

## **Early Childhood Center (ECC)**

### **ECC Item Pick-Up:**

On Tuesday, May 26th, we will be allowing families to pick up items from the Early Childhood Center that students still have at school. Most students don't have much in the building but an extra change of clothes, diapers and wipes if needed, and possibly some artwork. If your child is returning to preschool next year and you'd prefer to leave these items at school until buildings reopen, that will be allowed, but please let your child's teacher know. Anything that is not picked up for returning preschool students will be left in a labeled bag in the student's cubbie and the items will not be disturbed over the summer.

**For families who will be picking up items from the ECC, please come pick these items up during the following times on the 26th:**

**9:00-10:00 Ms. Koldon and Ms. Taylor's classes**

**10:00-11:00 Ms. Shannon's classes**

**11:00-12:00 Ms. Katie classes**

***\*If you are unable to come during the designated times on the 26th, please let your child's teacher or Ms. Aubry know and we can make other arrangements for you.***

Cars will be asked to follow the same procedure as arrival and dismissal. Please pull up along the side of the building and we will be distributing items from there. For the safety of everyone, families will not be allowed out of cars during this time. Staff will be there to wave and wish students and families a happy summer from a safe distance.

I do want you to be aware that any staff member distributing items will be wearing a mask and gloves. If your child is coming with you to pick up items, please tell them this ahead of time so this isn't a shock to them when they see us. We don't want them to be afraid as we will look different from the way they are used to seeing us at school. Please let them know that we are wearing these items to keep everyone safe and to try to protect everyone from germs, but we are the same people underneath. There is a social story on the website about people wearing masks that is linked below if you'd like to review it with your child. We are also working on one specific to our building that will come out to you next week.
