Driver Education, the State Reimbursement for the 2015-16 school year was reduced to \$33.90—a nearly 50% decrease from the 2013-14 school year. The State grant for Motorcycle Safety was cut by nearly 6% to \$34,000.

Retirements and lack of trained instructors are statewide challenges for both programs.

A reduction in regulation has increased the number of commercial schools competing to provide in-car driver education to our students for lower costs.

Metric(s)

- First year driver crash rates have remained below state average—3.8%
- 381 students received behind the wheel instruction, with 401 parents attending Parent Seminar for Teen Drivers.
- 37 Motorcycle Safety classes were held with 353 participants.

3306 - OPEN DOORS FUND

3306 - OPEN DOORS FUND

Mission

The mission of the Open Doors Fund is to provide continuing education for approximately 3,000 community participants through a diverse range of tuition courses offered throughout the year, designed to foster lifelong learning skills.

Description

The Open Doors Fund is responsible for the following major programs and/or services:

- Continuing Education courses
- Coordination with Adult Ed Program to provide support for ESOL/GED classes
- Coordination of building use for Albemarle High School

The Open Doors fund, managed by the Coordinator of Community Education under the Community Engagement department, allows course offerings to be aligned with other community outreach efforts to leverage effectiveness.

The Open Doors publication schedule is coordinated with the Charlottesville-Albemarle Technical Education Center (CATEC) and the Albemarle County Parks and Recreation Department.

Resource Allocation

Regular Education: Retirement of a long-time staffer, increased utilization of online resources for advertising, and a new credit card processing vendor have led to a reduction of costs associated with this program, while allowing us to continue to offer a wide range of classes with excellent instructors.

Challenges

There are no state/federal mandates, funding reductions, cost increases, Board direction, or other challenges that may impact future work/success in meeting strategic goals.

Metric(s)

- 309 Classes were held in FY 15, and attended by 2,095 students. This excludes 8 classrooms of ESOL/GED classes attended by students of TJACE and Albemarle Adult Education.

3310 - SUMMER SCHOOL FUND

3310 - SUMMER SCHOOL FUND

Mission

The mission of the Summer School Fund is to offer summer programs to students in grades K-8 who fail to meet academic standards in the areas of language arts or mathematics, and to high school students in grades 9-12 (with payment of fees) who either want to replace a grade earned during the regular school session or earn required credits for graduation.

Description

The Summer School Fund is responsible for the following major programs and/or services:

- Elementary remedial summer school
- Summer enrichment programs
- Middle remedial summer school
- High school summer school
- SOL retake

Partial funding for academic remediation programs comes through State reimbursement per eligible student and designated School Division funds for summer programs. These combined State and Division funds provide for teacher salaries, materials, and transportation to summer program sites.

Resource Allocation

Regular Education: Salaries for teachers providing direct service to identified students is the first priority.

SPED: Salaries for teachers providing direct service to identified students is paramount.

Challenges

State money is dependent on the number of students enrolled across the state and is reimbursed only after the service is provided. The state may reimburse the full allotted amount or a lesser amount. State funding is formula-driven, with Albemarle County receiving approximately \$130 per student for participants last year. The division has been able to provide the necessary programs; however, if the state significantly reduces the percentage of reimbursement, other programs will be reduced during the school year to recapture the lost funding from the state. With loss of funding, all aspects of summer school will need to be reviewed and evaluated to determine priorities.

Metric(s)

- Approximately 1,025 elementary and middle school students received reading and/or math instruction in summer school last year.
- Approximately 240 high school students participated in summer school courses.

3501 - McINTIRE TRUST FUND

3501 - McINTIRE TRUST FUND

Mission

The mission of the McIntire Trust Fund is to award two county high school graduates at each of the comprehensive high schools, one boy and one girl, based upon their outstanding character and scholarship, with a medal and cash award, and to also award middle and high schools for the social and cultural development of their students.

Description

The McIntire Trust Fund is responsible for the following major programs and/or services:

- Medal and cash award to two students
- Income allotted to middle/high schools

Resource Allocation

Regular Education: These resources are defined in state code and are required to be delivered.

Challenges

There are no state/federal mandates, funding reductions, cost increases, Board direction, or other challenges that may impact future work/success in meeting strategic goals.

Metric(s)

- Two middle school students receive cash awards each school year.
- Middle and high schools receive operational funds with the support of this program as required by the bequest.

3502 - FOUNDATION FOR EXCELLENCE

Mission

The mission of the Foundation for Excellence Fund is to award teachers of all grade levels and subject areas with funds to support individual projects through an annual grant process.

Description

The Foundation for Excellence Fund is responsible for the following major programs and/or services:

- Individual teacher projects.

Teachers at all schools can submit grant proposals to the Edgar and Eleanor Shannon Foundation for Excellence in Public Education.

Resource Allocation

Regular Education: Individual plans for grants are submitted by teachers for innovative work in the classroom.

Challenges

There are no state/federal mandates, funding reductions, cost increases, Board direction, or other challenges that may impact future work/success in meeting strategic goals.

Metric(s)

- 17 teachers across the division received Shannon grant funds to be used in the 2015-16 school year.

3907 - COMPUTER EQUIPMENT REPLACEMENT

Mission

The mission of the Computer Equipment Replacement Fund is to provide students and staff reliable access to technology and support its use in meaningful ways.

Description

The Computer Equipment Replacement Fund is responsible for the following major programs and/or

- Computer Replacements for teachers and staff
- Specialty Computers and Labs
- Audio/Visual Systems
- Classroom Technologies
- Hardware Repair and Maintenance on school based systems

Teachers are energetically developing engaging technology-rich instructional lessons, communicating electronically with staff, students and parents, utilizing information systems, maintaining digital-grade books, developing and utilizing electronic assessment systems, and using a variety of web-based application tools to enhance student achievement. This budget initiative supports the ability for the department to meet the needs identified in the division's Technology Plan.

The Department of Accountability, Research, and Technology is dedicated to supporting the use of technology as a powerful instructional tool to enable students and staff to become life-long learners and productive members of our global community.

Resource Allocation

Regular Education: A fixed allocation of funds is annually transferred into this fund to provide for the regular replacement and repair of equipment and tools utilized in our schools.

Challenges

Albemarle County Public Schools must provide access and education in the use of the emerging technologies of the Information Age. Schools in Albemarle County should be places where technology is integrated into all aspects of curriculum, instruction, assessment, and school management. Technology should be used to extend and enrich learning opportunities for all students and meet the needs of staff for timely and efficient access to information management and transfer.

As the division implements new technologies for improving teaching and learning systems, as well as instructional management systems, increased funding will be required to meet growing expectations of computer access and replacement.

Metric(s)

- Teachers attended 4,474 sessions this year regarding technology. All 1,250 teachers participated. All elementary teachers attended 1 or more while all secondary teachers attended at least 2 or more sessions that promoted the integration of technology.
- The total number of drive documents created since August 1 (this includes sheets, documents, presentations, etc.) is 153,298.

3909 - TEXTBOOK REPLACEMENT

Mission

The mission of the Textbook Replacement Fund is to provide teaching staff with necessary and contemporary learning resources that support implementation of Curriculum Framework, planning, instruction and assessment systems that promote student learning and close the achievement gap as well as prepare all students to be college and workforce ready when they graduate. Funds that remain at the end of the fiscal year will be used to purchase learning resources and textbooks for students and teachers.

Description

The Textbook Replacement Fund is responsible for the following major programs and/or services:

- Learning resources/textbooks for school needs
- Learning resources/textbook adoptions in core content
- Digital learning resources
- Online database subscriptions

This funding also supports the textbook replacement cycle and school-based textbook learning resources allocations. As more curriculum and learning resources become available through the internet, teachers will need the tools necessary to fully access this material.

As a self-sustaining fund, Learning Resources/Textbook fund provides efficient and effective fiscal planning consistent with the Learning Resources/Textbook adoption cycle. A comprehensive adoption cycle has been planned based on the state's SOL Curriculum revision cycle and previous Learning Resources/Textbook adoption cycles. During a year in which an adoption is light, remaining monies move forward to the next fiscal year to accommodate a more demanding adoption

Resource Allocation

Regular Education: A specific amount is provided to this fund to meet the material needs for learning resource replacement and maintenance.

Challenges

The first challenge of this fund is to find the balance and begin the transition between traditional textbook resources and electronic and on-line resources. While these traditional materials are well designed, in most cases, and support literacy across the content areas and instructional strategies, the electronic resources create opportunities for students to access enormous amounts of information and have access to the world.

The second challenge is identifying quality resources that are engaging and will support division standards and goals.

A final challenge is providing access to all students. We must ensure that any move to electronic resources provides that all students will have adequate access.

Metrics

- Number of new resources approved or adopted at the Division-level:

2012-13 - 10

2013-14 - 17

2014-15 (to date) – 6

- Number of digital subscriptions funded by TEXTBOOK FUND:

2012-13 - 37

2013-14 - 35

2014-15 – 30

The decrease is due to increases in cost and discontinuation of specific resources based on usage.

3910 - INTERNAL SERVICE- VEH. MAINT.

Mission

The mission of the Internal Service - Vehicle Maintenance Fund is to reflect the cost of repairing vehicles not operated by the school division and provide the school division with some revenue stream associated with these repairs.

Description

The Internal Service - Vehicle Maintenance Fund is responsible for the following major programs and/or services:

- Government Vehicle Repair
- Fuel Purchasing

This fund is used as a means to capture costs that are not associated with the operation of our bus operations and facilities fleets. Local fire, rescue, police, and other qualifying organizations utilize these resources.

Resource Allocation

Transportation Vehicle Maintenance: Funding is provided by users of these services to compensate for parts, fuel, and utilized lubricants. Substantial variation in expenses are possible due to the volatility of fuel prices, however all fuel used from this account is offset by payments from non-school transportation sources.

Challenges

In the long term, fees associated with this operation will need to increase to reflect actual costs.

Metric(s)

- 204 local government vehicles received repairs or service by this fund last year.
- 433 preventative maintenance and general repair work orders were fulfilled during the last year.

3913 – FEDERAL REVENUE CONTINGENCY

Mission

These funds are set aside to potentially address substantive shortfalls in federal grants and entitlement programs. Such shortfalls may include sequestration reductions, programmatic reductions, or any other reductions that may occur in the current or future years. Significant funding and program uncertainty is anticipated for FY 17/18 and near-term budget years.
